Determination Not To Revoke Countervailing Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of determination not to revoke countervailing duty orders.

SUMMARY: The Department of Commerce (the Department) is notifying the public of its determination not to revoke the countervailing duty orders listed below.

EFFECTIVE DATE: May 29, 1996.

FOR FURTHER INFORMATION CONTACT: Brian Albright or Cameron Cardozo, Office of Countervailing Compliance, Import Administration, International Trade Administration, U.S. Department

of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2786.

SUPPLEMENTARY INFORMATION:

Background

On February 28, 1996, the Department published in the Federal Register (61 FR 7475) its intent to revoke the countervailing duty orders listed below. Under 19 CFR 355.25(d)(4)(iii), the Secretary of Commerce will conclude that an order is no longer of interest to interested parties and will revoke the order if no domestic interested party (as defined in sections 355.2(i)(3), (i)(4), (i)(5), and (i)(6) of the regulations) objects to revocation and no interested party requests an administrative review by the last day of the 5th anniversary month.

Within the specified time frame, we received from a domestic interested party either an objection to our intent to revoke, or a request for administrative review, for each of these countervailing duty orders. Therefore, because the requirements of 19 CFR 355.25(d)(4)(iii) have not been met, we will not revoke these orders.

This determination is in accordance with 19 CFR 355.25(d)(4).

Approval of Withdrawal of Eighteen Federal Information Processing Standards

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The purpose of this notice is to announce that the Secretary of Commerce has approved the withdrawal of eighteen Federal Information Processing Standards (FIPS).

On August 22, 1995, notice was published in the Federal Register (60 FR 43586-43587) proposing withdrawal of eighteen Federal Information Processing Standards (FIPS). These FIPS adopt voluntary industry standards for Federal government use. In some cases, the FIPS documents have not been updated to reference current or revised voluntary industry standards. In other cases, commercial products implementing the voluntary industry standards, such as punched cards, paper tape, optical character recognition equipment, and microfilm readers, are widely available; as a result, it is no longer necessary for the government to mandate standards in these areas.

Withdrawal means that the FIPS will no longer be part of a subscription series that is provided by the National Technical Information Service, and that NIST will no longer be able to support the standards by answering implementation questions or updating

the FIPS when the voluntary industry standards are revised. Current voluntary industry standards should be used by agencies in their procurement actions were appropriate, in accordance with OMB Circular A-119, Federal Participation and Use of Voluntary Standards.

The written comments submitted by interested parties and other material available to the Department relevant to these standards were revised by NIST. On the basis of this review, NIST recommended that the Secretary approve the withdrawal of the eighteen FIPS, and prepared a detailed justification document for the Secretary's review in support of that recommendation.

The detailed justification document which was presented to the Secretary is part of the public record and is available for inspection and copying in the Department's Central Reference and Records Inspection Facility, Room 6020, Herbert C. Hoover Building, 14th Street between Pennsylvania and Constitution Avenue, NW., Washington, DC 20230.
