BILLING CODE 6717-01-M

[Docket No. GT96-46-000]

Western Transmission Corp.; Notice of Proposed changes in FERC Gas Tariff

January 31, 1996.

Take notice that on January 26, 1996, Western Transmission Company (Western) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1 in electronic format in compliance with the Commission's Final Rule in Docket No. RM95-3-000.

Western states that the purpose of this filing is to comply with the Commission's directive that all companies that have not restated their tariffs in electronic format must do so by January 26, 1996. The content of tariff sheets contained on the disk is identical in all respects to the paper copies that are currently on file with the Commission.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 385.211 of the

Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

BILLING CODE 6717-01-M

[Docket No. RP96-122-000]

CNG Transmission Corporation; Notice of Section 4 Filing

January 31, 1996.

Take notice that on January 25, 1996, CNG Transmission Corporation (CNG) tendered for filing pursuant to Section 4 of the Natural Gas Act, a notice of termination of gathering services currently being provided on specified uncertificated gathering lines. CNG states that the uncertificated lines are being abandoned in place and that the receipt point(s) into CNG's system in the case of abandonment in place, have been eliminated. CNG further asserts that no gas is flowing through these facilities.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. Pursuant to Section 154.210 of the Commission's Regulations, all such motions or protests must be filed no later than February 6, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

BILLING CODE 6717-01-M

[Docket No. RP96-125-000]**ANR Pipeline Company; Notice of Section 4 Filing Termination**

January 31, 1996.

Take notice that on January 26, 1996, ANR Pipeline Company (ANR) tendered for filing under Section 4 of the Natural Gas Act (NGA), notice of the termination of gathering service offered through a 63-foot, 8-inch O.D. pipeline/receipt point (Mutual Interconnection) located at the tailgate of the GPM Gas Corporation (GPM) Cimarron Processing Plant in Woodward County, Oklahoma. ANR requests that the termination of service be effective March 1, 1996.

ANR states that it will abandon this non-certificated gathering facility, which functions as an extension of the nonjurisdictional plant piping owned and operated by GPM, by sales to GPM. ANR asserts that after this Mutual Interconnection is transferred to GPM, shippers will no longer have to pay ANR a gathering fee for gathering transportation service from GPM's Cimarron Processing Plant to ANR's transmission line.

ANR states that no contracts will be terminated as a result of this sale. ANR further states that GPM will continue to deliver gas into ANR's system, however, ANR will receive it at the point where the Mutual Interconnection line meets ANR's transmission system, and that this receipt point will be designed as the Cimarron Interconnection.

ANR states that two customers have made deliveries through the Mutual Interconnection during the 12 months ended December 31, 1995. ANR maintains that these customers have been mailed notification of this change in receipt point, and subject to the Commission approval, the change will be posted on ANR's Electronic Bulletin Board.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. Pursuant to Section 154.210 of the Commission's Regulations, all such motions or protests must be filed no later than February 7, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.
