[Order No. 817]

Grant of Authority for Subzone Status; Custom Manufacturing Services, Lucent Technologies Inc. (Telecommunications and Computer Equipment) Whitsett, North Carolina

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, by an Act of Congress approved June 18, 1934, an Act "To provide for the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," as amended (19 U.S.C. 81a-81u) (the Act), the Foreign-Trade Zones Board (the Board) is authorized to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved;

Whereas, an application from the Triangle J Council of Governments, grantee of Foreign-Trade Zone 93, for authority to establish special-purpose subzone status at the telecommunications and computer equipment manufacturing facility of the Custom Manufacturing Services unit of Lucent Technologies Inc., in Whitsett, North Carolina, was filed by the Board on March 27, 1995, and notice inviting public comment was given in the Federal Register (FTZ Docket 9-95, 60 FR 17052, 4-4-95); and,

Whereas, the Board adopts the findings and recommendations of the examiner's reports, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby authorizes the establishment of a subzone (Subzone 93E) at the plant of Custom Manufacturing Services, Lucent Technologies Inc., in Whitsett, North Carolina, at the location described in the application, subject to the FTZ Act and the Board's regulations, including § 400.28.

[Docket 36-96]

Foreign-Trade Zone 7—Mayaguez, PR; Application for Subzone Status, Mani Can Corporation Facilities, (Steel Cans), Mayaguez, Puerto Rico

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Puerto Rico Industrial Development Company, grantee of FTZ 7, requesting special-purpose subzone status for the easy-open steel can processing facilities of Mani Can Corporation (MCC) (a wholly-owned affiliate of Star-Kist Foods, Inc., in turn wholly owned by the H. J. Heinz Company), located in Mayaguez, Puerto Rico. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended

(19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on May 7, 1996.

The proposed subzone would consist of MCC's two steel can processing facilities located within the Industrial Port Urbanization area of the City of Mayaguez: Site 1 (120,000 sq.ft. on 10 acres)—located on Lots 9, 10, 11, and 12 at Street No. 3 and the Mani-Sabanetas Highway; and, Site 2 (104,000 sq.ft.) within a building located at Gonzalez Clemente Avenue and Street No. 3, some 475 meters east of Site 1. The facilities (150 employees) are used to fabricate cans and related can parts (sheets, easy-open ends, sanitary ends) used for food products (e.g., tuna fish, pet food). The production process involves cutting steel coils, pressing, enamel coating, and packaging. Some 70 percent of the steel coils would be purchased from abroad, including tin free steel (HTSUS #7210.50; duty rate-4.6%) and electro-tin plated steel (HTSUS #7210.11; 2.8%). The finished cans and parts are mostly sold to Heinz-affiliated canning plants in Puerto Rico, California, Kansas, and Pennsylvania.

Zone procedures would exempt MCC from Customs duty payments on the foreign steel used in the export production. On its domestic sales, the company would be able to choose the duty rates that apply to the finished cans (duty free) and can ends (4.7%) for the foreign steel inputs noted above. Zone procedures would also exempt certain foreign steel that becomes scrap during the production process (about 10%) from Customs duties. The application indicates that subzone status would help improve the international competitiveness of the MCC plant as well as other Heinz-affiliated domestic canning facilities.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 15, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to July 29, 1996).

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:
