#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

The Department of Commerce received requests to conduct a new shipper administrative review of the antidumping duty order on stainless steel bar from India. On November 28, 1995, the Department published in the Federal Register a notice of initiation of a new shipper review of Akai Asian and Viraj, two exporters of stainless steel bar to the United States (60 FR 58598). The review covers the period February 1, 1995, through July 31, 1995.

Because this review is extraordinarily complicated, we are unable to complete the review within the time limits mandated by section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act (the Tariff Act). See Memorandum dated June 4, 1996. Therefore, in accordance with that section, the Department is extending the time limit for the preliminary results to October 15, 1996.

Interested parties must submit applications for disclosure under administrative protective order in accordance with 19 CFR 353.34(b).

This extension is in accordance with section 751(a)(2)(B)(iv) of the Tariff Act (19 U.S.C. 1675(a)(2)(B)(iv)).

Dated: June 5, 1996.

### Endangered Species; Permits

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Receipt of an application for an incidental take permit (P510C).

**SUMMARY:** Notice is hereby given that the Shoshone-Bannock Tribes at Fort Hall, ID (SBT) have applied in due form for a permit that would authorize an incidental take of a threatened species.

**DATES:** Written comments or requests for a public hearing on this application must be received on or before July 22, 1996.

**ADDRESSES:** The application and related documents are available for review in the following offices, by appointment:

Office of Protected Resources, F/PR8, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3226 (301-713-1401); and  
Environmental and Technical Services Division, 525 NE Oregon Street, Suite 500, Portland, OR 97232-4169 (503-230-5400).

Written comments or requests for a public hearing should be submitted to the Chief, Endangered Species Division, Office of Protected Resources.

**SUPPLEMENTARY INFORMATION:** SBT requests a permit under the authority of section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations governing ESA-listed fish and wildlife permits (50 CFR parts 217-227).

SBT (P510C) requests a 5-year permit for an annual incidental take of juvenile, threatened, Snake River spring/summer chinook salmon (*Oncorhynchus tshawytscha*) associated with a study designed to determine the distribution and abundance of bull trout (*Salvelinus confluentus*) in the Herd Creek watershed of the East Fork Salmon River and Burnt Creek of the Pahsimeroi River. SBT propose to electrofish at a total of about 25 reaches in both creeks to obtain depletion estimates of the number of fish. The work in Herd Creek would provide information to the Herd Creek Watershed Analysis, an interagency effort lead by the U.S. Bureau of Land Management and the U.S. Forest Service, to establish a

scientifically-based understanding of the natural ecology of the watershed and to provide management recommendations. The work in Burnt Creek would provide information on the cumulative effects of fencing off the riparian zones on fish habitat, a response to the heavy impact of cattle grazing in the area. The Burnt Creek study would also allow a comparison between heavily-grazed and natural riparian conditions as related to bull trout abundance and distribution. The Burnt Creek study has the potential to provide information that can be used to design habitat improvements for resident fish species subjected to anthropogenic impacts.

Those individuals requesting a hearing (see **ADDRESSES**) should set out the specific reasons why a hearing on this application would be appropriate. The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in this application summary are those of the applicant and do not necessarily reflect the views of NMFS.

Dated: June 14, 1996.
