DEPARTMENT OF THE INTERIOR

National Park Service

Submission of Study Package to Office of Management and Budget Review Opportunity for Public Comment

AGENCY: National Park Service; Bryce Canyon National Park; Grand Teton National Park; Lincoln Boyhood National Memorial; Lowell National Historical Park; Voyageurs National Park, Interior.

ACTION: Notice and request for comments.

ABSTRACT: The National Park Service (NPS) Visitor Services Project and five parks (Bryce Canyon National Park in Utah; Grand Teton National Park in Wyoming; Lincoln Boyhood National Memorial in Indiana; Lowell National Historical Park in Massachusetts; Voyageurs National Park in Minnesota) propose to conduct visitor surveys to learn about visitor demographics and visitor opinions about services and facilities in each of these five parks. The results of the surveys will be used by park managers to improve the services they provide to visitors while better protecting park natural and cultural resources. Study packages that include the proposed survey questionnaires for these five proposed park studies have been submitted to the Office of Management and Budget for review.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the NPS invites public comment on these five proposed information collection requests (ICR). Comments are invited on: (1) The need for the information including whether the information has practical utility; (2) the accuracy of the reporting burden estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms or information technology.

The purpose of the five proposed ICRs is to document the demographics of visitors to the five parks, to learn about the motivations and expectations these visitors have for their park visits, and to obtain their opinions regarding services provided by the five parks and the suitability of the visitor facilities maintained in the five parks. This information will be used by park planners and managers to plan, develop, and operate visitor services and facilities in ways that maximize use of

limited park financial and personnel resources to meet the expectations and desires of park visitors.

There were no public comments received as a result of publishing in the **Federal Register** a 60 day notice of intention to request clearance of information collection for these five surveys.

DATES: Public comments will be accepted on or until May 19, 1997.

SEND COMMENTS TO: Office of Information and Regulatory Affairs of OMB, Attention Desk Officer for the Interior Department, Office of Management and Budget, Washington, DC 20503; and also to: Margaret Littlejohn; Cooperative Park Studies Unit; Department of Forest Resources; College of Forestry, Wildlife and Range Sciences; University of Idaho; Moscow, ID 83844-1133.

FOR FURTHER INFORMATION OR A COPY OF THE QUESTIONNAIRE SUBMITTED FOR OMB REVIEW, CONTACT: Margaret Littlejohn, 208-885-7863.
