

'Federal Creditor Agency Debt Collection Data Base', last published in the Federal Register at 61 FR 32779 on June 25, 1996.

**E. Description of computer matching program:** USDA, as the source agency, will provide DMDC with magnetic tapes which contain the names of certain debtors who are delinquent in paying for overissued food stamp benefits. Upon receipt of the computer tape files of debtor accounts, DMDC will perform a computer match using all nine digits of the SSN of the USDA file against a DMDC computer database. The DMDC database, established under an interagency agreement between DoD, OPM, OMB and the Treasury Department, consists of employment records of Federal employees and military members, active and retired. Matching records ('hits'), based on the SSN, will produce the debtor's name, service or agency, category, and current work and/or home address. The hits or matches will be furnished to USDA. USDA is responsible for verifying and determining that the data on the DMDC reply tape files are consistent with USDA source files and for resolving any discrepancies or inconsistencies on an individual basis. USDA is also responsible for making final determinations as to positive identification, amount of indebtedness and recovery efforts as a result of the match.

**F. Inclusive dates of the matching program:** This computer matching program is subject to review by the Office of Management and Budget and Congress. If no objections are raised by either, and the mandatory 30 day public notice period for comment has expired for this Federal Register notice with no significant adverse public comments in receipt resulting in a contrary determination, then this computer matching program becomes effective and the respective agencies may begin the exchange of data 30 days after the date of this published notice at a mutually agreeable time and will be repeated annually. Under no circumstances shall the matching program be implemented before the 30 day public notice period for comment has elapsed as this time period cannot be waived. By agreement between USDA and DoD, the matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.

**G. Address for receipt of public comments or inquiries:** Director,

Defense Privacy Office, Crystal Mall 4, Room 920, 1941 Jefferson Davis Highway, Arlington, VA 22202-4502. Telephone (703) 607-2943.

### Privacy Act of 1974; Notice to Alter a Record System

**AGENCY:** Defense Logistics Agency, DOD.

**ACTION:** Notice to alter a record system.

**SUMMARY:** The Defense Logistics Agency proposes to alter a system of records notice in its inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. The alteration will expand the 'Categories of individuals covered by the system' to include military personnel, and add Equal Employment Opportunity statistics (i.e., age, handicap status, race and national origin) to the 'Categories of records in the system'.

**DATES:** The alteration will be effective on January 6, 1997, unless comments are received that would result in a contrary determination.

**ADDRESSES:** Send comments to the Privacy Act Officer, Office of the Staff Director, Public Affairs, HQ Defense Logistics Agency, 8725 John J. Kingman Road, Suite 2533, Fort Belvoir, VA 22060-6221.

**FOR FURTHER INFORMATION CONTACT:** Ms. Susan Salus at (703) 767-6183.

**SUPPLEMENTARY INFORMATION:** The Defense Logistics Agency notices for systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the Federal Register and are available from the address above.

The proposed system report, as required by 5 U.S.C. 522a(r) of the Privacy Act of 1974, as amended, was submitted on November 20, 1996, to the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget (OMB) pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records About Individuals,' dated February 8, 1996 (February 20, 1996, 61 FR 6427).

Dated: December 1, 1996.

Patricia L. Toppings,  
Alternate OSD Federal Register Liaison  
Officer, Department of Defense.

## Department of the Navy

### Notice of Record of Decision on the Realignment of Naval Air Station (NAS) Miramar, San Diego, California

**SUMMARY:** The Department of the Navy has decided to realign NAS Miramar into Marine Corps Air Station (MCAS) Miramar. This decision is made upon careful consideration of all comments on the Environmental Impact Statement (EIS) prepared for the realignment action. After review of the administrative record and information received during the environmental review process, the Department of the Navy has determined that no new significant environmental information or circumstances exist. Consequently, the Department of the Navy has determined that a supplemental EIS is not warranted. It has been decided to implement the realignment action using the West-Ramp configuration (Alternative B), which was both the

preferred alternative and also the environmentally preferred alternative.

**DATES:** This ROD becomes effective December 2, 1996.

**FOR FURTHER INFORMATION CONTACT:** Additional information regarding this ROD or the Miramar realignment action may be obtained from Lieutenant Colonel George Martin at (619) 537-6679.

**SUPPLEMENTARY INFORMATION:** The text of the entire ROD is provided as follows:

#### 1. Introduction

The Department of the Navy (DoN) has been studying a proposal to realign Marine Corps Aviation assets from MCAS El Toro and MCAS Tustin to other locations in Southern California. The realignment would include Marine Corps aircraft, their dedicated personnel, equipment and support. The realignment would be undertaken in accordance with the Defense Base Closure and Realignment Act (BRAC) of 1990 (Pub. L. 101-510). The DoN has conducted extensive analysis of the proposal under Section 102(2) of the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality (CEQ) regulations implementing NEPA procedures (40 C.F.R. 1500-1508). The process used for the analysis sought the views of the public and those Federal,

State and local agencies with special expertise. As a result of extensive interest shown by the public, the process was extended to provide the public with additional information and an additional opportunity to comment. Their comments have been carefully considered and have helped identify and resolve a number of issues and to sharpen the analysis. A number of the most important issues, and the manner in which they have been resolved, are set out in this Record of Decision.

Having reviewed the Final Environmental Impact Statement, the Supplemental Information Report, and all the comments and the administrative record in this matter, the Department of the Navy (DoN) announces its decision to proceed with the realignment of NAS Miramar to MCAS Miramar.

#### 2. Proposed Action

In compliance with the approved recommendations of the 1993 and 1995 Defense Base Closure Commissions, the proposed action is the relocation of Marine Corps aircraft, along with their dedicated personnel, equipment and support, from MCAS El Toro and MCAS Tustin to NAS Miramar and the conversion of NAS Miramar to MCAS Miramar. The relocation of aircraft and conversion from a Navy to Marine Corps Air Station involves: Replacement of Navy fixed-wing aircraft (including associated maintenance and support functions) designated for realignment to other Naval Air Stations with U.S. Marine Corps fixed-wing aircraft (including maintenance and support functions); the addition of rotary-wing (helicopter) aviation squadrons (including maintenance and support functions); construction of facilities to meet the requirements of the Marine Corps; use and modification of existing fixed-wing flight corridors; designation of new rotary-wing flight corridors, an increase in fixed-wing missions that involve carrying air-to-ground ordnance for use at training ranges; establishment of Confined Area Landing (CAL)/Mountainous Area Landing (MAL) sites; and adoption of Marine Corps flight procedures. Upon full implementation of the proposed action, MCAS Miramar will support approximately 256 aircraft (eight rotary-wing squadrons and nine fixed-wing squadrons), and approximately 11,000 personnel.

#### 3. Purpose and Need

The purpose and need of the proposed action is to comply with the 1993 and 1995 BRAC Commissions' recommendations for the closure of MCAS El Toro and MCAS Tustin and relocation of MCAS El Toro and MCAS
