BILLING CODE 3510-22-F

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Public Hearing for the Joint **Draft Environmental Impact Statement/ Environment Impact Report (EIS/EIR)** for the Disposal and Proposed Reuse of the Fleet and Industrial Supply Center, Oakland, CA

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 as implemented by the Council on Environmental Quality regulations (40 CFR Parts 1500–1508) and the California Environmental Quality Act (CEQA) Section 15170, the Department of the Navy, in coordination with the Port of Oakland, has prepared and filed with the U.S. Environmental Protection Agency a joint Draft Environmental Impact Statement/ Environmental Impact Report (EIS/EIR) for the Navy disposal and Port of Oakland reuse of the Navy Fleet and Industrial Supply Center, Oakland (FISCO) property and structures in Oakland, California. The Navy will be the EIS lead agency for the NEPA documentation and the Port of Oakland will be the EIR lead agency for the CEQA documentation. The Federal Highway Administration is a cooperating agency for the EIS and the California Department of Transportation is a responsible agency for the EIR. FISCO is scheduled to close in September 1998 in compliance with the 1995 Base Realignment and Closure (BRAC) directive from Congress. The Draft EIS/EIR addresses the potential impacts to the environment that may result from the disposal of FISCO via special legislation (Public Law 104–106 Section 2867) to the Port of Oakland.

FISCO is within the planning jurisdiction of the Port of Oakland. The Port of Oakland Vision 2000 Program proposes development of ship, railroad, and truck freight handling facilities to meet the anticipated demand for transportation services in the San Francisco Bay area and northern California and an intermodal port of national and international commerce. The Vision 2000 Program also includes development of public waterfront access and marine habitat enhancement.

The joint EIS/EIR provides a program level analysis supporting both the Navy NEPA requirements to describe potential environmental impacts associated with the property disposal at FISCO, and the Port of Oakland CEQA requirements to analyze environmental impacts of implementing the Vision 2000 Program.

The Draft EIS/EIR evaluates a "No Action" alternative and four Port of Oakland reuse alternatives. The "No Action" alternative would result in the federal government indefinitely retaining ownership of the nonreversionary Navy property. Under the "No Action" alternative, the Navy would continue leasing the property to the Port of Oakland under the existing 50 year lease agreement allowed by Public Law 102-484.

The four reuse alternatives combine the common land use components of a railroad terminal, marine terminals, public waterfront access and marine habitat enhancement. As FISCO is within the Port of Oakland jurisdiction and is designated as a Port Priority use area in the April 1996 San Francisco **Bay Conservation and Development** Commission and the Metropolitan Transportation Commission Seaport Plan Update, these four alternatives emphasize port-related activities. The Port of Oakland Vision 2000 Program may require additional property outside the FISCO boundary in order to meet the objectives of the Program.

ADDRESSES: The Draft EIS/EIR is available for review at the following public libraries in the vicinity of FISCO: (1) West Oakland Public Library, 1801 Adeline Street, Oakland, CA; (2) Oakland Main Library, 125 14th Street, Oakland, CA; and (3) Alameda Main Library, 2264 Santa Clara Avenue, Alameda, CA. The Navy will conduct a public hearing on Tuesday, April 8, 1997, at 7:00 p.m., in the West Oakland Library, 1801 Adeline Street, Oakland, California. Federal, state and local agencies, and interested individuals are invited to be present or represented at the hearing. Oral comments will be heard and transcribed by a stenographer. To assure accuracy of the record, all comments should be submitted in writing. All comments, both oral and written, will become part of the public record in the study. In the interest of available time, each speaker will be asked to limit oral comments to five minutes. Longer comments should be summarized at the public hearing and submitted in writing either at the hearing or mailed to the address listed below.

FOR FURTHER INFORMATION CONTACT: All written comments concerning the Draft EIS/EIR must be submitted no later than April 22, 1997 to Mr. Gary J. Munekawa (Code 1852GM), Engineering Field Activity West, Naval Facilities Engineering Command, 900 Commodore Drive, San Bruno, California 94066-5006, telephone (415) 244-3022, fax (415) 244-3737. For information regarding the Port of Oakland Vision 2000 Program or the Draft EIR, please contact Ms. Loretta Meyer, Port of Oakland, Environmental Assessment Section, 530 Water Street, Oakland, California 94607, telephone (510) 272-1181, or fax (510) 465–3755. A limited number of additional Draft EIS/EIR documents are available on request.

Dated: March 18, 1997.

D.E. Koenig

LCDR, JAGC, USN, Federal Register Liaison Officer.

DEPARTMENT OF ENERGY

Multi-Purpose Pilot Plant Campus; **Expression of Interest and Comment** Request

AGENCY: U.S. Department of Energy (DOE), Savannah River (SR) Office. **ACTION:** Expressions of interest.

SUMMARY: The U.S. Department of Energy (DOE) at SR is requesting Expressions of Interest and soliciting comments on several key issues which could significantly affect the Multi-Purpose Pilot Plant Campus (MPPC, formerly known as "TNX") located at the Savannah River Site in Aiken, South Carolina. DOE is in the initial phases of executing a program to: (1) obtain a manager, operator, and marketer for the MPPC as a location for technology research, development, demonstration and commercial operations; (2) establish partnerships with industry to develop applied technologies for commercialization; and, (3) manage and operate Centers of Excellence in the program areas of soil remediation, groundwater contamination, radioecology, and (municipal) solid waste minimization.

DATES: Due April 7, 1997.

ADDRESSES: Angela M. Sistrunk, Contract Specialist, U.S. Department of Energy, Savannah River Operations Office, Contracts Management Division, P.O. Box A, Aiken, SC 29802

FOR FURTHER INFORMATION CONTACT: Angela M. Sistrunk, Contract Specialist, (803) 725-8123.

SUPPLEMENTARY INFORMATION: The potential management firm would be responsible for determining and implementing the strategy for executing a program whose objectives include the management, operation, and marketing of the facilities and equipment at the MPPC, managing the Centers of Excellence, and forming industrial partnerships to commercialize technologies with the goal of achieving self-sufficiency within three years of the commencement of the management, operation, and marketing of the MPPC. DOE-SR intends to make an award in the summer of 1997 with an expectation that the contractor would assume operations on October 1, 1997. In addition to Expressions of Interest, DOE-SR is soliciting comments on several key issues which could significantly affect the work to be performed under any ensuing contract and the structure of a Request for Proposal (RFP) covering this proposed work scope. The goal is to have the campus self-sufficient within three years. Please provide any comments you may have relative to the following: (1) How do you believe DOE could accomplish this goal and meet the purpose of the campus as well? (2) Are there any innovative approaches to accomplish this program of work that has not been described in this announcement? (3) Are there any restrictions known by you that would inhibit your submittal of a proposal to a DOE RFP covering this proposed scope of work? (4) Would you recommend that DOE-SR issue a draft RFP to prospective offerors for the purpose of soliciting constructive comments? (5) What activities would you perform at the MPPC if the revenues generated from the contract were returned to you to clean up, repair or modify MPPC facilities? It is anticipated that the names and addresses of respondents of this Request for Expressions of Interest will comprise the source list for any resulting RFP DOE may prepare. Please be advised that this source list will be provided to interested parties upon request. Please provide your comments to Angela M. Sistrunk, Contract Specialist, U.S. Department of Energy, Savannah River Operations Office, Contracts Management Division, P.O. Box A. Aiken, SC, 29802. Requests and/or comments should be received in writing or be transmitted via facsimile to (803)

725–8573. All comments should be provided no later than April 7, 1997. **Ronald D. Simpson**,

Head of Contracting Activity Contracts Management Division Savannah River Operations Office.

[Docket Nos. ER97-707-000 and ER97-705-000]

Consolidated Edison of New York, Inc. and ProMark Energy, Inc.; Notice of Issuance of Order

March 17, 1997.

Consolidated Edison of New York, Inc. (ConEd) and ProMark Energy, Inc. (ProMark) (collectively, Applicants), its affiliated power marketer, filed separate applications to sell power at market based rates. ProMark also requested certain waivers and authorizations. In particular, ProMark requested that the Commission granted blanket approval under 18 CFR part 34 of all future issuances and assumptions of liabilities by the ProMark. On March 14, 1997, the Commission issued an Order Conditionally Accepting For Filing Proposed Market-Based Rates, **Establishing Hearing Procedures And** Consolidating Proceedings (Order), in the above-docketed proceedings.

The Commission's March 14, 1997 Order granted the request for blanket approval under part 34, subject to the conditions found in Ordering paragraphs (G), (H), and (J):

(G) Within 30 days of the date of this order, any person desiring to be heard or to protest the Commission's blanket

approval of issuances of securities or assumptions of liabilities by ProMark should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 and 385.214.

- (H) Absent a request to be heard within the period set forth in Ordering Paragraph (G) above, ProMark is hereby authorized, pursuant to section 204 of the FPA, to issue securities and assume obligations and liabilities as guarantor, endorser, surety, or otherwise in respect of any security of another person; provided that such issued or assumption is for some lawful object within the corporate purposes of ProMark, compatible with the public interest, and reasonably necessary or appropriate for such purposes.
- (J) The Commission reserves the right to modify this order to require a further showing that neither public nor private interests will be adversely affected by continued Commission approval of ProMark's issuances of securities or assumptions of liabilities. * * *

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is April 14, 1997.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426.

Linwood A. Watson, Jr.,

Acting Secretary.
