

Needs and Uses: Section 19 of the Cable Television Consumer Protection and Competition Act of 1992 (1992 Cable Act) added new Section 628 to the Communications Act of 1934 (the Act). Section 628 of the Act directs the Commission to prescribe rules to prohibit exclusive contracts between cable operators and vertically integrated satellite cable and broadcast programming vendors, that prevent a multichannel video programming distributor from obtaining satellite cable or satellite broadcast programming for distribution to persons in areas served by a cable operator unless the Commission determines that the exclusive contract is in the public interest pursuant to Section 628(c)(4) of the Act. Pursuant to the legislative mandate of Section 19 of the Cable Act (Section 628(c)(2)(D) of the Act), the Commission adopted a Report and Order on April 1, 1993, in MM Docket No. 92-265, which, among other things, added new Section 76.1002(c)(5) to the Commission's rules requiring any vertically integrated programmer or any cable operator seeking to execute an exclusive contract, to seek and obtain the Commission's public interest judgement before doing so by filing a "petition for exclusivity." The information will be used by Commission staff to determine on a case-by-case basis whether particular exclusive contracts for cable television programming comply with the statutory public interest standard of Section 19 of the 1992 Cable Act and Section 628(c)(2)(D) of the Act.
