

PRT-817981

Applicant: United States Fish and Wildlife Service/Region 2, Albuquerque, NM.

The applicant requests a permit to import five Whooping cranes (*Grus americana*) from Calgary Zoo, Calgary, Alberta, Canada for the purpose of enhancing the species by reintroducing them into the wild.

PRT-817982

Applicant: United States Fish and Wildlife Service/Region 2, Albuquerque, NM.

The applicant requests a permit to export three Whooping cranes (*Grus americana*) to Calgary Zoo, Calgary, Alberta, Canada for the purpose of enhancement of the species through scientific research and propagation.

PRT-817952

Applicant: Zoological Society of San Diego, San Diego, CA.

The applicant requests a permit to import a male and female Kagu (*Rhynochetos jubatus*) born in captivity at Le Pac Forestier, New Caledonia for the purpose of enhancement of the survival of the species through propagation.

PRT-817949

Applicant: Dale Gibbons, Longview, WA.

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (*Damaliscus pygarcus dorcas*) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

PRT-818486

Applicant: Duke University Primate Center, Durham, NC.

The applicant requests a permit to export the placenta of a captive-born red ruffed lemur (*Varecia variegata ruber*) to Dr. Thomas Klonisch, Department of Anatomy and Cell Biology, University of Halle, Halle, Germany, for the purpose of scientific research to benefit the species.

Written data or comments should be submitted to the Director, U.S. Fish and Wildlife Service, Office of Management Authority, 4401 North Fairfax Drive, Room 430, Arlington, Virginia 22203 and must be received by the Director within 30 days of the date of this publication.

Documents and other information submitted with these applications are available for review, *subject to the requirements of the Privacy Act and Freedom of Information Act*, by any party who submits a written request for a copy of such documents to the following office within 30 days of the

date of publication of this notice: U.S. Fish and Wildlife Service, Office of Management Authority, 4401 North Fairfax Drive, Room 430, Arlington, Virginia 22203. Phone: (703/358-2104); FAX: (703/358-2281).

Dated: August 16, 1996.

Mary Ellen Amtower,
Acting Chief, Branch of Permits, Office of Management Authority.

Bureau of Land Management

[WY-920-06-1320-01]

Competitive Coal Lease Sale; WY

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Competitive Coal Lease Sale; Antelope Tract, WYW128322.

SUMMARY: Notice is hereby given that certain coal resources in the Antelope Tract described below in Converse County, Wyoming, will be offered for competitive lease by sealed bid in accordance with the provisions of the Mineral Leasing Act of 1920, as amended (30 U.S.C. 181 *et seq.*).

DATES: The lease sale will be held at 2:00 p.m., on Wednesday, September 18, 1996. Sealed bids must be submitted on or before 4:00 p.m., on Tuesday, September 17, 1996.

ADDRESSES: The lease sale will be held in the First Floor Conference Room (Room 107) of the Wyoming State Office, 5353 Yellowstone Road, P.O. Box 1828, Cheyenne, Wyoming 82003. Sealed bids must be submitted to the Cashier, Wyoming State Office, at the address given above.

FOR FURTHER INFORMATION CONTACT: Mavis Love, Land Law Examiner, or Eugene Jonart, Coal Coordinator, at (307) 775-6258 and (307) 775-6257, respectively.

SUPPLEMENTARY INFORMATION: This coal lease sale is being held in response to a lease by application filed by Antelope Coal Company of Gillette, Wyoming. The coal resources to be offered consist of all reserves recoverable by surface mining methods in the following-described lands located in Converse County approximately 55 miles north of Douglas, Wyoming and 60 miles south of Gillette, Wyoming.

T. 41 N., R. 70 W., 6th P.M., Wyoming,
Sec. 30: Lots 15 thru 18;

T. 41 N., R. 71 W., 6th P.M., Wyoming,
Sec. 25: Lots 5 thru 8, 13, 14;
Sec. 26: Lots 9 thru 11, 14, 15.
Containing 617.20 acres.

Of the total acreage, approximately 155 acres are unsuitable for mining due to the presence of County Road 37 and the Burlington Northern/Chicago and Northwestern railroad right-of-way along the north side of the eastern half of the tract.

The tract is adjacent to the Antelope Mine and contains surface minable coal reserves in both the Anderson and the Canyon seams currently being mined in the existing mine. The Anderson seam averages about 40 feet thick and outcrops in the eastern half of the tract. The deeper Canyon seam averages about 33.5 feet thick.

The overburden above the Anderson seam averages about 94 feet thick while the overburden above the Canyon seam east of the Anderson outcrop averages about 130 feet thick. The interburden between the two seams averages about 31 feet thick. The total in-place stripping ratio (BCY/ton) of the two seams varies from about .5:1 to about 4:1, but is generally between 1:1 and 2:1 over most of the tract.

The tract contains an estimated 60,364,000 tons of minable coal with 31,929,000 tons coming from the Anderson seam and 28,435,000 tons coming from the Canyon seam. This estimate of minable reserves does not include any tonnage from the 155 acres unsuitable for mining, nor does it include tonnage from localized seams or splits containing less than 5 feet of coal. The coal in both seams is ranked as subbituminous C. The overall average quality of the two seams averages 8779 Btu/lb., 4.22 percent ash, 25.7 percent moisture, 1.21 percent sodium, and .23 percent sulfur. These quality averages place these coal reserves near the top end of coal quality currently being mined in the southern Powder River Basin.

The tract will be leased to the qualified bidder of the highest cash amount provided that the high bid equals the fair market value of the tract. The minimum bid for the tract is \$100 per acre or fraction thereof. No bid that is less than \$100 per acre, or fraction thereof, will be considered. The bids should be sent by certified mail, return receipt requested, or be hand delivered. The Cashier will issue a receipt for each hand-delivered bid. Bids received after 4:00 p.m., on Tuesday, September 17, 1996, will not be considered. The minimum bid is not intended to represent fair market value. The fair market value of the tract will be determined by the Authorized Officer after the sale.

If identical high bids are received, the tying high bidders will be requested to submit follow-up sealed bids until a

high bid is received. All tie-breaking sealed bids must be submitted within 15 minutes following the Sale Official's announcement at the sale that identical high bids have been received.

The lease issued as a result of this offering will provide for payment of an annual rental of \$3.00 per acre, or fraction thereof, and of a royalty payment to the United States of 12.5 percent of the value of coal produced by strip or auger mining methods and 8 percent of the value of the coal produced by underground mining methods. The value of the coal will be determined in accordance with 30 CFR 206.250.

Bidding instructions for the tract offered and the terms and conditions of the proposed coal lease are available from the Wyoming State Office at the addresses above. Case file documents, WYW128322, are available for inspection at the Wyoming State Office. Robert A. Bennett,

Deputy State Director, Minerals and Lands.

[NM-030-1990-00]

Draft Environmental Impact Statement (DEIS) for the Little Rock Mine Project, Grant County, New Mexico

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Notice of Availability and Notice of Public Hearing.

SUMMARY: In accordance with section 102(c) of the National Environmental Policy Act, the Mimbres Resource Area has prepared a DEIS analyzing the potential environmental impacts of the proposed re-establishment, operation, and reclamation of the Little Rock Mine Project located approximately 7 miles south of Silver City, New Mexico. The proposed project would also require the construction of a haul road that would enable Phelps Dodge Mining Company (PDMC) to transport ore from the Little Rock Mine pit to existing Tyrone operations for processing. The permit area is approximately 600 acres of which the proposed mine pit would cover 190 acres and the haul road 40 acres.

DATES: Written comments on the DEIS must be submitted or postmarked no later than October 15, 1996. A public hearing will be held at the time and place listed under **SUPPLEMENTARY INFORMATION**.

ADDRESSES: Written comments should be sent to: Juan S. Padilla, Team

Coordinator, BLM, Las Cruces District, 1800 Marquess, Las Cruces, NM 88005.

FOR FURTHER INFORMATION CONTACT: Juan S. Padilla, Team Coordinator at (505) 525-4376.

SUPPLEMENTARY INFORMATION: Those individuals, organizations, Native American tribes, agencies, and other government agencies with a known interest in the proposal have been sent a copy of the DEIS. Single copies of the document are available from the BLM Las Cruces District Office, 1800 Marquess, Las Cruces, New Mexico and the BLM New Mexico State Office, 1474 Rodeo Road, Santa Fe, New Mexico. Reading copies are available for review at public and university libraries in Las Cruces, Silver City, Deming, Lordsburg, Socorro, and Santa Fe, New Mexico. A public hearing has been scheduled for 7:00 p.m. on Wednesday, September 25, 1996, at the Grant County Courtroom, 2nd Floor, 201 North Cooper Street, Silver City, New Mexico. Both oral and written comments may be given at the hearing. Written comments may also be submitted to the BLM, Las Cruces District, 1800 Marquess, Las Cruces, NM 88005 on or before October 15, 1996.

Oral testimony at the hearing will be limited to 10 minutes for each witness. Additional time may be granted at the discretion of the presiding officer based on the number of speakers registered. Written text of prepared speakers may be filed at the hearing whether or not the speaker has been able to complete the oral delivery in the allotted time. All oral and written comments on the adequacy of the Draft EIS will receive consideration in the Final EIS.

Dated: August 14, 1996.
Timothy M. Murphy,
Acting District Manager, Las Cruces.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-379]

Certain Starter Kill Vehicle Security Systems; Notice of Commission Determination to Affirm an Order of the Presiding Administrative Law Judge Denying Respondents' Motion for Sanctions

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to affirm the presiding administrative law judge's (ALJ's) order (Order No. 12) denying respondents' motion for sanctions in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT: Rhonda M. Hughes, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3083.

SUPPLEMENTARY INFORMATION: On November 20, 1995, Code Alarm, Inc. of Madison Heights, Wisconsin filed a complaint with the Commission alleging violations of section 337 of the Tariff Act of 1930 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain starter kill vehicle security systems by reason of alleged contributory and induced infringement of certain claims of a U.S. patent owned by complainant.

The Commission instituted an investigation of the complaint, and published a notice of investigation in the Federal Register on November 28, 1995. 60 FR 58,638. The notice named Directed Electronics, Inc. of Vista, California and Nutek Company of Taipei, Taiwan as respondents.

On February 26, 1996, complainant filed a motion to terminate the
