Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Office of the Assistant Chief Counsel, AEA-7, F.A.A. Eastern Region, Federal Building #111, John F. Kennedy International Airport, Jamaica, NY 11430. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRM's should also request a copy of Advisory Circular No. 11-2A, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace extending upward from 700 feet above the surface (AGL) at Canandaigua, NY. A GPS RWY 13 SIAP has been developed for Canandaigua Airport. Additional controlled airspace extending upward from 700 feet above the surface (AGL) is needed to accommodate this SIAP and for IFR operations at the airport. The area would be depicted on appropriate aeronautical charts. Class E airspace designations for airspace extending upward from 700 feet above the surface are published in Paragraph 6005 of FAA Order 7400.9D, dated September 4, 1996, and effective September 16, 1996, which is incorporated by reference in 14 CFR 71.1. The Class E airspace

designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854; 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 14 CFR 11.69.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9D, dated September 4, 1996, and effective September 16, 1996, is proposed to be amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

COMMODITY FUTURES TRADING COMMISSION**17 CFR Parts 1 and 5****Revised Procedures for Commission Review and Approval of Applications for Contract Market Designation and of Exchange Rules Relating to Contracts Terms and Conditions****AGENCY:** Commodity Futures Trading Commission.**ACTION:** Proposed rulemaking.

SUMMARY: On November 22, 1996, the Commodity Futures Trading Commission (Commission) published in the Federal Register a proposal to amend its procedures relating to its review and approval of applications for contract market designation and proposed exchange rules relating to contract terms and conditions (61 FR 59386). The comment period ends on December 23, 1996. These fast-track review procedures are intended further to streamline Commission review of applications for contract market designation and proposed exchange rule amendments relating to contract terms and conditions. The Commission has determined, in this instance, to extend the comment period.

DATES: Comments must be received on or before January 16, 1997.

ADDRESSES: Comments should be mailed to the Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, N.W., Washington, DC 20581, attention: Office of the Secretariat; transmitted by facsimile at (202) 418-5521; or transmitted electronically at [secretary@cftc.gov]. Reference should be made to "Fast-track Designation and Rule Approval Procedures."

FOR FURTHER INFORMATION CONTACT: Paul M. Architzel, Chief Counsel, Division of Economic Analysis, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, N.W., Washington, DC 20581, (202) 418-5260, or electronically, [PArchitzel@cftc.gov].

SUPPLEMENTARY INFORMATION: The New York Mercantile Exchange (NYMEX) has

filed a petition requesting an extension of time to submit comments on the Commission's proposed rulemaking concerning approval of applications for contract market designation and of exchange rules relating to contract terms and conditions. The Exchange requests an extension until January 16, 1997—the date that comments are to be received on the proposed rulemaking concerning the related topic of contract market review procedures for other rules (61 FR 66241, December 17, 1996). The NYMEX stated that it has spoken to representatives from the Chicago Mercantile Exchange and the Chicago Board of Trade concerning this request for an extension and that those exchanges agreed to join this request.

The Exchange stated that, since the proposed rulemakings concern similar and related issues, the issues should be considered and evaluated together and can best be addressed in one comment letter. Accordingly, the NYMEX concluded that a short delay will result in a more efficient rulemaking process.

For the reasons noted above, the Commission has determined to extend the public comment period for the subject rulemaking. The Commission believes that an extension of the comment period until January 16, 1997, would permit the NYMEX and any other interested parties fully to evaluate the proposed rulemaking and to submit their comments thereon to the Commission. The Commission cautions that the deadline for comments on the subject proposed rulemaking is independent of the deadline for comments on the proposed rulemaking concerning contract market review procedures for other rules. Any request for and Commission action on an extension of the comment period for the latter proposed rulemaking will not affect the deadline for comments on the subject proposed rulemaking.

Issued in Washington, DC on December 20, 1996.

Jean A. Webb,

Secretary of the Commission.
