#### 10. KenAmerican Resources, Inc.

[Docket No. M-96-22-C]

KenAmerican Resources, Inc., 7590 State Highway 181, Central City, Kentucky 42330 has filed a petition to modify the application of 30 CFR 75.380(g) (escapeways; bituminous and lignite mines) to its Paradise No. 11 Mine (I.D. No. 15-17606) located in Muhlenberg County, Kentucky. The petitioner proposes to use a two phase initial development stage outlined in this petition during and until completion of the initial development stage for its No. 9 Slope. The petitioner states that the initial development stage is the normal course of mining in the No. 9 seam from the time of commencement of mining until connection to the airshaft and to be completed when the connection is made to the airshaft. The petitioner specifically requests modification of the standard so that the primary escapeway for the No. 9 slope would not be required to be separated from the belt entries until completion of the initial development stage. The petitioner is currently operating in the No. 11 seam with the No. 9 seam approximately 100 feet below and construction of a slope into the No. 9 seam commenced on the surface. The petitioner intends to maintain works in the No. 11 seam on an active status and to shift operations to the No. 9 seam when the (No. 9 slope) is completed. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as would the mandatory standard.
