### Rural Business-Cooperative Service

#### Notice of Request for Revision of a Currently Approved Information Collection

**AGENCY:** Rural Business-Cooperative Service, USDA.

**ACTION:** Proposed collection; Comments request.

**SUMMARY:** The Rural Business-Cooperative Service (RBS) is the successor to the Rural Business and Cooperative Development Service (RBCDS), which was a successor to the Rural Development Administration (RDA), which was a successor to the Farmers Home Administration (FmHA).

In accordance with the Paperwork Reduction Act of 1995, this notice announces RBS' intention to request an extension of a currently approved information collection in support of the Intermediary Relending Program (IRP).

**DATES:** Comments on this notice must be received by October 11, 1996.

**FOR FURTHER INFORMATION CONTACT:** M. Wayne Stansbery, Loan Specialist, Rural Business-Cooperative Service, USDA, Ag. Box 1521, Washington, DC 20250, Telephone: (202) 720-6819.

#### SUPPLEMENTARY INFORMATION:

*Title:* RBS/Intermediary Relending Program.

*OMB Number:* 0575-0130.

*Expiration Date of Approval:* January 1997.

*Type of Request:* Revision of a currently approved information collection.

*Abstract:* A proposed rule for a complete revision of the IRP regulations

(7 CFR 1948, subpart C) was published in the Federal Register on January 18, 1995, at 60 FR 3566. The public reporting burden for information collection associated with that proposed rule was approved by the Office of Management and Budget (OMB) under OMB No. 0575-0130. After considering the public comments on the proposed rule, the Agency now proposes to include some additional changes in the final rule that will impact on the public reporting burden. Accordingly, the Agency will seek OMB approval for a revision in the public reporting burden for information collection associated with the IRP regulations.

The objective of the IRP is to improve community facilities and employment opportunities and increase economic activity in rural areas by financing business facilities and community development. This purpose is achieved through loans made by RBS to intermediaries that establish programs for the purpose of providing loans to ultimate recipients for business facilities and community development. The regulations contain various requirements for information from the intermediaries and some requirements may cause the intermediary to require information from ultimate recipients. The information requested is vital for RBS to be able to process applications in a responsible manner, make prudent credit and program decisions, and effectively monitor the intermediaries' activities to protect the Government's financial interest and ensure that funds obtained from the Government are used appropriately. It includes information to identify the intermediary, describe the intermediary's experience and expertise, describe how the intermediary will operate its revolving loan fund, provide for debt instruments, loan agreements, and security, and other material necessary for prudent credit decisions and reasonable program monitoring. The changes being proposed include providing operating plans for revolving lines of credit. Revolving lines of credit are currently not allowed, but consideration is being given to authorizing such loans if certain conditions, including having sound operating plans and procedures, are met. Another proposed change requires additional details in the work plan regarding goals, strategies, anticipated outcomes, and technical assistance. The

increase in burden is offset by eliminating the requirement for specific collateral assignments and by providing a new shorter form for supplemental loan agreements to be used with subsequent loans. The net effect of the changes will be to reduce the total paperwork and record keeping burden slightly.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 3.72 hours per response.

*Respondents:* Non-profit corporations, public agencies, and cooperatives.

*Estimated number of Respondents:* 160.

*Estimated number of responses per respondent:* 30.35.

*Estimated total annual burden on respondents:* 16,930 hours.

Copies of this information collection can be obtained from Sam Spencer, Rural Business Team Information Collection Coordinator, at (202) 720-9588.

*Comments:* Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Sam Spencer, Rural Business Team Information Collection Coordinator, Regulations and Paperwork Management Division, U. S. Department of Agriculture, Rural Development, STOP 0743, Washington, DC 20250. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.
