Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT. **ACTION:** Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: An effective date for each SIAP is specified in the amendatory provisions.

Incorporation by reference-approved by the Director of the Federal Register on December 31, 1980, and reapproved as of January 1, 1982. **ADDRESSES:** Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located; or

3. The Flight Inspection Area Office which originated the SIAP.

For Purchase—Individaul SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA– 200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

By Subscription—Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT: Paul J. Best, Flight Procedures Standards Branch (AFS–420), Technical Programs Division, Flight Standards Service, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone (202) 267–8277.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are identified as FAA Forms 8260–3, 8260– 4, and 8260–5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the Federal Register expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an affective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Approach Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a ''significant rule'' under DOT **Regulatory Policies and Procedures (44** FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Bureau of Consular Affairs; Visas Documentation of Nonimmigrants Under the Immigration and Nationality Act, as Amended; Application for Nonimmigrant Visa—Olympic Procedures

AGENCY: Bureau of Consular Affairs, DOS.

ACTION: Final rule.

SUMMARY: In order to accommodate the increased workload as a result of the Summer Olympic Games held in Atlanta in July 1996, the Department made certain temporary changes in established procedures for processing nonimmigrant visas for the great number of participants [61 FR 1521, January 22, 1996]. These changes included: granting the Deputy Assistant Secretary for the Visa Office authority to designate consular posts for processing of NIVs regardless of the applicant's place of residence or physical presence, a waiver of the passport requirement at the time of visa application, and a waiver of the photograph requirement at the time of NIV application and issuance. As these special procedures are no longer applicable, the Department is removing them from the regulations.

DATES: October 10, 1996.

FOR FURTHER INFORMATION CONTACT: Stephen K. Fischel, Chief, Legislation and Regulations Division, 202 663– 1204.

SUPPLEMENTARY INFORMATION:

Background

The Games of the XXVI Olympiad held in Atlanta, Georgia were the largest in history with 10,000 athletes and at least 45,000 persons in the entire Olympic Family. "Olympic Family Members'' included: athletes, coaches, trainers, support personnel, senior officials of the International Olympic Committee, International Federations, National Olympic Committees, and other Olympic Games Organizing Committees, as well as official guests, rightsholding broadcasters, accredited international media representatives and international judges and juries. The vast majority of "Olympic Family Members" were aliens and had to be processed for admission into the United States for the Games. The great numbers involved required the Department of State and other agencies engaged in the process to devise means to accommodate "Olympic Family Members" in the most efficient fashion. Visa processing procedures for the Games were specifically designed to minimize the burden on the currently heavily taxed resources at U.S. consular posts abroad and to facilitate visa processing for "Olympic Family Members."

Final Rule

This final rule removes the temporary regulations established for processing nonimmigrant visas for temporary visitors to the United States for purposes of the 1996 Olympic Games in Atlanta. It is being promulgated as a final rule based on the exception found at 5 U.S.C. 553(b), the Department for good cause having found that public notice is unnecessary because the rule merely eliminates regulations that are no longer relevant.

This rule is not expected to have a significant impact on a substantial number of small entities under the Regulatory Flexibility Act, 5 U.S.C. 605(b). This rule does not impose information collection requirements under the Paperwork Reduction Act, 44 U.S.C. Chapter 35. This rule has been reviewed as required under E.O. 12988. This rule is exempt from review under E.O. 12866, but has been reviewed internally by the Department to ensure consistency with the objectives thereof.
