#### **Controlled Power Corporation, Canton, OH; Notice of Revised Determination On Reconsideration**

On May 29, 1996, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the Federal Register on June 19, 1996 (FR 61 31165).

Investigation findings show that the workers produced low, medium and

high voltage metal clad switchgears. The workers were denied TAA because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met. This test is generally determined through a survey of the workers' firm's major declining customers.

Findings on reconsideration show that the major domestic firms which were awarded the contract used foreign suppliers located in Italy, Switzerland, Germany and England for production.

#### **Conclusion**

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers of

Controlled Power Corporation of Canton, Ohio were adversely affected by increased imports of articles like or directly competitive with low, medium and high voltage metal clad switchgears produced at the subject firm.

All workers of Controlled Power Corporation, Canton, Ohio who became totally or partially separated from employment on or after November 26, 1994 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C., this 24th day of June 1996.

**Hart Schaffner and Marx, Hartmarx Corporation, Chaffee, MO; and Cape Girardeau, MO; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on June 12, 1996, applicable to all workers of Hart Schaffner and Marx/Hartmarx Corporation in Chaffee, Missouri. The certification notice will soon be published in the Federal Register.

At the request of the company, the Department reviewed the certification for workers of the subject firm. New information provided by the company shows that worker separations have occurred at the subject firms' Hart Schaffner and Marx/Hartmarx Corporation in Cape Girardeau, Missouri. The workers are engaged in the administrative, clerical and management services for Schaffner and Marx manufacturing facilities which are under existing certification.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by increased imports of men's dress slacks and dress pants. Accordingly, the Department is amending the certification to cover the workers of Hart Schaffner and Marx/Hartmarx Corporation in Cape Girardeau, Missouri.

The amended notice applicable to TA-W-32,301 is hereby issued as follows:

All workers of Hart Schaffner and Marx/Hartmarx Corporation in Chaffee, Missouri (TA-W-32,301) and Hart Schaffner and Marx/Hartmarx Corporation in Cape Girardeau, Missouri (TA-W-32,301A) who became totally or partially separated from employment on or after April 24, 1995 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C., this 24th day of June 1996.

**Miller Brewing Company, Milwaukee Brewery, Milwaukee, WI; Notice of Revised Determination on Reconsideration**

On April 29, 1996, the Department issued an Affirmative Determination Regarding Application for Reconsideration for workers and former workers of the subject firm. The notice was published in the Federal Register on May 16, 1996 (61 FR 24816).

The findings show that the Milwaukee, Wisconsin, plant experienced a decline in employment in January of 1996.

New findings on reconsideration show that United States imports of beer increased both absolutely and as a percentage of U.S. production in 1995 compared with 1994 and also increased absolutely and relatively in April through March, 1995-1996, compared with the same period one year earlier, and that these imports contributed importantly to separations at the subject firms.

**Conclusion**

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers at Miller Brewing Company, Milwaukee Brewery, Milwaukee, Wisconsin, were adversely affected by increased imports of articles like or directly competitive with beer produced at the subject firm. In accordance with the provisions of the Act, I make the following revised determination:

All workers of Miller Brewing Company, Milwaukee Brewery, Milwaukee, Wisconsin, who became totally or partially separated from employment on or after December 18, 1994, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.
