An extension of time is being granted and a one-day technical conference will be convened.

DATES: An extension of time for filing comments on the proposed rule is

granted to and including October 21, 1996. A technical conference will be held on September 20, 1996.

Upon consideration, notice is hereby given that the August 1, 1996 deadline for filing written comments is extended to October 21, 1996 and that the Commission will convene a technical conference on September 20, 1996. The agenda and the times for the technical conference will be announced at a later date. In addition, the Commission may schedule further procedures and offer further guidance based on the outcome of the technical conference.

Correction of Implementation Plans; American Samoa, Arizona, California, Hawaii, and Nevada State Implementation Plans

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed rulemaking.

SUMMARY: EPA is proposing to promulgate corrections to the American Samoa State Implementation Plan (SIP), the Arizona SIP, the California SIP, the Hawaii SIP, and the Nevada SIP. These corrections concern the deletion from the SIPs of the rules summarized in Table 1. These rules include a variety of administrative provisions concerning variances, hearing board procedures, and fees. EPA has determined that the rules to be deleted from the above-referenced SIPs were erroneously incorporated into the SIPs by the EPA, and in addition, the variance provisions currently in the SIPs were rendered without legal effect by amendments to the Clean Air Act enacted by Congress in 1977. In addition, the continued

presence of these provisions in the SIPs is potentially confusing, and thus, harmful to the regulated community, the states, and EPA. The intended effect of proposing these corrections to the SIPs is to delete the above referenced rules and make the SIPs consistent with the requirements of the Clean Air Act, as amended in 1990 (CAA or "the Act"), regarding EPA action on SIP submittals and SIPs for national primary and secondary ambient air quality standards. **DATES:** Comments must be received on or before August 26, 1996.

ADDRESSES: Comments may be mailed to: Daniel A. Meer, Rulemaking Section (A-5-3), Air and Toxics Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the rules being proposed for deletion are available for public inspection at EPA's Region IX office during normal business hours. Copies of the rules are also available for inspection at the locations listed in **SUPPLEMENTARY INFORMATION** under "Public inspection".
