

CSWE for the clinical training of nursing and social work trainees who are committed to careers for service to ethnic minorities with mental and/or addictive disorders. The project period for the renewal grants is anticipated to be 3 years. The first year will be funded with approximately \$300,000 for each grantee.

This is not a general request for applications. The renewal clinical training grants will only be made to the ANA and the CSWE based on the receipt of satisfactory applications that are recommended for approval by an Initial Review Group and the CMHS National Advisory Council.

**AUTHORITY:** The awards will be made under the authority of section 303 of the Public Health Service (PHS) Act. The authority to administer this program has been delegated to the Director, CMHS. The Catalog of Federal Domestic Assistance number for this program is 93.244.

**BACKGROUND:** CMHS has the responsibility for mental health workforce development, including the clinical training of mental health professionals concerned with the treatment of underserved priority populations; i.e., adults with serious mental illness; children with serious emotional disturbance; and elderly, and/or ethnic minority, and/or rural populations with mental and addictive disorders.

The CMHS MFP is specifically designed to significantly increase the number of professionals trained at the doctoral level to teach, administer, and provide direct mental health and substance abuse services to members of ethnic minority groups.

Renewal applications may be submitted only by the ANA and the CSWE. Each of these two professional organizations has unique access to those students entering its professions. Both the fields of social work and psychiatric nursing have been nationally recognized for decades as part of the four core mental health disciplines (along with psychiatry and psychology). Social workers and nurses provide parts of an essential core of services for individuals with serious mental illness and also less severe mental disorders.

The ANA is the largest national professional nurses organization in the country. The ANA and its affiliates have activities in all major areas of national policies affecting nursing as a profession, including education and training.

The CSWE is a specialized organization for the field of social work,

focussing exclusively on the education and training of social workers.

Both ANA and CSWE along with their affiliates have direct involvement in curriculum development, school accreditation, and pre/postdoctoral training. The ANA and CSWE have had decades of experience in working directly with the university training programs in their respective fields.

Because of the above unique characteristics and long experience, the National Institute of Mental Health, the original funding agency for this program, chose ANA and CSWE as the exclusive representatives for their fields. For over 20 years, the ANA and CSWE have administered the MFP exceptionally well, have recruited excellent students, assured that all program requirements were satisfied, and effectively monitored the progress of fellows during and after the fellowship period. These two MFP grantees continue in their unique position to represent these two core mental health disciplines and eligibility has been restricted to them accordingly.

Therefore, because the ANA and CSWE grant support will end in FY 1996, CMHS is providing additional support for up to 3 years via renewal grant awards. The American Psychiatric Association and the American Psychological Association have ongoing CMHS MFP grant support.

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[WO-350-4210-01]

#### Reinstatement of Currently Approved Information Collection; OMB Approval Number 1004-0023

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) is

announcing its intention to request reinstatement of approval for the collection of information from those persons who are applying for conveyance of public land under the General Allotment Act. Section 4 of the General Allotment Act of February 8, 1887, as amended, provides for the issuance of a deed to eligible Indians who are entitled to an allotment of public lands. The information collected on the Indian Allotment Application (Form 2530-1) is used by the BLM to determine eligibility and identify legal information to assist in the conveyance of title.

**DATES:** Comments on the proposed information collection must be received by September 16, 1996 to be considered.

**ADDRESSES:** Commenters may hand-deliver comments to the Bureau of Land Management, Administrative Record, Room 401, 1620 L St., NW., Washington, DC; or mail comments to the Bureau of Land Management, Administrative Record, Room 401LS, 1849 C Street, NW., Washington, DC 20240. Commenters may transmit comments electronically via the Internet to [WOCComment@WO0033wp.wo.blm.gov](mailto:WOCComment@WO0033wp.wo.blm.gov). Please include "Attn: 1004-0023" in your message. Comments will be available for public review at the L Street address during regular business hours (7:45 A.M. to 4:15 P.M., Monday through Friday).

**FOR FURTHER INFORMATION CONTACT:** Carl C. Gammon, (202) 452-7777.

**SUPPLEMENTARY INFORMATION:** In accordance with 5 CFR 1320.8(d), BLM is required to provide 60-day notice in the Federal Register concerning a proposed collection of information to solicit comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Any individual seeking to acquire an allotment must make application and provide information essential to compliance with law, regulations, and procedures. Information is collected on

Form 2530-1. The following is an explanation of specific items of information requested pursuant to 43 CFR 2531: Items 1 through 5 identify the applicant, mailing address, and if necessary, the minor child for whom the application is filed. Item 6 describes the land for which the application is filed. Item 7 requires the listing of prior allotments. Item 8 indicates whether the applicant or the minor child placed any improvements on the described land. Item 10 tells whether the applicant or minor child claim a bona fide settlement. Item 11 describes the manner in which settlement was made on the described land. Item 12 asks if the required petition for classification has been attached to the application. Specifically, completion of Items 6 through 12 is necessary in order to determine the eligibility of the applicant/minor and the validity of the claim. Any eligible individual desiring an allotment of public lands must file a fully completed application. Items 6 through 12 are justified pursuant to the requirements of 43 CFR 2530 and 2531. Section 4 of the Act of February 8, 1887 provides that a patent cannot be issued unless a completed application form has been received by BLM. If the information required by 43 CFR 2531 was not collected, the BLM would be unable to carry out the mandate of Section 4 of the Act of February 8, 1887.

Based on its experience administering the regulations at 43 CFR Part 2530, BLM estimates that the public reporting burden for the information collection is .5 hours per application. The respondents are individuals who seek to acquire public lands pursuant to the General Allotment Act of February 8, 1887, as amended. The frequency of response is one per application. BLM estimates that approximately 50 Indian Allotment Applications will be filed annually for a total burden of 25 hours. Copies of Form 2530-1 may be obtained by contacting the individual named under **FOR FURTHER INFORMATION CONTACT**.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will also become part of the public record.

Dated: July 11, 1996.
