### DEPARTMENT OF COMMERCE

#### Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* Bureau of the Census.

*Title:* Company Organization Survey.  
*Form Number(s):* NC-9901.  
*Agency Approval Number:* 0607-0444.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 144,500 hours.

*Number of Respondents:* 85,000.

*Avg. Hours Per Response:* 1.7 hours.

*Needs and Uses:* The Census Bureau conducts the Company Organization Survey (COS) annually to update and maintain the Standard Statistical Establishment List (SSEL). The SSEL is a computerized list of all employer organizations and their establishments and contains such information as name, address, physical location, Standard Industrial Classification (SIC) code, employment size code, and company affiliation. It provides a single universe for the selection and maintenance of statistical samples of establishments, legal entities, or enterprises; provides a standard basis for assigning SIC codes; and provides establishment level data from multi-establishment companies that are summarized and published in the annual County Business Patterns series of reports. In this request for revision, we are amending instructions and adding relatively short reference lists for respondents to use as guides when reporting updated industrial classification information for selected establishments; reducing the panel size by implementing improved methodology for selectively targeting the collection to enterprises affected by changes in organization and/or operating characteristics; and removing a one-time data inquiry to selected respondents for collecting information on respondents' ability and interest in reporting data electronically in subsequent years.

*Affected Public:* Businesses or other for-profit, Not-for-profit institutions.

*Frequency:* Annually.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Title 13 USC, Sections 182, 224, and 225.

*OMB Desk Officer:* Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: August 21, 1996.

The review covers Rhone Poulenc Chimie de Base (Rhone Poulenc), a manufacturer/exporter of ASM, and shipments of this merchandise to the United States during the period from January 1, 1995 through December 31, 1995. The Department gave interested parties an opportunity to comment on our preliminary results. No comments were received. Therefore, the final results are the same as the preliminary results.

**EFFECTIVE DATE:** August 27, 1996.

#### SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 11, 1995 (60 FR 25130).

## Background

The Department initiated the January 1, 1995 through December 31, 1995 administrative review for Rhone Poulenc on February 20, 1996 (61 FR 6347) at the request of the petitioner, the PQ Corporation. On June 18, 1996, the Department issued the preliminary results for this administrative review (61 FR 30853).

## Scope of Review

Imports covered by the review are shipments of ASM, a crystallized silicate ( $\text{Na}_2\text{SiO}_3$ ) which is alkaline and readily soluble in water. Applications include waste paper de-inking, ore-flotation, bleach stabilization, clay processing, medium or heavy duty cleaning, and compounding into other detergent formulations. This merchandise is classified under Harmonized Tariff Schedule (HTS) item numbers 2839.11.00 and 2839.19.00. The HTS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

## Final Results of Review

The Department gave interested parties an opportunity to comment on its preliminary results. The Department did not receive any comments. Accordingly, for reasons discussed in the preliminary results, the Department has, pursuant to section 776 of the Act, used facts available. As discussed in the preliminary results, the Department used as facts available the 60-percent margin calculated in the original less-than-fair-value (LTFV) investigation using information provided by Rhone Poulenc. For a discussion of the reasons for application of facts available, see *Anhydrous Sodium Metasilicate from France: Preliminary Results of Antidumping Duty Administrative Review*, 61 FR 30853 (June 18, 1996).

The Department will determine, and the Customs Service will assess, antidumping duties on all appropriate entries. Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Rhone Poulenc will be 60 percent; (2) for companies not covered in this review, but covered in previous reviews or the original LTFV investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is

not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the original investigation, the cash deposit rate will be 60 percent, the "All Others" rate established in the LTFV investigation (45 FR 77498, November 24, 1980).

These deposit requirements will remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: August 20, 1996.

Robert S. LaRussa,

*Acting Assistant Secretary for Import Administration.*
