

**14 CFR Part 71**

[Airspace Docket No. 95-AWP-38]

**Establishment of Class D and E Airspace Areas; Saipan Island, CQ**

**AGENCY:** Federal Aviation Administration (FAA), DOT.  
**ACTION:** Final rule.

**SUMMARY:** This rule establishes Class D and Class E airspace areas at the Saipan International Airport, Saipan Island, CQ (Northern Mariana Islands). Due to the commissioning of an air traffic control tower (ATCT) at the airport, Class D airspace is necessary to require pilots to establish two-way radio communication prior to entering the airspace. This action establishes a Class E airspace area at Saipan Island, CQ, to provide adequate controlled airspace for aircraft executing instrument approach operations at Saipan International Airport.

**EFFECTIVE DATE:** 0901 UTC, October 10, 1996.

**FOR FURTHER INFORMATION CONTACT:** Patricia P. Crawford, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

**SUPPLEMENTARY INFORMATION:**

**History**

On December 22, 1995, the FAA proposed to amend Title 14 of the Code of Federal Regulations part 71 (14 CFR part 71) to establish Class D and E airspace areas at Saipan Island, CQ (60 FR 66529). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Except for editorial changes, this amendment is the same as that proposed in the notice. Class D and E airspace designations are published in paragraphs 5000 and 6004, respectively, of FAA Order 7400.9C dated August 17, 1995, and effective September 16, 1995, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in this Order.

**The Rule**

This amendment to 14 CFR part 71 establishes Class D and E airspace areas at Saipan Island, CQ. Due to the commissioning of an ATCT at the airport, Class D airspace is necessary to require pilots to establish two-way radio communication prior to entering the

airspace. The FAA is establishing a Class E airspace area to provide adequate controlled airspace for aircraft executing instrument approach operations at Saipan International Airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Because these amendments involve, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

**PART 71—[AMENDED]**

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389; 14 CFR 11.69.

**§ 71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9C, Airspace Designations and Reporting Points, dated August 17, 1995, and effective September 16, 1995, is amended as follows:

*Paragraph 5000 Class D Airspace*

\* \* \* \* \*

AWP CQ D Saipan Island, CQ [New]  
 Saipan International Airport, CQ  
 (Lat. 15°07'08"N, long. 145°43'46"E)  
 Saipan RBN  
 (Lat. 15°06'41"N, long. 145°42'37"E)

That airspace extending upward from the surface to and including 2,500 feet MSL

within a 4.3-mile radius of Saipan International Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory, Pacific Chart Supplement.

\* \* \* \* \*

*Paragraph 6004 Class E airspace areas designated as an extension to a Class D surface area.*

\* \* \* \* \*

AWP CQ E4 Saipan Island, CQ [New]  
 Saipan International Airport, CQ  
 (Lat. 15°07'08"N, long. 145°43'46"E)  
 Saipan RBN  
 (Lat. 15°06'41"N, long. 145°42'37"E)

That airspace extending upward from the surface within a 4.3-mile radius of Saipan International Airport and within 2.6 miles each side of the Saipan RBN 264° bearing, extending from the 4.3-mile radius to 7.4 miles west of the Saipan RBN and within 1.8 miles each side of the Saipan RBN 248° radial, extending from the 4.3-mile radius to 7.4 miles west of the Saipan RBN and within 1.8 miles each side of the Saipan RBN 068° radial, extending from the 4.3-mile radius to 6.5 miles east of the Saipan International Airport. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory, Pacific Chart Supplement.

\* \* \* \* \*

Issued in Washington, DC, on June 25, 1996.

Nancy B. Kalinowski,  
*Acting Program Director for Air Traffic Airspace Management.*

**BILLING CODE 4910-13-P**

**14 CFR Part 71**

[Airspace Docket No. 94-ASW-10]

**Alteration of Jet Route J-66**

**AGENCY:** Federal Aviation Administration (FAA), DOT.  
**ACTION:** Final rule.

**SUMMARY:** This rule alters Jet Route J-66 from the Dallas-Fort Worth, TX, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC), via the Bonham, TX, VORTAC, to the Little Rock, AR, VORTAC. Altering J-66 enhances the flow of air traffic, simplifies routings in the northeast vicinity of the Dallas-Fort Worth metroplex area, and reduces controller and pilot workload.

**EFFECTIVE DATE:** 0901 UTC, October 10, 1996.

**FOR FURTHER INFORMATION CONTACT:** Bil Nelson, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

**SUPPLEMENTARY INFORMATION:**

**History**

On March 28, 1995, the FAA proposed to amend Title 14 of the Code of Federal Regulations part 71 (14 CFR part 71) to alter J-66 from the Dallas-Fort Worth, TX, VORTAC, to the Little Rock, AR, VORTAC (60 FR 15887). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Except for editorial changes, this amendment is the same as that proposed in the notice. Jet Routes are published in paragraph 2004 of FAA Order 7400.9C dated August 17, 1995, and effective September 16, 1995, which is incorporated by reference in 14 CFR 71.1. The jet route listed in this document will be published subsequently in the Order.

**The Rule**

This amendment to 14 CFR part 71 alters J-66 from the Dallas-Fort Worth, TX, VORTAC, to the Little Rock, AR, VORTAC. This rule will alter that portion of J-66 within the state of Texas from the Dallas-Fort Worth VORTAC, via the Bonham VORTAC, to the Little Rock VORTAC. Additionally, the Glove intersection will be established at the Texarkana 279°T(286°M) and the Bonham 056°T(064°M) radials to assist navigation along J-66. Altering J-66 enhances the flow of air traffic, simplifies routings in the northeast vicinity of the Dallas-Fort Worth metroplex area, and reduces controller and pilot workload.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a

substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

**PART 71—[AMENDED]**

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389; 14 CFR 11.69.

**§71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9C, Airspace Designations and Reporting Points, dated August 17, 1995, and effective September 16, 1995, is amended as follows:

*Paragraph 2004—Jet Routes*

\* \* \* \* \*

**J-66 [Revised]**

From Newman, TX; Abilene, TX; Dallas-Fort Worth, TX; Bonham, TX; Little Rock, AR; Memphis, TN; to Rome, GA.

\* \* \* \* \*

Issued in Washington, DC, on June 25, 1996.

**BILLING CODE 4910-13-U**

**14 CFR Part 71**

**[Airspace Docket No. 93-ASW-3]**

**Establishment of Jet Route J-181**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This rule establishes Jet Route 181 (J-181) between the Dallas-Fort Worth, TX, metroplex area and the Chicago O'Hare, IL, terminal area. This route provides improved en route and arrival traffic flow into the Chicago O'Hare area. This action enhances the movement of traffic, minimizes air traffic delays, and reduces the controller workload.

**EFFECTIVE DATE:** 0901 UTC, October 10, 1996.

**FOR FURTHER INFORMATION CONTACT:** Bil Nelson, Airspace and Rules Division,

ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

**SUPPLEMENTARY INFORMATION:**

**History**

On November 9, 1993, the FAA proposed to amend Title 14 of the Code of Federal Regulations part 71 (14 CFR part 71) to establish J-181 located in the vicinity of Dallas-Fort Worth, TX (58 FR 59422). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Except for editorial changes, this amendment is the same as that proposed in the notice. Jet routes are published in paragraph 2004 of FAA Order 7400.9C dated August 17, 1995, and effective September 16, 1995, which is incorporated by reference in 14 CFR 71.1. The jet route listed in this document will be published subsequently in the Order.

**The Rule**

This amendment to 14 CFR part 71 establishes J-181 between the Dallas-Fort Worth, TX, metroplex area and the Chicago O'Hare, IL, terminal area. This route provides improved en route and arrival traffic flow into the Chicago area. This action enhances the movement of traffic, minimizes air traffic delays, and reduces the controller workload.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
