Gas Tariff**

October 2, 1996.

Take notice that on September 27, 1996, Raton Gas Transmission Company (Raton) tendered for filing First Revised

Tariff Sheets 4, 10, 18 and 23 to become effective October 1, 1996. Raton receives upstream transportation and storage services from Colorado Interstate Gas Company (CIG); Raton's Rate Schedule FT-1, Firm Transportation Service, and Rate Schedule IT-1, Interruptible Transportation Service, incorporate by reference the charges by CIG for its transportation and storage of natural gas from CIG's points of receipt to its delivery to Raton pursuant to CIG's currently effective Rate Schedule NNT-1.

In Docket No. RP96-190-000, CIG has proposed, inter alia, to increase its rates and to restructure its service, and to replace the service presently provided pursuant to its Rate Schedule NNT-1 with several optional services. Raton has elected to replace the service it receives under CIG's present Rate Schedule NNT-1 with services pursuant to CIG's proposed Rate Schedules NNT-1 and TF-2. Raton's First Revised Tariff Sheets 4 and 18 incorporate CIG's Rate Schedule NNT-1 and TF-2 charges into Raton's Rate Schedules. First Revised Sheet No. 10 changes the minimum Btu per cubic foot from 968 Btu's to 950 Btu's, in order to reflect the minimum Btu content for natural gas accepted for shipment by CIG. First Revised Sheet No. 23, Index of Shippers, replaces Associated Natural with PanEnergy Field Services, Inc., which has acquired the pipeline system formerly owned by Associated Natural.

CIG's Rate Schedules NNT-1 and TF-2 will be made effective October 1, 1996, subject to refund. Raton has requested that its First Revised Tariff Sheets 4, 10, 18 and 23 be accepted effective October 1, 1996, simultaneous with the CIG tariff changes, subject to the flow-through of any refunds that CIG makes when Docket No. RP96-190-000 is finally resolved.
