Form No.: N/A.

Estimated Annual Burden: 42,394 total annual hours; 6056 hours per respondent (avg.); 7 respondents.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Description: In the Report and Order issued in CC docket No. 96-21, the Commission removed dominant regulation for BOCs that provide out-of-region, interstate, interexchange services through an affiliate that complies with certain safeguards, in order to facilitate the efficient and rapid provisions of out-of-region, domestic, interstate, interexchange services by the BOCs, as contemplated by the 1996 Act, while still protecting ratepayers and competition in the interexchange market. These safeguards require that the affiliate: (1) Maintain separate books of account from the LEC; (2) not jointly own transmission or switching facilities with the LEC; and (3) take any tariffed services from the affiliated LEC pursuant to the terms and conditions of the LEC's generally applicable tariff. The recordkeeping requirement will not impose any significant burden on BOC interexchange affiliates because we do not require that the interexchange affiliate maintain separate books of account that comply with our Part 32 rules.

Instead, these affiliates must maintain separate books as would any separate corporation, as a matter of course.

FEDERAL EMERGENCY MANAGEMENT AGENCY**Crisis Counseling Assistance and Training**

AGENCY: Federal Emergency Management Agency.

ACTION: Notice.

SUMMARY: FEMA gives notice that the extension period for the Oklahoma

regular crisis counseling program for disaster survivors of the Oklahoma City bombing is extended from 90 days to 180 days. The severity of the emotional trauma resulting from the bombing warrants an extension of an additional 90 days.

EFFECTIVE DATE: August 1, 1996.

FOR FURTHER INFORMATION CONTACT:

Diana Nordboe, Human Services Division, Response and Recovery Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4026.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) is charged with coordinating Federal disaster assistance under the provisions of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (the Act) when the President has declared a major disaster. FEMA provided funding for a regular crisis counseling program to help those suffering the trauma resulting from the April 19, 1995, bombing of the Alfred P. Murrah Federal Building.

FEMA received a request from the State of Oklahoma to extend the otherwise applicable time limitations authorized by section 416 of the Act, so that the State can provide additional mental health services that are critically needed for citizens during the recovery operation. The extent of the emotional impact on all citizens of Oklahoma is of such magnitude that continuation of disaster mental health counseling beyond the normal crisis counseling time period is necessary.

The Director, Center for Mental Health Services (CMHS), as the delegate to FEMA for the Secretary, Department of Health and Human Services, helps FEMA implement crisis counseling training and assistance. FEMA believes there was a well-established need for continuation of the regular crisis counseling program beyond a 90-day extension. Based upon the sound CMHS recommendation, FEMA has approved a 180-day extension to the time period for the Oklahoma regular crisis counseling program.
