Substance Abuse and Mental Health Services Administration

Proposed Data Collection Available for Public Comment

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the SAMHSA Reports Clearance Officer on (301) 443-0525.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and

clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Alcohol and Drug Services Survey (ADSS) Phases II and III—New—ADSS Phase II will gather information from a sample of 180 treatment facilities nationwide, including facility-level information on substance abuse treatment services and client record abstracts on a sample of 4,050 treatment clients. Phase III will collect follow up data from the Phase II client sample, including post-treatment data on drug and alcohol use, criminal behavior, employment status, and subsequent treatment services. This ADSS client sample, along with the 1990 DSRS/SROS study cohort of approximately 3,000 clients and an out-of-treatment comparison group of 600 drug users, will be followed over about three years. Automated collection techniques are not cost-effective for this study. ADSS is a three-phase study that will be conducted twice. The total annual burden estimate for Phases II and III of the first cycle of ADSS is 11,703 hours, as shown below:

| | No. of respondents | No. of responses/respondent | Av. burden/response | Total burden |
|--------------------------------|--------------------|-----------------------------|---------------------|--------------|
| Treatment facility staff | 180 | 2 | .8 | 288 |
| Clients | 7,050 | 1 | 1.5 | 10,575 |
| Out-of-treatment group | 600 | 2 | .7 | 840 |

Send comments to Deborah Trunzo, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: January 22, 1996.

Acting Executive Officer, SAMHSA.
