[Docket No. 950802199-6064-02]

RIN 0693-XX10

### **Approval of Withdrawal of Eighteen Federal Information Processing Standards**

**AGENCY:** National Institute of Standards and Technology (NIST), Commerce.

**ACTION:** Notice.

**SUMMARY:** The purpose of this notice is to announce that the Secretary of Commerce has approved the withdrawal of eighteen Federal Information Processing Standards (FIPS).

On August 22, 1995, notice was published in the Federal Register (60 FR 43586-43587) proposing withdrawal of eighteen Federal Information Processing Standards (FIPS). These FIPS adopt voluntary industry standards for Federal government use. In some cases, the FIPS documents have not been updated to reference current or revised voluntary industry standards. In other cases, commercial products implementing the voluntary industry standards, such as punched cards, paper tape, optical character recognition equipment, and microfilm readers, are widely available; as a result, it is no longer necessary for the government to mandate standards in these areas.

Withdrawal means that the FIPS will no longer be part of a subscription series that is provided by the National Technical Information Service, and that NIST will no longer be able to support the standards by answering implementation questions or updating

the FIPS when the voluntary industry standards are revised. Current voluntary industry standards should be used by agencies in their procurement actions were appropriate, in accordance with OMB Circular A-119, Federal Participation and Use of Voluntary Standards.

The written comments submitted by interested parties and other material available to the Department relevant to these standards were revised by NIST. On the basis of this review, NIST recommended that the Secretary approve the withdrawal of the eighteen FIPS, and prepared a detailed justification document for the Secretary's review in support of that recommendation.

The detailed justification document which was presented to the Secretary is part of the public record and is available for inspection and copying in the Department's Central Reference and Records Inspection Facility, Room 6020, Herbert C. Hoover Building, 14th Street between Pennsylvania and Constitution Avenue, NW., Washington, DC 20230.

This notice provides only the FIPS publication number, title, and the technical specifications number for each of the eighteen standards being withdrawn:

### GENERAL SERVICES ADMINISTRATION

### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000–0142]

#### Submission for OMB Review; Comment Request Entitled Past Performance Information

**AGENCIES:** Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of request for an extension to an existing OMB clearance (9000–0142).

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning Past Performance Information. A request for public comments was published at 61 FR 9983, March 12, 1996. One comment was received resulting in a change to block 11c of Standard Form 83–I, *i.e.*, including “not-for-profit institutions” as part of the affected public.

**DATES:** *Comment Due Date:* June 28, 1996.

**ADDRESSES:** Comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, should be submitted to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (MVRs), 18th & F Streets, NW, Room 4037, Washington, DC 20405. Please cite OMB Control No. 9000–0142, Past Performance Information, in all correspondence.

**FOR FURTHER INFORMATION CONTACT:** Ms. Linda Klein, Federal Acquisition Policy Division, GSA (202) 501–3775.

#### SUPPLEMENTARY INFORMATION:

##### A. Purpose

Past performance information is relevant information, for future source selection purposes, regarding a contractor’s actions under previously awarded contracts. When past performance is to be evaluated, the rule states that the solicitation shall afford offerors the opportunity to identify Federal, state and local government, and private contracts performed by offerors that were similar in nature to the contract being evaluated.

A submission for OMB review entitled Past Performance Information was published in the Federal Register under the emergency processing procedure on March 12, 1996, with a notice of request for public comment. One comment was received calling attention to the fact that block 11c on Standard Form 83–I, Paperwork Reduction Act Submission, should have also been checked. Block 11 concerns “Affected public” and “c” is entitled “Not-for-profit institutions.” As a result of the comment, block 11c has now been checked to include “not-for-profit institutions.” The burden estimates have not been affected as a result of the comment because the burden estimates

are based on the total number of estimated affected contract actions and not on the status of the contractors themselves.

#### B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows: Respondents, 150,000; responses per respondent, 4; total annual responses, 600,000; preparation hours per response, 2; and total response burden hours, 1,200,000.

#### OBTAINING COPIES OF PROPOSALS:

Requester may obtain copies of justifications from the General Services Administration, FAR Secretariat (MVRs), Room 4037, Washington, DC 20405, telephone (202) 501–4755. Please cite OMB Control No. 9000–0142, Past Performance Information, in all correspondence.

Dated: May 22, 1996.

Patricia A. Ting,  
Secretariat.
