BILLING CODE 4310-55-P

**Notice of Availability of an  
Environmental Assessment/Habitat  
Conservation Plan and Receipt of  
Application for Incidental Take Permit  
for Construction of One Single Family  
Residence on 1.68 Acres on 6800-3  
Whitecliff Road, Austin, Travis County,  
TX**

**SUMMARY:** Earlynn G. McIntyre (applicant) has applied to the Fish and Wildlife Service (Service) for an incidental take permit pursuant to Section 10(a) of the Endangered Species Act (Act). The applicant has been assigned permit number PRT-818877. The requested permit, which is for a period of 5 years, would authorize the incidental take of the endangered golden-cheeked warbler (*Dendroica chrysoparia*). The proposed take would occur as a result of the construction of one single family residence on 1.68 acres on 6800-3 Whitecliff Road, Austin, Travis County, Texas.

This action will eliminate less than one-half acre and indirectly impact less than one-half additional acre of golden-cheeked warbler habitat. The applicant proposes to compensate for this loss of golden-cheeked warbler habitat by placing \$1,500 into the City of Austin Balcones Canyonlands Conservation Fund to acquire/manage lands for the conservation of the golden-cheeked warbler.

The Service has prepared the Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take applications. Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

A determination of whether jeopardy to the species will occur or a Finding of

No Significant Impact (FONSI) will not be made before 30 days from the date of publication of this notice. This notice is provided pursuant to Section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

**DATES:** Written comments on the application should be received on or before November 4, 1996.

**ADDRESSES:** Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103. Persons wishing to review the EA/HCP may obtain a copy by contacting Joseph E. Johnston or Mary Orms, Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512/490-0063). Documents will be available for public inspection by written request, by appointment only, during normal business hours (8:00 to 4:30) at the above Austin address. Written data or comments concerning the application(s) and EA/HCPs should be submitted to the Field Supervisor, at the Austin Ecological Services Field Office at the address above. Please refer to permit number PRT-818877 when submitting comments.

**FOR FURTHER INFORMATION CONTACT:** Joseph E. Johnston or Mary Orms at the above Austin Ecological Service Field Office.

**SUPPLEMENTARY INFORMATION:** Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler.

However, the Service, under limited circumstances, may issue permits to take endangered wildlife species when such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Dated: September 23, 1996.

Frank S. Shoemaker,  
Regional Director, Region 2, Albuquerque,  
New Mexico.

**Klamath River Basin Fisheries Task  
Force; Notice of Meeting**

**AGENCY:** U.S. Fish and Wildlife Service,  
Interior.

**ACTION:** Notice of meeting.

**SUMMARY:** Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. I), this notice announces a meeting of the Klamath River Basin Fisheries Task Force, established under the authority of the Klamath River Basin Fishery Resources Restoration Act (16 U.S.C. 460ss *et seq.*). The meeting is open to the public.

**DATES:** The Klamath River Basin Fisheries Task Force will meet from 8:00 a.m. to 5:00 p.m. on Thursday, October 10, 1996, and from 8:00 a.m. to 2:30 p.m. on Friday, October 11, 1996.

**PLACE:** The meeting will be held at the Brookings Inn, Highway 101, Brookings, Oregon, 97415.

**FOR FURTHER INFORMATION CONTACT:** Dr. Ronald A. Iverson, Project Leader, U.S. Fish and Wildlife Service, P.O. Box

1006 (1215 South Main), Yreka, California 96097-1006, telephone (916) 842-5763.

**SUPPLEMENTARY INFORMATION:** The principal agenda items at this meeting will be: (1) an Update on Ecosystem Restoration Issues Before Congress; (2) an Update on the Flow Studies for the Klamath River Basin; (3) a Report on 5-year Review and RFP Development; (4) a Task Force Decision on a Final FY 1997 Work Plan; (5) a Task Force Decision to Comment on Proposed Hatfield Legislation; and (6) a Decision on Whether or How to Proceed with the Upper Basin Amendment and Assignments.

For background information on the Klamath River Basin Fisheries Task Force, please refer to the notice of their initial meeting that appeared in the Federal Register on July 8, 1987 (52 FR 25639).

Dated: September 23, 1996.

Donald V. Friberg,

*Acting Regional Director.*

## Bureau of Land Management

[OR-130-1030-00; GP6-0282]

### Establishment of Supplementary Rules

**AGENCY:** Bureau of Land Management, Spokane District, Interior.

**NOTICE:** Notice of Supplementary Rules for management and protection of Bureau of Land Management (BLM) administered land located in San Juan County, Washington.

**ACTION:** Establishment of supplementary rules for Bureau of Land Management (BLM) administered land in San Juan County, Washington.

**SUMMARY:** The purpose of establishing this supplementary rule is to provide for the management and protection of public land resources, persons and property using the public lands, and to minimize conflicts among the various users of those lands and the adjacent landowners. The various tracts of land in San Juan County, WA administered by BLM are narrow and are not safely suited for the discharge of rifles.

In accordance with 43 CFR 8365.1-6; the following supplementary rule is hereby established for all BLM lands in San Juan County, Washington.

43 CFR 8365.1-6

(a) On all public lands administered by BLM in San Juan County, WA; unless otherwise authorized, no person shall:

(1) Use or discharge any rifle for any purpose including hunting. This supplementary rule does not prohibit the otherwise legal uses of shotguns, handguns or archery equipment.

**EFFECTIVE DATE:** This supplementary rule is effective upon publication of this notice and will remain in effect until rescinded or modified by the authorized officer.

**FOR FURTHER INFORMATION CONTACT:** District Ranger, Bureau of Land Management, Spokane District Office, 1103 North Fancher, Spokane, Washington, 99212-1275; or call (509) 536-1200.

**SUPPLEMENTARY INFORMATION:** The authority for this supplementary rule is provided in 43 CFR 8365.1-6. Violation of this rule is punishable by fine and/or imprisonment.

Dated: September 25, 1996.

Cathy L. Harris,

*Acting District Manager.*

## National Park Service

### Notice of Inventory Completion for Native American Human Remains From Unalakleet, AK, in the Control of the Alaska State Office, Bureau of Land Management, Anchorage, AK

**AGENCY:** National Park Service.

**ACTION:** Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains and associated funerary objects in the control of the Alaska State Office, Bureau of Land Management, Anchorage, AK.

A detailed assessment of the human remains was made by Bureau of Land Management and University of Alaska Museum professional staff in consultation with representatives of the Native Village of Unalakleet.

During the summer of 1990, human remains representing one individual were recovered from site UKT-023 during a legally authorized salvage project. No known individuals were identified. No associated funerary objects are present. Site UKT-023 has been identified as a 19th century Eskimo habitation site based on architecture and written accounts of the area from the 1860s. Oral history presented by representative of the Native Village of Unalakleet, in addition to the traditional Eskimo name for this site area, indicates

this site is associated with the Village of Unalakleet.

Based on the above mentioned information, Bureau of Land Management officials have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Bureau of Land Management officials have also determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and associated funerary objects and the Native Village of Unalakleet.

This notice has been sent to officials of the Native Village of Unalakleet. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Dr. Robert E. King, Alaska State NAGPRA Coordinator, Bureau of Land Management, 222 W. 7th Avenue, #13, Anchorage, AK 99513-7599; telephone: (907) 271-5510, before November 4, 1996. Repatriation of the human remains to the Native Village of Unalakleet may begin after that date if no additional claimants come forward.

Dated: September 30, 1996,

C. Timothy McKeown,

*Acting, Departmental Consulting Archeologist,*

*Acting Manager, Archeology and Ethnography Program.*

BILLING CODE 4310-70-F

### Notice of Inventory Completion for Native American Human Remains From Hooper Bay, AK, in the Control of the Alaska State Office, Bureau of Land Management, Anchorage, AK

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003(d), of the completion of an inventory of human remains and associated funerary objects in the control of the Alaska State Office, Bureau of Land Management, Anchorage, AK.

A detailed assessment of the human remains was made by Bureau of Land Management and University of Alaska Museum professional staff in consultation with representatives of the Native village of Hooper Bay.

In 1950, human remains representing one individual were recovered from the Old Sealing Camp site by Mr. Wendell
