

advance," to "Intermittent by NOTAM, 2 hours in advance." The current 12-hour in advance NOTAM requirement does not permit the using agency sufficient flexibility to efficiently accomplish its mission in the event of maintenance or weather delays, or other operational factors. This proposal would not alter the existing boundaries, altitudes, or designated purpose of R-4305.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Environmental Review

This proposal would not affect the existing boundaries, altitudes, or activities conducted in R-4305. There would be no change from current operations and no new air traffic procedures would be necessary as a result of this proposed rule. Therefore, the FAA has determined that this action is not subject to environmental assessments and procedures in accordance with FAA Order 1050.1D, Policies and Procedures for Considering Environmental Impacts."

#### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 73 as follows:

### **PART 73—[AMENDED]**

1. The authority citation for part 73 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854; 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

2. Section 73.43 is amended as follows:

#### **§73.43 [Amended]**

R-4305 Lake Superior, MN—  
[Amended]

By removing "Time of Designation. Intermittent by NOTAM, 12 hours in advance," and substituting "Time of designation. Intermittent by NOTAM, 2 hours in advance."

Issued in Washington, DC, on October 29, 1996.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On August 5, 1996, ATF published a notice of proposed rulemaking (NPRM) in the Federal Register soliciting comments from the public and industry

on a proposal to revise and recodify the regulations pertaining to importation of distilled spirits, wine and beer. (Notice No. 834; 61 FR 40568).

The comment period for Notice No. 834 was scheduled to close on October 4, 1996. Prior to the close of the comment period ATF received a request from a national trade association, the Presidents' Forum of the Beverage Alcohol Industry, to extend the comment period for sixty days. The Presidents' Forum stated that it needed additional time to address the numerous and complex issues contained in the notice.

In consideration of the above, ATF finds that a reopening of the comment period is warranted.

#### *Disclosure*

Copies of this notice, Notice No. 834, and the written comments will be available for public inspection during normal business hours at: ATF Public Reading Room, Room 6480, 650 Massachusetts Avenue, NW., Washington, DC.

**Civilian Health and Medical Program of the Uniformed Services (CHAMPUS); Health Promotion and Disease Prevention Visits and Immunizations**

**AGENCY:** Office of the Secretary, DoD.  
**ACTION:** Proposed rule.

**SUMMARY:** This proposed rule expands well-baby visits and immunizations to dependents under the age of six and improves access to preventive benefits for dependents age six and above to include health promotion and disease prevention visits in connection with immunizations, pap smears and mammograms.

**DATES:** Written comments will be accepted until January 6, 1997.

**ADDRESSES:** Forward comments to the Office of Health Services Financing Policy, Department of Defense, Room 1B657 Pentagon, Washington, DC 20301-1200.

**FOR FURTHER INFORMATION CONTACT:** Cynthia P. Speight, Office of Assistant

Secretary of Defense (Health Affairs), (703) 697-8975.

**SUPPLEMENTARY INFORMATION:** On February 10, 1996, P.L. 104-106 was signed into law. Section 701 of that law extends coverage of "well-baby visits" and immunizations for an additional three years, from up to two years of age to under six years of age. Section 701 also provides for additional preventive care services under the Basic CHAMPUS Program (see § 199.4) for dependents six years of age or older. This rule implements provisions of Public Law 104-106 by changing "well-baby care" to "well-child care" and by providing for additional preventive care services for dependents six years of age or older. This rule improves availability of immunizations and other preventive services, particularly for children. While these services have previously been available in military hospitals and clinics, access has depended on proximity to military medical treatment facilities with available space and services. Access, therefore, has not been uniformly attainable for all beneficiaries.

These proposed preventive services and immunizations are based on recommendations of the U.S. Preventive Services Task Force which set national health goals in their report Healthy People 2000. Broad goals set by Healthy People 2000 included an increase in the span of healthy life for Americans, reduction in health disparities among Americans, and access to preventive services for all Americans. This rule strengthens existing programs within the Department and contributes significantly to national efforts toward meeting these goals.

**Regulatory Procedures**

Executive Order 12866 requires that a regulatory impact analysis be performed on any significant regulatory action, defined as one which would have an annual effect on the economy of \$100 million or more, or have other significant effects.

The Regulatory Flexibility Act requires that each federal agency prepare a regulatory flexibility analysis when the agency issues regulations which would have a significant impact on a substantial number of small entities. This proposed rule is not a significant regulatory action under E.O. 12866, nor would it have a significant impact on small entities. In addition, this proposed rule does not impose new information collection requirements for purposes of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501-3511). This is a proposed rule. All public comments are invited.
