Foreign-Trade Zones Board

[Docket 44-96]

Foreign-Trade Zone 202—Los Angeles, CA Application for Subzone California Steel Industries, Inc. (Steel Mill Products) Fontana, CA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Board of Harbor Commissioners of the City of Los Angeles, California, grantee of FTZ 202, requesting special-purpose subzone status for the steel mill products manufacturing facilities of California Steel Industries, Inc. (CSI), in Fontana, California. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 24, 1996.

CSI is a joint venture of Kawasaki Steel Holdings (USA), Inc., subsidiary of Kawasaki Steel, Ltd. (Japan), and Rio Doce, Ltd., subsidiary of Companhia Vale do Rio Doce (Brazil).

The CSI steel mill (370 acres) is located at 14000 San Bernadino Avenue, Fontana, California, some 65 miles west of the Los Angeles harbor area. The facilities (1000 employees) consist of a hot-roll mill, cold-roll mill, pickling line, galvanizing mill, and pipe mill. They are used to produce hot- and cold-rolled steel sheet, galvanized sheet and iron or steel pipe (HTS #7206, #7208-7210). The primary material inputs are semifinished steel slabs (HTS #7207.12.0050). Currently some 80 percent of the slabs are purchased from foreign sources, though the company is considering the production of slabs on site as a long-term goal. Foreign materials would be admitted in privileged foreign status (19 CFR 146.41). Some 4 percent of the finished steel mill products would be exported.

Zone procedures would exempt CSI from Customs duty payments on the foreign materials used in production for export (replacing duty drawback procedures). On domestic sales, the company would be able to defer

Customs duties until finished products are shipped from the plant. The company is also seeking an exemption from Customs duties on scrap and waste that result from the production process (approx. 4-6%). The application indicates that the savings from zone procedures would help improve the international competitiveness in commodity-grade steel markets of a steel mill located in the western United States.

In accordance with the Board's regulations, a member of the FTZ Staff has been appointed examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 5, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to [75 days from the date of publication]).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

BILLING CODE 3510-DS-P

[Order No. 825; Subzone 124A]

Revision of Grant of Authority; TransAmerican Natural Gas Corporation (Oil Refinery) Destrehan, LA

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones (FTZ) Board (the Board) authorized subzone status at the oil refinery of TransAmerican Natural Gas Corporation, in Destrehan, Louisiana, in 1988, subject to conditions (Subzone 124A, Board Order 379, 53 FR 11539, 4/7/88);

Whereas, the South Louisiana Port Commission, grantee of FTZ 124, has

requested, pursuant to § 400.32(b)(1)(i), a revision (filed 3/25/96, A(32b1)-3-96; FTZ Doc. 39-96, assigned 5/8/96) of the grant of authority for FTZ Subzone 124A which would make its scope of authority identical to that recently granted for FTZ Subzone 199A at the refinery complex of Amoco Oil Company, Texas City, Texas (Board Order 731, 60 FR 13118, 3/10/95); and, Whereas, the Assistant Secretary for Import Administration, acting for the Board pursuant to § 400.32(b)(1), concurring in the findings and recommendations of the FTZ Staff and Executive Secretary, approves the request;

Now therefore, subject to the Act and the Board's regulations, including § 400.28, Board Order 379 is revised to replace the two conditions currently listed in the Order with the following conditions:

1. Foreign status (19 CFR 146.41, 146.42) products consumed as fuel for the refinery shall be subject to the applicable duty rate.
2. Privileged foreign status (19 CFR 146.41) shall be elected on all foreign merchandise admitted to the subzone, except that non-privileged foreign (NPF) status (19 CFR 146.42) may be elected on refinery inputs covered under HTSUS Subheadings #2709.00.1000-#2710.00.1050 and #2710.00.2500 which are used in the production of:

- petrochemical feedstocks and refinery by-products (FTZ staff report, Appendix B);
- products for export; and,
- products eligible for entry under HTSUS # 9808.00.30 and 9808.00.40 (U.S. Government purchases).

3. The authority with regard to the NPF option is initially granted until September 30, 2000, subject to extension.

Signed at Washington, DC, this 29th day of May 1996.

Paul L. Joffe,

Acting, Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

[Docket 45-96]

Foreign-Trade Zone 70—Detroit, Michigan; Application for Subzone Status, Marathon Oil Company (Oil Refinery Complex), Wayne County, MI

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Detroit Foreign

Trade Zone, Inc., grantee of FTZ 70, requesting special-purpose subzone status for the oil refinery complex of Marathon Oil Company, located in Wayne County (Detroit area), Michigan. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 28, 1996.

The refinery complex (246 acres, 365 employees) consists of 4 sites and connecting pipelines in Wayne County (Detroit area), Michigan: *Site 1* (183 acres)—main refinery complex (70,000 BPD) located at 1300 South Fort Street on the Detroit River, Detroit and Melvindale; *Site 2* (15 acres)—asphalt storage facility located at 301 South Fort Street on the Rouge River, 1 mile east of the refinery, Detroit; *Site 3* (4 acres)—finished product storage facility, located on Fordson Island in the Rouge River, 2 miles northeast of the refinery, Dearborn; *Site 4* (44 acres)—underground LPG storage cavern, located at 24400 Allen Road, 12 miles south of the refinery, Woodhaven.

The refinery complex is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, naphthas, distillates, and residual fuels. Petrochemical feedstocks and refinery by-products include methane, ethane, butane, propane, propylene, sulfur, asphalt, carbon black oil and petroleum coke. About 48 percent of the crude oil (91 percent of inputs) and some feedstocks and motor fuel blendstocks used in producing fuel products are sourced abroad.

Zone procedures would exempt the operations involved from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free) instead of the duty rates that would otherwise apply to the foreign-sourced inputs (e.g., crude oil). The duty rates on crude oil range from 5.25¢/barrel to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff

has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 5, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to August 20, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, 1140 McNamara Building, 477 Michigan Ave., Detroit, Michigan 48226

[Order No. 829]

Expansion of Foreign-Trade Zone 54, Clinton County, NY

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, an application from the Clinton County Area Development Corporation, grantee of Foreign-Trade Zone 54, for authority to expand its general-purpose zone at a site in Champlain (Clinton County), New York, was filed by the Board on August 8, 1995 (FTZ Docket 42-95, 60 FR 42834, 8/17/95); and,

Whereas, notice inviting public comment was given in Federal Register and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and

that the proposal is in the public interest;

Now therefore, the Board hereby orders:

The application to expand FTZ 54 is approved, subject to the Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 29th day of May 1996.
