

from Gentile Air Force Base, Dayton, OH, to the DLA complex at Fort Belvoir, VA.

- Relocate the Defense Distribution Depot missions that remain after the disestablishment of the depots at Charleston, SC; Oakland, CA; Pensacola, FL; and Tooele, UT, to the following receiving Defense Distribution Depots: Jacksonville, FL; San Joaquin, CA; San Diego, CA; Red River, TX; Norfolk, VA; Sesquehanna, PA; Barstow, CA; Puget Sound, WA; Cherry Point, NC, and Military services depot/supply activities at the Navy Trident Refit Facility, Kings Bay, GA; Naval Aviation Depot, North Island, San Diego, CA; and Sierra Army Depot, Herlong, CA, using existing facilities and materiel storage and procession capacity.

- Close the Defense Clothing Factory, Philadelphia, PA, and reassign the flag manufacturing mission, consisting of 21 personnel, to the Defense Personnel Support Center, already located on the same site.

- Disestablish the Defense Fuel Support Point, Escanaba, MI, and return the facility to the U.S. Air Force for disposal.

- Close 13 Defense Reutilization and Marketing Offices (DRMOs) located on closing military installations and relocate residual missions to the enduring DRMOs. Dispose of surplus and hazardous property by reutilization, transfer, donation, sale, or ultimate disposal (disposal service contract) prior to the DRMO relocation or disestablishment.

The only alternatives considered were the proposed action, which was the preferred alternative, and the no action alternative. No other alternatives were considered reasonable because of their inability to satisfy BRAC Commission directives or DLA mission requirements. Any other alternative would entail extensive renovation of existing facilities, leasing of off-base facilities, and/or construction of new facilities. Additionally, customer support would be diminished and costs to conduct business would be substantially increased.

The environmental assessment showed that implementing the proposed action would result in only minimal or no environmental or socioeconomic impact. A small but positive would be realized through a net reduction in DLA's consumption of natural resources, thereby lessening negative environmental effects associated with routine support of Armed Forces activities. Analysis of the consequences of the proposed action at the program level does not indicate the need for mitigation measures. Accordingly, an

Environmental Impact Statement will not be prepared.

A public comment period regarding the environmental assessment will begin at the time of publication of this notice and will conclude 30 days following. Copies of the environmental assessment are available for inspection at the address listed above. Interested parties may contact the DLA Public Affairs Office at (703) 767-6200.

Dated: April 24, 1996.

Staff Director (Environmental and Safety Policy).
