

by the Lake Charles Harbor and Terminal District, grantee of FTZ 87, pursuant to § 400.32(b)(1) of the Board's regulations, for modification of the restrictions in FTZ Board Order 406 (53 FR 52455, 12/28/88) authorizing Subzone 87A at the crude oil refinery complex of Conoco Inc., in Lake Charles, Louisiana. The request was formally filed on January 24, 1996.

The Board Order in question was issued subject to certain standard restrictions, including one that required the election of privileged foreign status on incoming foreign merchandise. The zone grantee has requested that the latter restriction be modified so that Conoco would have the option available under the FTZ Act to choose non-privileged foreign (NPF) status on foreign refinery inputs used to produce certain petrochemical feedstocks and by-products, including the following: benzene, ethane, methane, propane, other hydrocarbon mixtures, propylene, butane, butylene, petroleum coke, sulfur, and sulfuric acid.

The request cites the FTZ Board's recent decision in the Amoco, Texas City, Texas case (Board Order 731, 60 FR 13118, 3/10/95) which authorized subzone status with the NPF option noted above. In the Amoco case, the Board concluded that the restriction that precluded this NPF option was not needed under current oil refinery industry circumstances.

Public comment on the proposal is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 30, 1996.

A copy of the application and accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th & Pennsylvania Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce has received requests to conduct administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, Germany, Italy, Japan, Romania, Singapore, Thailand, and the United Kingdom. On June 19, 1995, the Department initiated these administrative reviews covering the period May 1, 1994, through April 30, 1995.

Due to the complexity of these cases it is not practicable to complete this review within the time limit mandated by section 751 (a) (3) (A) of the Tariff Act of 1930, as amended. Therefore, in accordance with that section, the Department is extending the time limits for the preliminary results to June 27, 1996, and for the final results to December 24, 1996.

The Department adjusted 28 days to the time limits due to the Government shutdowns, which lasted from November 14, 1995, to November 20, 1995, and from December 15, 1995, to January 6, 1996. See Memorandum to the file from Susan G. Esserman, Assistant Secretary for Import Administration, January 11, 1996.

Interested parties must submit applications disclosure under administrative protective order in accordance with 19 CFR 353.34 (b).

These extensions are in accordance with section 751 (a) (3) (a) of the Tariff Act of 1930, as amended (19 U.S.C. 1675 (a)).
