The objective of CCRP is to facilitate collaborative research and development projects among industry, universities and federal laboratories to develop new or tailor existing technology to the commercial interests of industry. CCRP pools industry, state, and federal dollars to competitively award funding for such projects.

Membership in this consortium remains open, and CCRP intends to file additional written notification disclosing all changes in membership. Information regarding membership may be obtained from Eileen Pickett, Ohio Aerospace Institute, Cleveland, OH.

Notice Pursuant to the National Cooperative Research and Production Act of 1993; Wilfred Baker Engineering, Inc., Explosion Hazards and Protective Structure Designs

Notice is hereby given that, on September 5, 1996, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Wilfred Baker Engineering, Inc. filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in membership of a cooperative research agreement. The notifications

were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Aramco Services Company, Houston, TX, has joined the joint venture.

No other changes have been made in either the membership or planned activities of the joint venture.

On March 14, 1995, Wilfred Baker Engineering, Inc., filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the Federal Register pursuant to Section 6(b) of the Act on May 11, 1995 (60 FR 25252). The last notification was filed on March 20, 1996. A notice was published in the Federal Register on May 2, 1996 (61 FR 19639).

Parole Commission

Sunshine Act Meeting; Record of Vote of Meeting Closure (Public Law 94-409) (5 U.S.C. Sec. 552b)

I, Edward F. Reilly, Jr., Chairman of the United States Parole Commission, was present at a meeting of said Commission which started at approximately nine-thirty a.m. on Monday, September 23, 1996 at 5550 Friendship Boulevard, Chevy Chase, Maryland 20815. The purpose of the meeting was to decide one appeal from the National Commissioners' decision pursuant to 28 CFR Section 2.27. Four Commissioners were present, constituting a quorum when the vote to close the meeting was submitted.

Public announcement further describing the subject matter of the meeting and certifications of General Counsel that this meeting may be closed by vote of the Commissioners present were submitted to the Commissioners prior to the conduct of any other business. Upon motion duly made, seconded, and carrier, the following Commissioners voted that the meeting be closed: Edward F. Reilly, Jr., Jasper Clay, Jr., John R. Simpson, and Michael J. Gaines.

IN WITNESS WHEREOF, I make this official record of the vote taken to close this meeting and authorize this record to be made available to the public.

Dated: September 23, 1996.
Edward F. Reilly, Jr.,
Chairman, U.S. Parole Commission.

NATIONAL BANKRUPTCY REVIEW COMMISSION

Meeting

AGENCY: National Bankruptcy Review Commission.

ACTION: Notice of public meeting and public hearing.

Time and Date: Friday, October 18, 1996; 8:30 a.m. to 4:30 p.m.; and Saturday, October 19, 1996; 8:15 a.m. to 5:00 p.m.

Place: The Commission will hold its Public Meeting and Hearing at the San Diego Marriott Hotel and Marina, 333 West Harbor Drive, San Diego, California 92101-7700. The Meeting and Hearing room location will be posted at the Hotel.

Status: The Meeting and Hearing will be open to the public.

Matters To Be Considered: At its Public Meeting, the Commission will consider general administrative matters, including substantive agenda; Commission working groups will consider the following substantive matters: Government as creditor or debtor; small businesses/single asset real estate cases; improving jurisdiction and procedure; consumer bankruptcy; and mass torts and future claims. The Public Hearing will provide an open forum for public participation which will be held on Saturday, October 19, 1996, from 1:00 p.m. to 5:00 p.m.

SUPPLEMENTARY INFORMATION: The Public Hearing will be open to any individual or organization who wants to make an oral presentation to the National Bankruptcy Review Commission concerning the Commission's statutory responsibilities. The Public Hearing is being held in conjunction with the National Conference of Bankruptcy Judges Annual Meeting in San Diego, California at the San Diego Marriott and Marina, 333 West Harbor Drive, San Diego, California. Persons who would like to make an oral presentation to the Commission at the Public Hearing may register in advance by calling the National Bankruptcy Review Commission at (202) 273-1813 no later than Wednesday, October 16, 1996, before 5:00 p.m. EST and providing name, organization (if applicable), address and phone number, or register in person at the National Bankruptcy Review Commission registration desk at the San Diego Marriott Hotel and Marina by providing, name, organization (if applicable), address and phone number. If the volume of requests to speak to the Commission at the

Public Hearing exceeds the time available to accommodate all such requests, the speakers will be chosen on the basis of order of registration.

Oral presentations will be limited to five minutes per speaker. Persons speaking are requested, but not required, to supply twenty (20) copies of their written statements prior to their presentations to the National Bankruptcy Review Commission, Thurgood Marshall Federal Judiciary Building, One Columbus Circle, NE., Suite G-350, Washington, DC 20544. Written submissions are not subject to any limitations.

NATIONAL SCIENCE FOUNDATION

Proposed Data Collection: Common Request; Title of Proposed Collection: National Survey of Recent College Graduates

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the National Science Foundation (NSF) will publish periodic summaries of proposed projects. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, call the NSF Clearance Officer on (703) 306-1243.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: The National Survey of Recent College Graduates (NSRCG), formerly called the New Entrants Survey, has been conducted biennially since 1974. For the 1997 cycle, bachelor's and master's degree recipients in science and engineering from the academic years 1994-95 and 1995-96 will be surveyed. The purpose of the study is to provide national estimates describing the relationship between education and employment for new science and engineering graduates. The study is one of three components of the Scientists and Engineers Statistical Data System (SESTAT), formerly called the Scientific and Technical Personnel Data System (STPDS). In 1997, the NSRCG survey effort will also include a Follow-up panel survey of graduates that received their degrees between 1991 and 1994, inclusive. The purpose of the Follow-up panel survey is to create a historical data set on the same individuals permitting longitudinal analysis.

The National Science Foundation Act of 1950, as subsequently amended, includes a statutory charge to " * * * provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering resources, and to provide a source of information for policy formulation by

other agencies of the Federal Government." The National Survey of Recent College Graduates is designed to comply with these mandates by providing information on the supply and utilization of newly qualified scientists and engineers. Collected data will be used to produce estimates of the characteristics of new graduates entering the science and engineering labor force. They will also provide necessary input into the SESTAT labor force model, which produces national estimates of the size and characteristics of the country's science and engineering population. The Foundation uses this information to prepare congressionally mandated reports such as Women and Minorities in Science and Engineering and Science and Engineering Indicators. A public release file of collected data, designed to protect respondent confidentiality, will be made available to researchers on CD-ROM and on the World Wide Web.

To conduct the study, lists of 1994-95 and 1995-96 science and engineering bachelor's and master's degree recipients will be collected from a nationally representative sample of 275 institutions awarding such degrees. The United States Department of Education's Family Policy Compliance Office has reviewed the study's goals and procedures and concluded that postsecondary institutions may provide these lists without violating the Family Education Rights and Privacy Act of 1976 (FERPA). From the collected lists, a sample of approximately 13,500 graduates will be selected for the NSRCG and 14,000 graduates will be selected for the Follow-up panel survey. The sample design includes oversampling of minority graduates and varying sampling rates to represent specific fields of science and engineering. Sample members will be requested to complete a 30 minute interview conducted by telephone and/or mail. The survey will be collected in conformance with the Privacy Act of 1974. Each graduate's participation will be entirely voluntary. NSF will insure that all information collected will be kept strictly confidential and will be used only for research or statistical purposes, analyzing data, and preparing scientific reports and articles.

The graduate sample size for the NSRCG for two academic years covered by this survey cycle (1994-95 and 1995-96) is estimated to be 13,500. An unweighed graduate response rate of 85 percent is anticipated (86 percent was obtained on the previous cycle). The graduate sample size for the Follow-up panel survey is estimated to be 14,000. An unweighed graduate response rate
