Foreign-Trade Zones Board

[Order No. 844]

Expansion of Foreign-Trade Zone 73 Baltimore, Maryland, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, an application from the Maryland Department of Transportation/Maryland Aviation Administration, grantee of Foreign-Trade Zone 73, for authority to expand its general-purpose zone at a site in Baltimore, Maryland, was filed by the Board on September 27, 1995 (FTZ Docket 57-95, 60 FR 52149, 10/5/95); and,

Whereas, notice inviting public comment was given in Federal Register and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, therefore, the Board hereby orders: The application to expand FTZ 73 is approved, subject to the Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 5th day of September 1996.

Robert S. LaRussa,

Acting Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

John J. Da Ponte, Jr.,

Executive Secretary.

[Docket 68-96]

Foreign-Trade Zone 121—Albany, New York Area Application for Expansion and Request for Manufacturing Authority (Eyeglass Frames)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Capital District Regional Planning Commission, grantee of Foreign-Trade Zone 121, requesting authority to expand FTZ 121 to include a site at the Crossroads Industrial Park and requesting, on behalf of Liberty Optical Manufacturing Company, authority to manufacture eyeglass frames under zone procedures within FTZ 121, in the Albany, New York area, within the Albany Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on September 3, 1996.

FTZ 121 was approved on July 18, 1985 (Board Order 307, 50 FR 30986, 7/31/85). The zone project currently consists of the following three sites in the Albany, New York area: *Site 1:* (20 acres, 540,000 sq. ft.)—within the 551-acre Northeastern Industrial Park, Town of Guilderland (Albany County); *Site 2:* (271,000 sq. ft.)—within the 235-acre Rotterdam Industrial Park, Rotterdam (Schenectady County); and, *Site 3:* (35 acres, 43,000 sq. ft.)—within the 236-acre Port of Albany, Rensselaer.

The applicant is now requesting authority to expand the general-purpose zone to include a site (Proposed *Site 4*—12 acres)—located within the 50-acre Crossroads Industrial Park (Lots 4 and 5) in the City of Gloversville (Fulton County), New York, on State Route 29, seven miles from the New York State Thruway. The industrial park is owned by the Fulton County Industrial Development Agency and is part of the Gloversville Economic Development

Zone, which provides companies with savings on taxes, jobs, and utilities. The zone will consist of a 41,475 sq. ft. industrial warehouse facility, a 36,000 sq. ft. trailer container storage yard and a 17,015 sq. ft. manufacturing facility operated by the Liberty Optical Manufacturing Company.

The application also requests authority on behalf of Liberty Optical Manufacturing Company to manufacture eyeglass frames under zone procedures within FTZ 121. Liberty Optical's facility (25 employees) within Crossroads Industrial Park is used to assemble frames, grind lens blanks and sun protective lenses. Finished products primarily involve sports and protective/safety eyeglass frames. Materials and components purchased from abroad include temples, fronts, eye frame parts, plastic frames, metal frames, acetate material, polycarbonate shields, hardware (hinges, screws, tips & pads), lenses and eyeglass pouches.

Zone procedures will exempt Liberty Optical from Customs duty payments on the foreign components used in production for export. On domestic sales, the company would be able to choose the duty rate applicable to finished eyeglass frames (4.3%-5.3%) rather than the duty rate (5.3%) that would otherwise be applicable to materials and components. The company is also seeking an exemption from Customs duties on materials that become scrap in the production process (3%). The application indicates that the use of FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 15, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to December 2, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

DEPARTMENT OF ENERGY

Morgantown Energy Technology Center; Notice of Inventions Available for Licensing

AGENCY: Department of Energy (DOE),
Morgantown Energy Technology Center
(METC).

ACTION: Notice.

SUMMARY: The United States Department of Energy, Morgantown Energy Technology Center hereby announces that the inventions listed below are available for licensing in accordance with 35 U.S.C. 207-209 to achieve expeditious commercialization of results of federally funded research and development. Foreign patents rights have been retained on selected inventions to extend market coverage

and may also be available for licensing. A copy of issued patents may be obtained, for a modest fee, from the U.S. Patent and Trademark Office, Washington, DC 20231.

ADDRESSES: Office of Institutional Development, U.S. Department of Energy, Morgantown Energy Technology Center, P.O. Box 880, Morgantown, WV 26505.

FOR FURTHER INFORMATION: Lisa A. Jarr, Office of Institutional Development, U.S. Department of Energy, Morgantown Energy Technology Center, P.O. Box 880, Morgantown, WV 26505; Telephone (304) 285-4555; E-mail: LJARR@METC.DOE.GOV.

SUPPLEMENTARY INFORMATION: 35 U.S.C. 207 authorizes licensing of Government-owned inventions. Implementing regulations are contained in 37 CFR Part 404. 37 CFR 404.7(a)(1) authorizes exclusive licensing of Government-owned inventions under certain circumstances, provided that notice of the invention's availability for licensing has been announced in the Federal Register.
