BILLING CODE 6560-50-F

[FRL-5554-4]

Proposed De Minimis Settlement Under Section 122(g) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as Amended, Bonifield Brothers Superfund Site, St. Louis, Missouri

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed *de minimis* settlement under Section 122(g) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, Bonifield Brothers Superfund Site, St. Louis, Missouri.

SUMMARY: The United States Environmental Protection Agency (EPA) is proposing to enter into a *de minimis* administrative settlement to resolve claims under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, 42 U.S.C. 9622(g). This settlement is intended to resolve the potential liability of 3529 Hickory, Inc. and Gateway Airgas, Inc. for the response costs incurred in connection with the Bonifield Brothers Superfund Site, St. Louis, Missouri (the "Site").

DATES: Written comments must be provided on or before September 20, 1996.

ADDRESSES: Comments should be addressed to the Regional Administrator, United States Environmental Protection Agency, Region VII, 726 Minnesota Avenue, Kansas City, Kansas 66101 and should refer to: In the Matter of the Bonifield Brothers Site, St. Louis, Missouri, EPA Docket No. 96-F-0024.

FOR FURTHER INFORMATION CONTACT: J. Scott Pemberton, Senior Assistant Regional Counsel, United States Environmental Protection Agency, Region VII, 726 Minnesota Avenue, Kansas City, Kansas 66101, (913) 551-7276.

SUPPLEMENTARY INFORMATION: The proposed settling parties are 3529 Hickory, Inc., the current owner of the property that constitutes the Bonifield Brothers Dioxin Site located at 3529 Hickory Street, St. Louis, Missouri, and Gateway Airgas, Inc., a successor corporation to the Acetylene Gas Company (AGC). Sometime during the period from 1971 to 1973, the Site was sprayed for dust control with waste oil contaminated with 2,3,7,8 tetrachlorodibenzo-p-dioxin ("dioxin"), when it was owned and operated by Bonifield Brothers Company as a truck terminal. In April 1976, AGC acquired the Site property from the Bonifield Brothers Company for use as a manufacturing and storage facility as part of its gas operation. Based upon current information, AGC purchased the property without knowledge that it was contaminated with dioxin. On January 16, 1996, the sole owners of the stock of AGC formed 3529 Hickory, Inc., a wholly-owned subsidiary of AGC. On January 19, 1996, AGC transferred ownership of the Site property to 3529 Hickory, Inc., whose sole asset is the Site property. Also on January 19, 1996, AGC merged with and into Gateway Airgas, Inc., whereupon the corporate existence of AGC ceased.

AGC paved the Site property with asphalt in 1977. AGC utilized the Site

property until 1982 when it became aware of the dioxin contamination. Since 1982, the property has been used only for parking and heliport purposes.

Analytical results from sampling at the Site by the City of St. Louis on April of 1984 revealed dioxin contamination ranging from 12.9 parts per billion (ppb) to 55.8 ppb. Analytical results from samples collected in May 1990 revealed wide variations in dioxin concentrations, up to 1445 ppb.

On September 20, 1995, the Regional Administrator, EPA Region VII, issued an Action Memorandum approving a removal action at the Site. Following the excavation of the asphalt cap and gravel layer, the Site soils were sampled. All soils contaminated above 1 ppb were excavated and transported to Times Beach, Missouri for incineration. Excavation and transportation of contaminated soils from the Site was completed on December 20, 1995.

The proposed settlement provides access to 3529 Hickory, Inc.'s property to EPA, its employees or any other duly authorized representatives to enter and perform environmental response actions upon the property pursuant to the provisions of CERCLA Section 104. In addition, 3529 Hickory, Inc. has agreed to require any lessee or transferee of its property, as a term of any sale, lease or other transfer, to grant access as set forth above.

The proposed settlement involves no financial terms; the proposed settling parties are required only to provide access. The proposed *de minimis* settlement provides that EPA will covenant not to sue 3529 Hickory, Inc. and Gateway Airgas, Inc. for response costs at the Site or for injunctive relief pursuant to Sections 106 and 107 of CERCLA and Section 7003 of the Resource Conservation and Recovery Act of 1980, as amended (RCRA), 42 U.S.C. 6973. The proposed settlement contains a reopener clause which nullifies the covenant not to sue if any information becomes known to EPA that indicates that 3529 Hickory, Inc. or Gateway Airgas, Inc. (1) conducted or

permitted the generation, transportation, storage, treatment or disposal of any hazardous substance at the Site; (2) contributed to a release or threat of release of a hazardous substance at the Site through any act or omission; or (3) that 3529 Hickory, Inc. or Gateway Airgas, Inc. no longer meet the criteria for a *de minimis* settlement set forth in Section 122(g)(1)(B) of CERCLA, 42 U.S.C. 9622(g)(1)(B).

Delores Platt,

Acting Regional Administrator.

[FEMA-1116-DR]

Minnesota; Amendment to Notice of a Major Disaster Declaration

AGENCY: Federal Emergency
Management Agency (FEMA).

ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster for the State of Minnesota (FEMA-1116-DR), dated June 1, 1996, and related determinations.

EFFECTIVE DATE: August 5, 1996.

FOR FURTHER INFORMATION CONTACT: Pauline C. Campbell, Response and Recovery Directorate, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-3606.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated August 5, 1996, the President amended the major disaster declaration of June 1, 1996, under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*), in a letter to James L. Witt, Director of the Federal Emergency Management Agency, as follows:

I have determined that the damage in certain areas of the State of Minnesota, resulting from flooding on March 14 through June 1, 1996 is of sufficient severity and magnitude to warrant the expansion of the incident type to include severe storms and the incident period to be March 14 through June 17 in the major disaster declaration of June 1, under the Robert T. Stafford Disaster Relief and Emergency Assistance Act ("the Stafford Act").

All other conditions specified in the original declaration remain the same.

Please notify the Governor of the State of Minnesota and the Federal Coordinating Officer of this amendment to my major disaster declaration.
