BILLING CODE 4310-84-P

Bodie Bowl Area Legislative Withdrawal and Routine Maintenance to Bishop Resource Management Plan, Public Notification; California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of legislative withdrawal.

SUMMARY: On October 31, 1994, the Bodie Protection Act of 1994 (Title X, Pub. L. 103-433; 108 Stat. 4509) withdrew approximately 7,560 acres of Federal lands from location and entry under the United States mining laws (30 U.S.C. Ch. 2 (1988)), the operation of the Mineral Leasing Act (30 U.S.C. 181 (1988)) or the Geothermal Steam Act of 1970 (30 U.S.C. 100 (1988)), and disposal of mineral materials under the Act of July 31, 1947, commonly known as the Materials Act of 1947 (30 U.S.C. 601 (1988)) for the protection of the Bodie Bowl area. This legislative withdrawal will remain in effect until terminated or modified by another Act of Congress. Additional non-Federal lands may be withdrawn under this legislative withdrawal, but only after they have been acquired by BLM and title has been accepted on behalf of the United States. Up to approximately 9,000 acres of land may be withdrawn under this legislative withdrawal. This is also notice of routine maintenance to the Bishop Resource Management Plan (RMP) to make minor adjustments to the boundary of the Bodie Bowl Area of Critical Environmental Concern (ACEC) so that the ACEC encompasses the same area as the Bodie Bowl area Legislative Withdrawal.

EFFECTIVE DATE: This legislative withdrawal was effective October 31, 1994, the date of enactment of the Bodie Protection Act of 1994. The routine maintenance to the Bishop RMP is effective on December 16, 1996.

FOR FURTHER INFORMATION CONTACT: Duane Marti, BLM California State Office (CA-931.4), 2135 Butano Drive, Sacramento, California 95825-0451; 916-979-2858.

SUPPLEMENTARY INFORMATION: In the Bodie Protection Act of 1994 (Title X, Pub. L. 103-433; 108 Stat. 4509), Congress found that: (1) the historic Bodie gold mining district was the site of the largest and best preserved

authentic ghost town in the western United States, (2) the Bodie Bowl area contained important natural, historical, and aesthetic resources, (3) Bodie was designated as a National Historic Landmark in 1961 and a California State Historic Park in 1962, is listed on the National Register of Historic Places, and is included in the Federal Historic American Building Survey, (4) the town of Bodie and the Bodie Bowl area are threatened by proposals to explore and extract minerals, which could threaten the resources described above, and (5) the California State Legislature, in 1990, requested the President and Congress to direct the Secretary of the Interior to protect the ghost town character, ambience, historic buildings, and scenic attributes of the town of Bodie and nearby areas. Pursuant to section 1004 of the Bodie Protection Act of 1994, Congress directed the Secretary of the Interior to publish a legal description of the Bodie Bowl area in the Federal Register.

1. Therefore, pursuant to the Bodie Protection Act of 1994 (Title X, Pub. L. 103-433, 108 Stat. 4509), on October 31, 1994, subject to valid existing rights, on October 31, 1994, the following described Federal lands were withdrawn from location and entry under the United States mining laws (30 U.S.C. Ch. 2 (1988)), the operation of the Mineral Leasing Act (30 U.S.C. 181 (1988)) or the Geothermal Steam Act of 1970 (30 U.S.C. 100 (1988)), and disposal of mineral materials under the Act of July 31, 1947, commonly known as the Materials Act of 1947 (30 U.S.C. 601(1988)) for the protection of the Bodie Bowl area:

Sec. 23, N $\frac{1}{2}$ NW $\frac{1}{4}$ and SW $\frac{1}{4}$ NW $\frac{1}{4}$.

The areas described aggregate approximately 7,560 acres in Mono County.

2. As identified in the *Bishop Resource Management Plan Record of Decision* (ROD), approved on March 25, 1993, the following described non-Federal lands, except for those lands owned by the State of California, are desirable for acquisition to facilitate protection of the Bodie Bowl area. In the event, any of these non-Federal lands, except for those lands owned by the State of California, return to public ownership by donation, purchase, or exchange, they would also become subject to this legislative withdrawal, only upon acceptance of title by BLM on behalf of the United States, pursuant to standards and regulations promulgated by the U. S. Department of Justice.

The following described non-Federal lands are located within the boundary of the Bodie Bowl area:

Mount Diablo Meridian

T. 4 N., R. 27 E.,

Sec. 9, all non-Federal lands;

Sec. 10, all non-Federal lands;

Sec. 11, W $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$;

Sec. 14, NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$;

Sec. 16, all non-Federal lands;

Sec. 17, all non-Federal lands;

Sec. 20, all non-Federal lands; and

Sec. 21, all non-Federal lands.

The areas described aggregate approximately 1,440 acres in Mono County.

3. This legislative withdrawal will remain in effect until terminated or modified by another Act of Congress.

4. The legal description of the Bodie Bowl ACEC, as described in the ROD, is corrected to conform to the legal descriptions in paragraphs 1 and 2 above.

Dated: December 3, 1996.

Bureau of Reclamation

Interim South Delta Program, Central Valley, California, INT-DES 96-35

AGENCY: Bureau of Reclamation (Interior).

ACTION: Notice to extend the review and comment period and to hold an additional public hearing on the draft

environmental impact report/draft environmental impact statement.

SUMMARY: On August 14, 1996, the Bureau of Reclamation (Reclamation) and the California Department of Water Resources (DWR) released a joint draft environmental impact report/draft environmental impact statement (DEIR/DEIS) for the Interim South Delta Program (ISDP). The review and comment period was to end on December 6, 1996. Reclamation and DWR are extending the review and comment period to allow more extensive review by interested parties. Also, an additional public hearing has been scheduled.

DATES: The review and comment period has been extended to January 31, 1997. The additional public hearing will be held on January 22, 1997, from 7:00 p.m. to 9:30 p.m.

ADDRESSES: The public hearing will be held at the Tracy Inn, 30 West 11th Street, Tracy, California. Requests for copies of either the Executive Summary or the entire DEIR/DEIS should be sent to Ms. Judy Fong, Department of Water Resources, 1416 Ninth Street, Room 215-28, Sacramento, CA 95814; Telephone: (916) 653-3496; Fax: (916) 653-6077. Written comments on the DEIR/DEIS should be addressed to Mr. Stephen Roberts, Department of Water Resources, 1416 Ninth Street, Room 215-20A, Sacramento, CA 95814; Telephone: (916) 653-2118.

Copies of the DEIR/DEIS are also available for public inspection and review at the following locations:

FOR FURTHER INFORMATION CONTACT: For additional information, please contact Mr. Alan R. Candlish, Study Manager, CC-102, Bureau of Reclamation, 7794 Folsom Dam Road, Folsom CA 95630, Telephone: (916) 989-7255; Mr. Stephen Roberts at (916) 653-2118; or Lee Kerin, DWR, (916) 654-6515.

SUPPLEMENTARY INFORMATION: The ISDP facilities are designed to improve water levels and circulation in the south Delta channels to benefit local agriculture and fish habitat and to allow the State Water Project (SWP) to increase winter water diversions into Clifton Court Forebay (Forebay). The Forebay is adjacent to the SWP's Harvey O. Banks Delta Pumping Plant, where water is pumped into the California Aqueduct. The proposed project would enable the Banks plant to take advantage of high winter flows and expand pumping from 6,700 to 10,300 cubic feet per second. These surplus flows could then be stored in reservoirs south of the Delta for delivery later in the year.

The basic components of the program are:

- Three permanent flow control structures in the south Delta, one on Middle River 1/2 mile upstream of the confluence of Middle River, Trapper Slough, and North Canal; one on Old River 1/2 mile upstream of the Delta-Mendota Canal intake; and one on Grant Line Canal 1/2 mile east of Old River.
- A fish control structure on Old River 1/2 mile downstream of the confluence with San Joaquin River;
- A new intake structure at the north end of Clifton Court Forebay; and
- Dredging of approximately 5 miles of Old River, north of the forebay.

Dated: December 9, 1996.

Roger K. Patterson,

Regional Director.

BILLING CODE 4310-94-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Judgment Under the Clean Water Act

In accordance both with a court order dated November 19, 1996, and

Department Policy, 28 C.F.R. § 50.7, notice is hereby given that a proposed Consent Decree in *United States v. The Telluride Company*, Civil No. 93-K-2181 (D. Colo.), was lodged with the United States District Court for the District of Colorado on October 15, 1996.

The November 19, 1996, Court order required, among other things, that the proposed Consent Decree be published in the Federal Register in each of three consecutive weeks. This is the second of the three publications.

The proposed Consent Decree concerns alleged violations of section 301(a) of the Clean Water Act, 33 U.S.C. § 1311(a), resulting from the defendants' unauthorized filling of over 46 acres of alpine wetlands as part of their mountain resort development near Telluride, San Miguel County, Colorado. As part of the proposed Consent Decree, defendants will be required to pay a penalty of \$1.1 million dollars and to implement a 16-acre restoration project to the satisfaction of the U.S. Environmental Protection Agency. Defendants have also agreed to abide by a site-wide management plan for the continued protection and preservation of the remaining wetlands that they own. The proposed Consent Decree preserves the United States' right to appeal an earlier ruling of the Court. If the appeal is successful, defendants will be obligated to perform an additional 15-acres of wetland restoration along the San Miguel River and pay an additional penalty of \$50,000.

The Clerk of the United States District Court will receive written comments relating to the proposed Consent Decree until January 22, 1997. Comments should be addressed to James R. Manspeaker, Clerk of the District Court, United States Courthouse, 1929 Stout Street, Denver, CO 80294. Please send a copy of any comments to Robert H. Foster, U.S. Department of Justice, Environmental Defense Section, 999 18th Street, Suite 945, Denver, CO 80202. The comments should refer to *United States v. The Telluride Company* Civil No. 93-K-2181 (D. Colo.), and should also make reference to DJ # 90-5-1-4-293.

The proposed Consent Judgment may be examined at three (3) locations: (1) the Clerk's Office, United States District Court for the District of Colorado, 1929 Stout Street, Denver, CO 80295, (2) the Clerk's Office, San Miguel County Courthouse, 305 West Colorado, Telluride, CO 81435 and (3) the Clerk's Office, United States District Court for the District of Colorado, 402 Rood
