

**Formations of, Acquisitions by, and Mergers of Bank Holding Companies**

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act, including whether the acquisition of the nonbanking company can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices" (12 U.S.C. 1843). Any request for a hearing must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would

be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than January 6, 1997.

A. Federal Reserve Bank of Chicago (James A. Bluemle, Vice President) 230 South LaSalle Street, Chicago, Illinois 60690:

1. *Security National Corporation*, Sioux City, Iowa; to acquire 100 percent of the voting shares of Security National Bank of South Dakota, Dakota Dunes, South Dakota (in organization).

Board of Governors of the Federal Reserve System, December 5, 1996.  
Jennifer J. Johnson,  
*Deputy Secretary of the Board.*

**Proposed Data Collections Submitted for Public Comment and Recommendations**

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the

proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

**Proposed Projects**

1. *Congenital Syphilis Case Investigation and Report Form* (CDC 73.126 REV 09-91) (0920-0128)—This request is for a 3-year extension of clearance. Reducing congenital syphilis (CS) is a national objective in the DHHS Report entitled *Healthy People 2000: Midcourse Review and 1995 Revisions*. Objective 19.4 of this document states the goal: "reduce congenital syphilis to an incidence of no more than 40 cases per 100,000 live births" by the year 2000. In order to meet this national objective, an effective surveillance system for CS must be continued in order to monitor current levels of disease and progress towards the year 2000 objective. This data will also be used to develop intervention strategies and to evaluate ongoing control efforts. The total estimated cost to respondents is \$14,550.

Respondents	Number of respondents	Number of responses/respondent (in hrs.)	Average burden/response (in hrs.)	Total burden (in hrs.)
State and local health department .....	2000	1	0.25	500
Total .....	.....	.....	.....	500

2. *Survey to Evaluate the 1989 Revisions of the U.S. Standard Certificates of Live Birth and Death and the U.S. Standard Report of Fetal Death—New—OMB approved the information collections for the evaluation of the 1978 revisions of the*

U.S. standard certificates and reports under OMB No. 0937-0114. The standard certificates are used by state vital statistics offices as models in developing their own birth, death, and fetal death reporting forms. Data obtained from these reporting forms in

each individual state are used to compile national vital statistics. The standard certificates are the principal means of achieving uniformity of information upon which national vital statistics are based. To ensure that the standard certificates meet the various

needs for which they are designed, it is essential that they be evaluated and revised periodically. This information collection will be used to evaluate the items on the 1989 revisions of the standard certificates and to determine if there is other information that should be

included on the standards that is needed for relevant public health research. Respondents will include individuals and organizations who are involved in the completion of vital records or who utilize vital statistics data and have an interest in the content

of the standard certificates. The information collected will be used by a group of consultants to determine what changes may be needed in the 1989 standard certificates. The total cost to respondents is estimated at \$90,000.

Respondents	Number of respondents	Number of responses/re-sponses	Average burden/response (in hrs.)	Total burden (in hrs.)
Live Birth Questionnaire .....	2000	1	0.5	1000
Fetal Death Questionnaire .....	2000	1	0.5	1000
Death Questionnaire .....	2000	1	0.5	1000
Total .....				3000

Dated: December 4, 1996.

Wilma G. Johnson,

*Acting Associate Director for Policy Planning and Evaluation, Centers for Disease Control and Prevention (CDC).*

#### [30DAY-24]

#### Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Office on (404) 639-7090. Send written comments to CDC, Desk Officer; Human Resources and Housing Branch, New

Executive Office Building, Room 10235; Washington, DC 20503. Written comments should be received within 30 days of this notice.

The following requests have been submitted for review since the last publication date on November 27, 1996.

#### Proposed Project

1. Chronic Fatigue Syndrome Surveillance and Related Studies—Prevalence and Incidence of Fatiguing Illness in Sedgewick County, Kansas—New—In 1994, OMB approved the information collection "Epidemiology of Fatiguing Illness in Wichita: A Population-Based Study" under OMB Number (0920-0336). Data from this cross-sectional, point prevalence, random-digit-dial survey of prolonged fatiguing illness in San Francisco, CA concluded that CFS continues to exist and that prolonged fatigue occurs in

over five percent of the population in San Francisco.

The proposed study replicates the San Francisco study using identical methodology and data collection instruments. Beginning with a random-digit-dial telephone survey to identify fatigued individuals, followed by a case-control study where surveillance interview instruments will be used to obtain comparative data on fatigued individuals and matched health (non-fatigued) controls. Study objectives remain to refine estimates of CFS in Wichita, identify similarities and differences among cases and controls, and to evaluate the merits of a physician-based surveillance conducted by the Wichita department of health. The total annual burden is 7646. Send comments to CDC Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503.

Respondents	Number of respondents	Number of responses/respondent	Avg. burden/response (in hrs.)
Household Screener .....	26,000	1	0.083
*Cross-sectional interview .....	6,864	1	.....
*Follow-up interview .....	5,148	1	.....
Adolescent Questionnaire .....	5,532	1	0.027

\*These respondents are a subset of the 26,000 respondents to household.

Dated: December 4, 1996.

Wilma G. Johnson,

*Acting Associate Director for Policy Planning and Evaluation, Centers for Disease Control and Prevention (CDC).*

#### Proposed Information Collection Activity; Comment Request

#### Proposed Projects

*Title:* Child Support Enforcement Technical Assistance Survey and Best Practices Report.

*OMB No.:* New Collection.

*Description:* The new welfare reform law requires the Federal Office of Child Support Enforcement (OCSE) to provide technical assistance to States and localities. This information collection is designed to help OCSE learn what type of technical assistance is needed, and what child support practices have been successful. We plan to collect the first type of information through voluntary needs assessment and technical
