The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace extending upward from 700 feet above the surface (AGL) at Montauk, NY. A VOR or GPS RWY 6 SIAP has been developed for Montauk Airport. Additional controlled airspace extending upward from 700 feet above the surface (AGL) is needed to accommodate this SIAP and for IFR operations at the airport. The area would be depicted on appropriate aeronautical charts. Class E airspace designations for airspace extending upward from 700 feet above the surface are published in Paragraph 6005 of FAA Order 7400.9D dated September 4, 1996, and effective September 16, 1996, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposal regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposal regulation(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposal rule would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

DEPARTMENT OF EDUCATION

34 CFR Parts 607, 608, 609, 628, 636, 637, 645, 647, 649, 650, 655, 658, 660, 661, and 669

RIN 1840-AC38

Removal of Regulations

AGENCY: Department of Education.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Secretary proposes to amend the Code of Federal Regulations (CFR) to remove certain regulations effective September 30, 1997. The regulations proposed to be removed are 34 CFR parts 607 (Strengthening Institutions Program), 608 (Strengthening Historically Black Colleges and Universities Program), 609 (Strengthening Historically Black Graduate Institutions Program), 628 (Endowment Challenge Grant Program), 636 (Urban Community Service Program), 637 (Minority Science Improvement Program), 645 (Upward Bound Program), 647 (Ronald E. McNair Postbaccalaureate Achievement Program), 649 (Patricia Roberts Harris Fellowship Program), 650 (Jacob K. Javits Fellowship Program), 655 (International Education Programs—General Provisions), 658 (Undergraduate

International Studies and Foreign Language Program), 660 (The International Research and Studies Program), 661 (Business and International Education Program), and 669 (Language Resource Centers Program). As a result of a review in accordance with the President's regulatory reinvention initiative, the Secretary has determined that these regulations will no longer be needed after September 30, 1997.

DATES: Comments must be received on or before December 6, 1996.

ADDRESSES: All comments concerning these proposed regulations should be addressed to Alan Schiff, Office of Postsecondary Education, U.S. Department of Education, Suite 600, Portals Bldg., 600 Independence Avenue, SW, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: Alan Schiff, Office of Postsecondary Education, U.S. Department of Education at the address above or telephone: (202) 708-9027. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: President Clinton's memorandum of March 4, 1995, titled "Regulatory Reinvention Initiative," directed heads of departments and agencies to review all existing regulations to eliminate those that are outdated and modify others to increase flexibility and reduce burden.

These programs will be administered on the basis of the applicable statute, the Education Department General Administrative Regulations and, in the case of parts 658 and 660, the remaining regulations in those parts. The removal of these regulations does not alter the obligations of current recipients of federal funds. The regulations in effect when a grant or other agreement is made govern that grant or agreement, unless otherwise specifically provided.

Parts 637, 658, 660, 661, and 669 were previously included in a notice of proposed rulemaking (NPRM) published on July 16, 1996 (61 FR 37184) that proposed amendments to these parts and the Education Department General Administrative Regulations (EDGAR) governing discretionary grant programs. The July 16 amendments proposed to establish new general EDGAR selection criteria for use by discretionary grant programs and to remove regulatory provisions made unnecessary by the amendments. No public comments were received on the proposed amendments to parts 637, 658, 660, 661, and 669.

Upon further review, the Secretary has determined that parts 637, 661, and 669 and additional sections of parts 658 and 660 can be removed. Since these changes are more extensive than the changes previously proposed, they are included in this NPRM for public comment and will not be included in final regulations based on the July 16 NPRM.

The Department is continuing to review its other existing regulations thoroughly in consultation with its customers and partners. To the extent the Secretary can identify further opportunities for regulatory reinvention, the Secretary will propose appropriate amendments to revise or eliminate outdated provisions, reduce burden, and increase flexibility.

Regulatory Flexibility Act Certification

The Secretary certifies that these proposed regulations would not have a significant economic impact on a substantial number of small entities. The removal of the regulations listed in this document would not have a significant economic impact on any of the entities affected.

Paperwork Reduction Act of 1995

These regulations have been examined under the Paperwork Reduction Act of 1995 and have been found to contain no information collection requirements.

Intergovernmental Review

Some of the programs that would be affected by these regulations are subject to the requirements of Executive Order 12372 and the regulations in 34 CFR part 79. The objective of the Executive order is to foster an intergovernmental partnership and a strengthened federalism by relying on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

In accordance with the order, this document is intended to provide early notification of the Department's specific plans and actions for these programs.

Invitation To Comment

Interested persons are invited to submit comments and recommendations regarding these proposed regulations.

All comments submitted in response to these proposed regulations will be available for public inspection, during and after the comment period, in room 5100, FB-10, 600 Independence Avenue, SW, Washington, DC, between the hours of 9:30 a.m. and 4:00 p.m.,

Monday through Friday of each week except Federal holidays.

Assessment of Educational Impact

The Secretary particularly requests comments on whether the proposed regulatory changes in this document would require transmission of information that is being gathered by or is available from any other agency or authority of the United States.
