III. Loss of Active Ingredients

Unless the requests for cancellation are withdrawn, one pesticide active ingredients will no longer appear in any registered products. Those who are concerned about the potential loss of this active ingredient for pesticidal use are encouraged to work directly with the registrant to explore the possibility of their withdrawing the request for cancellation. The active ingredient is listed in the following Table 3, with the EPA Company and CAS Number.

CAS No.	Chemical Name	EPA Company No.
129-67-9	Endothall, disodium salt	007401

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to James A. Hollins, at the address given above, postmarked before June 6, 1996. This written withdrawal of the request for cancellation will apply only to the applicable 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

V. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in Federal Register No. 123, Vol. 56, dated June 26, 1991. Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a data call-in. In all cases, product-specific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold or used legally until they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product(s). Exceptions to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in Special Review actions, or where the Agency has identified significant potential risk concerns associated with a particular chemical.

SUPPLEMENTARY INFORMATION:

I. Introduction

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be amended to delete one or more uses. The Act further

provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the Federal Register. Thereafter, the Administrator may approve such a request.

II. Intent to Delete Uses

This notice announces receipt by the Agency of applications from registrants to delete uses in the three pesticide registrations listed in the following Table 1. These registrations are listed by registration number, product names, active ingredients and the specific uses deleted. Users of these products who

desire continued use on crops or sites being deleted should contact the applicable registrant before June 6, 1996 to discuss withdrawal of the applications for amendment. This 90-day period will also permit interested members of the public to intercede with registrants prior to the Agency approval of the deletion.

SUPPLEMENTARY INFORMATION:

Notice of De Minimis Settlement

In accordance with Section 122(i)(1) of CERCLA, 42 U.S.C. 9622(i)(1), notice is hereby given of proposed administrative settlements concerning the Palmerton Zinc Site in Carbon County, Pennsylvania. The administrative settlements were signed by the Regional Administrator of the United States Environmental Protection Agency, Region III, on 5/16/95 and are subject to review by the public pursuant to this Notice. The agreements were also subject to the approval of the Attorney General, United States Department of Justice or her designee.

The 12 parties agree to allow complete access to their properties by EPA and its representatives and to cooperate and not to interfere with the activities of EPA or its representatives during an ongoing response action to remove lead, cadmium and zinc contamination from their properties in Palmerton, Pennsylvania in exchange for receiving a covenant not to sue pursuant to Section 122(g) of CERCLA, 42 U.S.C. 122(g), and contribution protection pursuant to Section 113(f) of CERCLA, 42 U.S.C. 113(f). The agreements are subject to the contingency that the Environmental Protection Agency may elect not to complete the settlements based on matters brought to its attention during
