Synopsis of Report and Order

We conclude that Section 275(d) of the Communications Act of 1934, as amended, restricts LEC personnel from using information regarding "the occurrence or content of calls received by providers of alarm monitoring services" for the purpose of marketing their own alarm monitoring service, or an alarm monitoring service offered by another affiliated or unaffiliated entity. Information on the occurrence of such calls may constitute CPNI, if it is made available to the LEC solely by virtue of the customer-carrier relationship. We affirm our tentative conclusion that, even if a carrier has received customer authorization to obtain access to CPNI pursuant to Section 222(c)(1) of the Communications Act of 1934, as amended, such authorization does not extend to any CPNI subject to the Section 275(d) ban, namely information concerning the occurrence of calls received by alarm monitoring service providers used for marketing purposes. We conclude that no regulations are necessary at this time to implement or enforce Section 275(d).

Regulatory Flexibility Analysis

As required by Section 603 of the Regulatory Flexibility Act, 5 U.S.C. 603 (RFA), an Initial Regulatory Flexibility Analysis was incorporated in the NPRM in this proceeding (61 FR 26483 (May 28, 1996)). The Commission sought

written public comments on the proposals in the NPRM, including the Initial Regulatory Flexibility Analysis. Because the Commission is not adopting any regulations at this time to enforce Section 275(d) of the 1996 Act, no further Regulatory Flexibility Analysis is required at this time.

Paperwork Reduction Act

As required by the Paperwork Reduction Act of 1995, Public Law 104-13, the NPRM in this proceeding sought comment from the general public and the Office of Management and Budget regarding the information collections contained in the NPRM. Because the Commission is not adopting any regulations to enforce Section 275(d) of the 1996 Act, no further Paperwork Reduction analysis is required at this time.

Accordingly, it is ordered that, pursuant to Sections 1, 4, and 275 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154, and 275, the report and order is hereby adopted.

[Docket No. 95-28; Notice 9]

RIN 2127-AF73

Federal Motor Vehicle Safety Standards; Lamps, Reflective Devices and Associated Equipment; Correction

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Proposed rule; correction.

SUMMARY: This document contains corrections to the proposed rule published on July 10, 1996 (61 FR 36334). The proposed rule would afford an option to existing headlamp aiming specifications. As published, the reference numbers of the Figures discussed in the preamble text do not correspond to the numbers assigned the Figures in the proposed amendatory text. These errors are now corrected by Notice 9.

FOR FURTHER INFORMATION CONTACT: Rich VanInderstine, Office of Safety Performance Standards, NHTSA (phone 202-366-5203; FAX 202-366-4329).

SUPPLEMENTARY INFORMATION:
Background

In the proposed rule, Federal Register document 96-17299, which begins on page 36334 in the issue of Wednesday, July 10, 1996, the reference numbers of the Figures discussed in the preamble text do not correspond to the number assigned the Figures in the proposed amendatory text. The error arose because the agency's designations did not comply with Federal Register policy. The Figure numbers were changed in the proposed amendatory text after the document was submitted for publication without corresponding changes in the preamble text. This correction provides a clarification of the agency's intent.

Correction of Publication

1. For any reference to "Figure 15va" and "Figure 17va" in the preamble text, substitute "Figure 15B" and "Figure 17B" respectively.

2. For any reference to "Figure 27va" and "Figure 28va" in the preamble text, substitute "Figure 27A" and "Figure 28A" respectively.
