DEPARTMENT OF LABOR

Employment and Training Administration

Labor Standards for the Registration of Apprenticeship Programs—Equal Employment Opportunity in Apprenticeship and Training; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning the proposed extension of the collection of information regarding registered apprenticeship programs under Title 29 CFR Part 29 (Labor Standards for the Registration of Apprenticeship Programs) and Title 29 CFR Part 30 (Equal Employment Opportunity in Apprenticeship and Training).

DATES: Written comments must be submitted on or before October 7, 1996.

The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * Enhance the quality, utility, and clarity of the information to be collected; and

- * Minimize the burden of the collection of information on those who are asked to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION:

I. Background

The National Apprenticeship Act of 1937 authorizes and directs the Secretary of Labor "to formulate and promote the furtherance of labor standards necessary to safeguard the welfare of apprentices, to extend the application of such standards by encouraging the inclusion thereof in contracts of apprenticeship, to bring together employers and labor for the formulation of programs of apprenticeship, to cooperate with State agencies engaged in the formulation and promotion of standards of apprenticeship, and to cooperate with the Office of Education under the

Department of Health, Education, and Welfare * * *." Section 2 of the Act authorizes the Secretary of Labor to "publish information relating to existing and proposed labor standards of apprenticeship," and to "appoint national advisory committees * * *." (29 U.S.C. 50a).

Title 29 CFR Part 29 sets forth labor standards to safeguard the welfare of apprentices, and to extend the application of such standards by prescribing policies and procedures concerning registration, for certain Federal purposes, of acceptable apprenticeship programs with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training. These labor standards, policies and procedures cover the registration, cancellation, and deregistration of apprenticeship programs and of apprenticeship agreements; the recognition of a State agency as the appropriate agency for registering local apprenticeship programs for certain Federal purposes; and matters relating thereto. The Employment and Training Administration is also soliciting comment on the utility and potential burdens of collecting information on employment and earnings outcomes of completed apprentices.

Title 29 CFR Part 30 sets forth policies and procedures to promote equality of opportunity in apprenticeship programs registered with the U.S. Department of Labor and recognized State apprenticeship agencies. These policies and procedures apply to recruitment and selection of apprentices, and to all conditions of employment and training during apprenticeship. The procedures provide for review of apprenticeship programs, for registering apprenticeship programs, for processing complaints, and for deregistering noncomplying apprenticeship programs. This part also provides policies and procedures for continuation or withdrawal of recognition of State agencies which

register apprenticeship programs for Federal purposes.

II. Current Actions

Recordkeeping and data collection activities regarding registered apprenticeship are by-products of the registration system. Organizations which apply for apprenticeship sponsorship enter into an agreement with the Federal Government or cognizant State Government to operate their proposed programs consistent with 29 CFR Parts 29 and 30. Apprenticeship sponsors are not required to file reports regarding their apprentices other than individual registration and update information as an apprentice moves through their program.

Type of Review: Extension.

Agency: Employment and Training Administration.

Title: Title 29 CFR Part 29, Labor Standards for the Registration of Apprenticeship Programs and Title 29 CFR Part 30 and Equal Employment Opportunity in Apprenticeship and Training.

OMB Numbers: 1205-0223 for 29 CFR Part 29; 1205-0224 for 29 CFR Part 30.

Recordkeeping: Apprenticeship sponsors are required to keep accurate records on the qualifications of each applicant pertaining to determination of compliance with these regulations. Records must be retained, where appropriate, regarding affirmative action plans and evidence that qualification standards have been validated. State apprenticeship councils are also obligated to keep adequate records pertaining to determination of compliance with these regulations. All of the above records are required to be maintained for 5 years. If this information was not required, there would be no documentation that the apprenticeship programs were being operated in a nondiscriminatory manner. Many apprenticeship programs are 4 years or more in duration; therefore, it is important to maintain the records for at least 5 years.
