29. Clear Lake Cogeneration Limited Partnership

[Docket No. QF83-205-006]

On December 5, 1996, Clear Lake Cogeneration Limited Partnership (Clear Lake), 333 Clay Street, Suite 3200, Houston, Texas 77002 submitted for filing an application for Commission recertification as a qualifying cogeneration facility pursuant to Section 292.207(b) of the Commission's Regulations. No determination has been made that the submittal constitutes a complete filing.

According to the applicant, the facility is a 377 MW, natural gas-fueled cogeneration facility located in Pasadena, Texas. The Commission previously certified the facility as a qualifying facility in *Capitol Cogeneration Co., Ltd.*, 24 FERC ¶ 62,086 (1983). The facility consists of three combustion turbine generators and a condensing steam turbine generator. Thermal energy recovered from the facility will be used by the Clear Lake plant for its process requirements. Power from the facility is sold to

Houston Lighting & Power Company and Texas-New Mexico Power Company. According to the applicant, the instant recertification is requested to assure that the facility will remain a qualifying facility following a change in the ownership of the parent company Enron/Dominion Cogen Corp.

Comment date: 15 days after the date of publication of this notice in the Federal Register, in accordance with Standard Paragraph E at the end of this notice.

30. Cogenron Inc.

[Docket No. QF85-116-003]

On December 5, 1996, Cogenron Inc. (Cogenron), 333 Clay Street, Suite 3200, Houston, Texas 77002 submitted for filing an application for Commission recertification as a qualifying cogeneration facility pursuant to Section 292.207(b) of the Commission's Regulations. No determination has been made that the submittal constitutes a complete filing.

According to the applicant, the facility is a 450 MW, natural gas-fueled cogeneration facility located in Galveston, Texas. The Commission previously certified the facility as a qualifying facility in *Northern Cogeneration One Company*, 30 FERC ¶ 62,364 (1985). The facility consists of three combustion turbine generators and an extraction/condensing steam turbine generator. Thermal energy recovered from the facility will be used by Union Carbide Corporation chemical plant for its process requirements. Power from the facility is sold to Texas Utilities Electric Company. In Docket No. QF85-116-002, applicant filed a notice of self-certification to transfer ownership to the applicant. According to the applicant, the instant recertification is requested to assure that the facility will remain a qualifying facility following a change in the ownership of the parent company Enron/Dominion Cogen Corp.

Comment date: 15 days after the date of publication of this notice in the Federal Register, in accordance with Standard Paragraph E at the end of this notice.

31. Brooklyn Navy Yard Cogeneration Partners, L.P.

[Docket No. QF95-302-004]

On December 6, 1996, Brooklyn Navy Yard Cogeneration Partners, L.P. (Applicant), 366 Madison Avenue, Suite 1103, New York, New York 10017, submitted for filing an application for certification of a facility as a qualifying cogeneration facility pursuant to Section 292.205(b) of the Commission's Regulations. No determination has been

made that the submittal constitutes a complete filing.

According to Applicant, the natural gas-fired topping-cycle cogeneration facility is located in Kings County, Brooklyn, New York. The facility consists of two combustion turbine generators, two unfired heat recovery boilers, two extraction/condensing steam turbine generators, and related interconnection equipment. The maximum net electric power production capacity of the facility is 315 MW. Thermal energy recovered from the facility is used for space heating, water distillation and waste water treatment purposes.

Comment date: December 30, 1996, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraph

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

FOR FURTHER INFORMATION OR A COPY CALL: Sandy Farmer at EPA, (202) 260-2740, and refer to EPA ICR No. 1428.04.

SUPPLEMENTARY INFORMATION:

Title: Trade Secret Claims for Emergency Planning and Community Right-to-Know Information (OMB Control #2050-0078) expiring 02/28/97. This is a request for extension of a currently approved collection.

Abstract: Section 322 of Title III allows a facility to withhold the specific chemical identity from Title III reports required under Sections 302, 304, 311, 312 and 313 of the statute, if the facility asserts a claim of trade secrecy for that chemical identity. The provision establishes the requirements and procedures that facilities must follow to request trade secrecy treatment of chemical identities, as well as the procedures for submitting public petitions to the Agency for review of the sufficiency of trade secrecy claims.

Congress's intent in writing trade secrecy provisions under Title III was to balance industry's concern with the protection of legitimate trade secrets with communities' right-to-know chemical identification information, by establishing procedures for asserting claims, for the public to obtain review of their validity, and for an Agency claim review process which eliminates legally invalid and frivolous claims.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15. The Federal Register Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on September 30, 1996 (FRL-5618-6); Zero comments were received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 26.7 hours per response. Burden means the total time, effort, or financial resources expended

by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: 324 annually.

Estimated Number of Respondents: 324 annually.

Frequency of Response: Annually.
Estimated Total Annual Hour Burden: 8,641 hours.

Estimated Total Annualized Cost Burden: \$452,535.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1428.04, and OMB Control No. 2050-0078 in any correspondence.

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Emergency Planning and Community Right-To-Know Act (EPCRA), Community Right-To-Know Reporting Requirements, (EPCRA Sections 311.312)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Community Right-to-Know Reporting Requirements, (EPCRA sections 311/312). OMB #2050-0072, expiring January 31, 1997. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before January 21, 1997.

SUPPLEMENTARY INFORMATION:

Title: Community Right-to-Know Reporting Requirements, (EPCRA sections 311/312) (OMB #2050-0072; EPA ICR #1352.04), expiring January 31, 1997. This is a request for an extension of a currently approved collection.

Abstract: Section 311 requires that the owner or operator of any facility which is required to prepare or have available material safety data sheets (MSDSs) for a hazardous chemical under OSHA regulations shall submit an MSDS for such chemical, or a list of chemicals, to the LEPC, SERC and local fire department. This submittal allows both local emergency planners/responders and the community to have information regarding the hazards of chemicals used at the facility.

Section 312 requires the same owners and operators to annually report the inventories of the chemicals reported under section 311. EPA published two "formats" required under EPCRA. Tier I is the minimum amount of information to comply with this section. Tier II is chemical specific information and only needs to be submitted if specifically requested by the SERC or LEPC.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15.
