

regular crisis counseling program for disaster survivors of the Oklahoma City bombing is extended from 90 days to 180 days. The severity of the emotional trauma resulting from the bombing warrants an extension of an additional 90 days.

EFFECTIVE DATE: August 1, 1996.

FOR FURTHER INFORMATION CONTACT:

Diana Nordboe, Human Services Division, Response and Recovery Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4026.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) is charged with coordinating Federal disaster assistance under the provisions of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (the Act) when the President has declared a major disaster. FEMA provided funding for a regular crisis counseling program to help those suffering the trauma resulting from the April 19, 1995, bombing of the Alfred P. Murrah Federal Building.

FEMA received a request from the State of Oklahoma to extend the otherwise applicable time limitations authorized by section 416 of the Act, so that the State can provide additional mental health services that are critically needed for citizens during the recovery operation. The extent of the emotional impact on all citizens of Oklahoma is of such magnitude that continuation of disaster mental health counseling beyond the normal crisis counseling time period is necessary.

The Director, Center for Mental Health Services (CMHS), as the delegate to FEMA for the Secretary, Department of Health and Human Services, helps FEMA implement crisis counseling training and assistance. FEMA believes there was a well-established need for continuation of the regular crisis counseling program beyond a 90-day extension. Based upon the sound CMHS recommendation, FEMA has approved a 180-day extension to the time period for the Oklahoma regular crisis counseling program.

Proposal to approve under OMB delegated authority the extension, with revision, of the following report:

1. *Report title:* Survey of Terms of Bank Lending

Agency form number: FR 2028A, FR 2028B, and FR 2028S

OMB control number: 7100-0061

Frequency: quarterly

Reporters: commercial banks (all three reports) and U.S. branches and agencies of foreign banks (FR 2028A and FR 2028S)

Annual reporting hours: 8,095

Estimated average hours per response: FR 2028A: 4.0. FR 2028B: 1.5. FR 2028S: 0.1.

Number of respondents: FR 2028A: 398. FR 2028B: 250. FR 2028S: 567. Small businesses are affected.

General description of report: This information collection is voluntary (12 U.S.C. § 248(a)(2)) and is given confidential treatment (5 U.S.C. § 552(b)(4)).

Abstract: The Survey of Terms of Bank Lending provides unique information concerning the price and certain nonprice terms of loans made to businesses and farmers by commercial banks. The reports are completed for the first full business week of the mid-month of each quarter (February, May, August, and November). The FR 2028A and B collect detailed data on individual loans made during the survey week. The FR 2028S collects the prime interest rate for each day of the survey. From these sample STBL data, estimates of the terms of business and farm loans extended during the reporting week at all insured U.S. commercial banks are constructed. The estimates for business loans are published in the quarterly E.2 release, "Survey of Terms of Bank Lending," while estimates for farm loans are published in the quarterly E.15 release, "Agricultural Finance Databook."

Revisions proposed to the business loan survey include the elimination of two items that either have proven difficult for respondents to report or are insufficiently useful to justify the burden their reporting imposes, the addition of two new items covering loan risk and termination options, and redefinitions of several existing items. The coverage of the reporting panel for the business loan survey, currently limited to U.S. commercial banks, would be expanded to include a sample of U.S. branches and agencies of foreign banks, which now account for a significant fraction of business lending. The same item additions and redefinitions proposed for the business loan survey also would be made to the farm loan survey. The prime rate supplement, now collected only from respondents to the business loan survey, would be collected from respondents to the farm loan survey as well. The revised instructions have been reworded substantially to reflect the proposed changes, clarifications requested by Reserve Bank staff and the respondent banks since the last review of this survey, and revisions necessitated by changes in lending practices. The revised reporting forms and instructions would be implemented as of the February 1997 reporting week.

Board of Governors of the Federal Reserve System, July 17, 1996.

William W. Wiles

Secretary of the Board.
