

If claimants seeking a small miner waiver for the upcoming year will not be able to conduct the mineral development work and file the waiver certification prior to August 31 because of the NPS's need to conduct a validity examination, such claimants may apply to BLM for a deferment of assessment work. As part of the application, claimants must present a letter to the BLM from the NPS as a testament to their having submitted to NPS a complete plan of operations before August 31. Specifically, the letter from the NPS must state the following: (1) the NPS finds the claimant's plan of operations complete, (2) the NPS cannot act on the plan until the NPS conducts a validity examination of the claim, and (3) the NPS anticipates completing the validity examination after August 31.

The decision of whether to grant a deferment of assessment work rests with the BLM, not the NPS. Claimants wishing to obtain more information regarding the application requirements for a deferment and criteria for granting deferments should contact the proper BLM State office.

III. Avoid Doubt by Paying the Maintenance Fee

NPS urges all claimants who hold mining claims, mill sites, or tunnel sites on National Park System lands and who wish to apply for the small miner waiver from the annual maintenance fee to carefully review and thoroughly comply with the BLM and NPS regulations explained in this Notice and contained in the CFR cites listed in this Notice. Claimants interested in waiving the fee are urged to begin the process early by reviewing the NPS requirements for a plan of operations and submitting a complete plan of operations to the appropriate NPS park superintendent as soon as possible.

Claimants who have any doubts that BLM will consider them eligible for the small miner waiver, or who, for any reason, are unable to complete the steps described in this Notice or in the BLM regulations on or before each August 31, are advised to pay the annual maintenance fee for each mining claim, mill site, or tunnel site. Otherwise, such claimants risk forfeiting the mining claims, mill sites, or tunnel sites.

Dated: December 12, 1995.

John Reynolds,

Acting Director, National Park Service.
