

3. On September 9, 1996, Florida submitted a requested for a general waiver of the freeze *Order* for all twenty (20) General Category channels numbered 114 through 133 throughout the state of Florida. It also requested that channel number 96, which is licensed for statewide mutual aid use, not be subject to the freeze *Order* for the State of Florida 800 MHz radio system and for all public safety applicants within the state. Florida asserts that the continued success of the implementation of their statewide radio system "critically depends on the construction of new or modified stations." Florida argues that the freeze *Order* unfairly prohibits Florida from altering its statewide radio system. In order to avoid what it argues is the inevitable and burdensome task of seeking waivers of the freeze *Order* on a case-by-case basis (e.g., the August 7, 1996, request), Florida requests the waiver apply to the entire geographic area of its statewide radio system and for all twenty-one (21) of the above-noted General Category channels.

4. Interested parties may file comments concerning the Request For Waiver on or before November 7, 1996. Reply comments are due on or before November 12, 1996. Comments and reply comments should be sent or delivered to: Office of the Secretary, Federal Communications Commission, 1919 M Street, NW., Room 222, Washington, DC 20554, Att'n Private Wireless Division, Wireless Telecommunications Bureau. A copy should also be sent or delivered to: Private Wireless Division, Wireless Telecommunications Bureau, Room 8010, Stop Code 2000-F, Federal Communications Commission, 2025 M Street, NW., Washington, DC 20554. Finally, a copy should be sent or delivered to the Commission's duplicating contractor: International Transcription Services, Inc. (ITS), 2100 M Street, NW., Suite 140, Washington, DC 20037 (telephone number: (202) 857-3800). Copies of the waiver request may be obtained from ITS. Copies are also available for public inspection during regular business hours in the Private Wireless Division, Wireless Telecommunications Bureau, Room 8010, 2025 M Street, NW., Washington, DC 20554.

5. We will treat this proceeding as non-restricted for purposes of the Commission's *ex parte* rules. See generally, 47 CFR 1.1200-1.1206. However, if this waiver petition is opposed, then it will be treated as a restricted proceeding under the Commission's *ex parte* rules. See generally, 47 CFR 1.1208-1.1216.

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the

general public and other Federal agencies to take this opportunity to comment on a proposed extension of a collection of information. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments on two forms used by FEMA's National Emergency Training Center (NETC) to approve and coordinate the use of the NETC facility for extracurricular training activities.

SUPPLEMENTARY INFORMATION: The NETC is a FEMA facility that houses the Emergency Management Institute and the National Fire Academy. It provides training and education programs for Federal, State, and local personnel in hazard mitigation, emergency response and preparedness, fire prevention and control, disaster response, and long-term disaster recovery. Special groups sponsored by the EMI, NFA, or other FEMA organizations may use NETC facilities to conduct activities closely related to and in direct support of the their activities. Such groups include other Federal departments and agencies, groups chartered by Congress such as the American Red Cross, State and local governments, volunteer groups and national and international associations representing State and local governments.

Collection of Information

Title. Approval and Coordination of Requirements to Use the NETC for Extracurricular Training Activities.

Type of Information Collection. Extension.

OMB Number: 3067-0219.

Form Numbers. FEMA Form 75-10, Request for Housing Accommodations; and FEMA Form 75-11, Request for Use of NETC Facilities.

Abstract. Data will be obtained from special groups that request to use NETC facilities for extracurricular training activities. Extracurricular training is training over and above regularly scheduled training sessions of NFA and EMI. The policy of the NETC is to accommodate other training activities on a space available basis at the Emmitsburg campus. In order for NETC to approve and schedule the use of its facilities, information must be provided by special group organizations. A written or telephone request for use of NETC facilities is initially made to determine availability of the facilities. If space is available, the contact person for the special group must follow up by completing FEMA Form 75-11 to provide information on the number of participants, meals, and special requirements. The information is used to assign classrooms, schedule equipment, and arrange for food service.

FEMA Form 75-10 is completed by the group's contact person to provide information on the participants who will be staying on campus. The

information is used to assign dormitory rooms.

Affected Public: Individuals and households, Business or other for-profit,

Not-for-profit, Federal Government, and State, Local or Tribal Government.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency has submitted the following proposed information collection to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3507).

Title: Claims for National Flood Insurance Program.

Type of Information Collection: Extension.

OMB Number: 3067-0021.

Abstract: The National Flood Insurance Program (NFIP) authorized by Public Law 90-448 (1968) and expanded by P.L. 93-234 (1973) provides low-cost federally subsidized flood insurance for existing buildings exposed to flood risk. In return, communities must enact and administer construction safeguards to ensure that new construction in the flood plain will be built to eliminate or minimize future flood damage. In accordance with Public Law 93-234, the purchase of flood insurance is mandatory when Federal or federally-related financial assistance is being provided for acquisition or construction of buildings located, or to be located, within FEMA-identified special flood hazard areas of communities which are participating in the NFIP. The following forms, which are included in this collection of information, are necessary for the continued proper performance of the Agency's functions related to indemnifying policyholders for flood damages to their properties.

FEMA Form 81-40, Worksheet-Contents-Personal Property, is used by the insured to assess personal property damage. Estimated burden is 2.5 hours.

FEMA Form 81-41, Worksheet-Building, is used by the adjuster to determine the scope of damage to a building. Estimated burden is 2.5 hours.

FEMA Form 81-41A, Worksheet-Building (Cont'd), is a continuation of form 81-41. Estimated burden is 1 hour.

FEMA Form 81-42, Proof of Loss, is used to establish a settlement on the amount the insured will receive. Estimated burden is 5.6 minutes.

FEMA Form 81-43, Notice of Loss, is used to gather loss information. Estimated burden is 4 minutes.

FEMA Form 81-44, Statement as to Full Cost of Repair or Replacement Cost Coverage, Subject to the Terms and Conditions of This Policy, is used by the insured to determine if the structure can be repaired or qualify for replacement cost. Estimated burden is 6-7 minutes.

FEMA Form 81-57, National Flood Insurance Program Preliminary Report, is used to identify the insured and the address of risk. Estimated burden is 4 minutes.

FEMA Form 81-58, National Flood Insurance Program Final Report, is used to document and review overall damages to the property, and to provide a breakdown on claims information. Estimated burden is 4 minutes.

FEMA Form 81-59, National Flood Insurance Program Narrative Report, is used to write a narrative report on the loss. Estimated burden is 5-6 minutes.

FEMA Form 81-63, Cause of Loss and Subrogation Report, is used to identify a potential subrogation loss. Estimated burden is 1 hour.

A Mobile Home Worksheet is used to obtain data to specifically identify a flood damaged mobile home and to determine whether it will be repaired, replaced, or salvaged. The data includes the manufacturer, year, size, model, serial number of a mobile home, the individual from whom the mobile home was purchased, and its repair cost or salvage value. Estimated burden is 30 minutes.

Affected Public: Individuals or households, Business or other for-profit, Not-for-profit, Farms, Federal government, State, Local or Tribal Government.

Number of Respondents: 73,437.

Estimated Time per Respondent: 3.8 hours per claim.

Estimated Total Annual Burden Hours: 279,060.

Frequency of Response. Claims are filed and adjusted for each flooding event. The frequency and number of responses depend on weather and related flooding conditions.
