#### SUPPLEMENTARY INFORMATION:

*Title:* Nectarines Grown in California, Marketing Order 916.

*OMB Number:* 0581-0072.

*Expiration Date of Approval:* June 30, 1997.

*Type of Request:* Extension of a currently approved information collection.

*Abstract:* Marketing order programs provide an opportunity for producers of fresh fruits, vegetables and specialty crops, in a specified production area, to work together to solve marketing problems that cannot be solved individually. Order regulations help ensure adequate supplies of high quality product and adequate returns to producers. Under the Agricultural Marketing Agreement Act of 1937 (AMAA), as amended (7 U.S.C. 601-674), industries enter into marketing order programs. The Secretary of Agriculture is authorized to oversee the order operations and issue regulations recommended by a committee of representatives from each commodity industry.

The California nectarine marketing order program, which has been operating since 1958, authorizes the issuance of grade, size, and maturity regulations, inspection requirements, and marketing and production research including paid advertising. Regulatory provisions apply to nectarines shipped within and out of the area of production to any market, except those specifically exempted by the marketing order.

The information collection requirements in this request are essential to carry out the intent of the AMAA, to provide the respondents the type of service they request, and to administer the California nectarine marketing order program.

The order, and rules and regulations issued thereunder, authorize the Nectarine Administrative Committee (Committee), the agency responsible for local administration of the order, to require handlers to submit certain information. Much of this information is compiled in aggregate and provided to the industry to assist in marketing decisions.

The Committee has developed forms as a convenience to persons who are required to file information with the Committee needed to carry out the purposes of the Act and the order. These forms require a minimum of information necessary to effectively carry out the requirements of the order, and their use is necessary to fulfill the intent of the Act as expressed in the order.

Nectarine growers who are nominated by their peers to serve as representatives on the Committee must file nomination forms with the Secretary.

Formal rulemaking amendments to the order must be approved in referenda

conducted by the Secretary. Also, the Secretary may conduct a continuance referendum to determine industry support for continuation of the order. Handlers are asked to sign an agreement to indicate their willingness to abide by the provisions of the order whenever the order is amended. These forms are included in this request.

These forms require the minimum information necessary to effectively carry out the requirements of the order, and their use is necessary to fulfill the intent of the AMAA as expressed in the order, and the rules and regulations issued under the order.

The information collected is used only by authorized representatives of the USDA, including AMS, Fruit and Vegetable Division regional and headquarter's staff, and authorized employees of the Committee. Authorized Committee employees and the industry are the primary users of the information and AMS is the secondary user.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 0.933 hours per response.

*Respondents:* California nectarine producers and for-profit businesses handling fresh nectarines produced in California.

*Estimated Number of Respondents:* 1131.

*Estimated Number of Responses per Respondent:* 1.015.

*Estimated Total Annual Burden on Respondents:* 1085 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the functioning of the California nectarine marketing order program and USDA's oversight of that program; (2) the accuracy of the collection burden estimate and the validity of methodology and assumptions used in estimating the burden on respondents; (3) ways to enhance the quality, utility, and clarity of the information requested; and (4) ways to minimize the burden, including use of automated or electronic technologies.

Comments should reference OMB No. 0581-0072 and Marketing Order No. 916, and be mailed to Docket Clerk, Fruit and Vegetable Division, AMS, USDA, Post Office Box 96456, room 2525-S, Washington, DC 20090-6456. Comments should reference the docket

number and page number of this issue of the Federal Register. All comments received will be available for public inspection in the Office of the Docket Clerk during regular USDA business hours at 14th & Independence Avenue SW., Washington, DC, room 2525-S.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: December 2, 1996.
