Chapter 35, as amended).

The Notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

*Title of Proposal:* Mortgage Record Change.

*OMB Control Number:* 2502-0422.

*Description of the need for the information and proposed use:* The Mortgage Record Change Form HUD-92080 is used by mortgagees to comply with HUD requirements for reporting the sale of mortgage between investors, 24.4031, and/or transfer of the mortgage servicing responsibility, 24 CFR 203.502, as appropriate.

The information required is used to update HUD's Single Family Insurance System and other related systems. Current data is necessary to establish mortgage premium liability, forward annual premium mortgage data to the appropriate mortgagee/servicer, and maintain premium receivable and program data regarding investors/servicer activity. Without the required data the premium collection/monitoring function would be severely impeded and program data would be unreliable. Annual expected amount due Regular Monthly Insurance Premiums (Section 530) is 3.23 billion and 1.85 billion for Risk-base premium. This information is essential for the Risk-base program, as HUD does case level accounting in recording premiums payments by mortgagees.

*Agency form numbers:* HUD-92080.

*Members of affected public:* Mortgagees.

An estimate of the total numbers of hours needed to prepare the information collection is 222,600 (burden of one tenth hour per response based on actual time required to complete form), the number of respondents is approximately 9,100, frequency of response is daily as required, and the volume of response per respondent 20-20,000 annually depending on size of their FHA portfolio.

*Status of the proposed information collection:* Extension of a currently approved collection.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: April 29, 1996.

Stephanie A. Smith,  
Acting General Deputy, A/S Secretary for
