Decision List No. 942

Week of October 16 through October 20, 1995.

Appeals

Cohen & Cotton, 10/18/95, VFA-0082

Cohen & Cotton filed an Appeal from a denial by the Western Area Power Administration (WAPA) of a Request for Information which the firm had submitted under the Freedom of Information Act (the FOIA). In considering the Appeal, the DOE found that the document requested by Cohen & Cotton, a Preliminary Real Estate Plan, did not exist because it was not WAPA's customary practice to prepare such a document. Since no responsive document exists, the Appeal was denied.

Portland General Electric Company, 10/20/95, VFA-0084

Portland General Electric Company (PGE) filed an Appeal from a partial denial by the Bonneville Power Administration (BPA) of a Request For Information that it had submitted under the Freedom of Information Act. PGE maintained that additional responsive documents must exist. In considering the Appeal, the DOE found that BPA had misconstrued the scope of PGE's request. Accordingly, the Appeal was granted in part and the matter was remanded to BPA with directions to issue a new determination after consulting with PGE concerning the scope of its request.

Personnel Security Hearing

Albuquerque Operations Office, 10/17/95, VSO-0040

A Hearing Officer from the Office of Hearings and Appeals issued an Opinion regarding the eligibility of an individual for access authorization under the provisions of 10 C.F.R. Part 710. After carefully

considering the record of the proceeding in view of the standards set forth in Part 710, the Hearing Officer found that the individual uses alcohol habitually to excess, based on his long history of alcohol dependence and evidence that he continues to drink heavily, and that his alcohol use constitutes a mental illness that causes a significant defect in judgment and reliability. The Hearing Officer also found that the individual has engaged in unusual conduct, particularly with respect to willfully breaching the terms of a plea bargain agreement, that tends to show that he is not honest, trustworthy, or reliable. The DOE's security concerns regarding these behaviors were not overcome by any evidence mitigating the derogatory information underlying the DOE's charges. Accordingly, the Hearing Officer found that the individual should not be granted access authorization.

Refund Application

Texaco Inc./L & R Texaco, 10/17/95, RF321-17243

The Department of Energy (DOE) issued a Decision and Order granting in part an application that was filed by L & R Texaco (L & R). L & R was a partnership, and the application was filed by the surviving partner and three children of the other partner, who died intestate. The DOE granted the application as it pertained to the surviving partner, but denied the application as it pertained to the children of the deceased partner, finding that, under the applicable state law, the deceased partner's refund should go to his widow, and not to the children.

Refund Applications

The Office of Hearings and Appeals issued the following Decisions and Orders concerning refund applications, which are not summarized. Copies of the full texts of the Decisions and Orders are available in the Public Reference Room of the Office of Hearings and Appeals.
