[CGD01-97-009]

**Special Local Regulation: Fireworks Displays Within the First Coast Guard District**

**AGENCY:** Coast Guard, DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard proposes to revise the special local regulation for annual fireworks displays in the First Coast Guard District. The revision will include additional fireworks displays, and arrange the events listed in Table 1 by order of event date. This regulation is necessary to control vessel traffic within the immediate vicinity of the fireworks launch sites and to ensure the safety of life and property during each event.

**DATES:** Comments must be received on or before May 21, 1997.

**ADDRESSES:** Comments should be mailed to Commander (osr), First Coast Guard District, Captain John Foster Williams Federal Building, 408 Atlantic Ave., Boston, MA 02110-3350, or may be hand delivered to Room 734 at the same address, between 8 a.m. and 4 p.m., Monday through Friday, except federal holidays. Comments will become part of this docket and will be available for inspection or copying at the above address.

**FOR FURTHER INFORMATION CONTACT:** Lieutenant Commander J.B. Donovan, Office of Search and Rescue, First Coast Guard District, (617) 223-8278.

**SUPPLEMENTARY INFORMATION:****Request for Comments**

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, or arguments. Each person submitting comments should include their name and address, identify this notice (CGD01-97-009), the specific section of the proposal to which each comment applies, and give the reason for each comment. Persons requesting acknowledgment of receipt of comments should enclose a stamped, self-addressed postcard or envelope. All comments received during the comment period will be considered by the Coast Guard and may change this proposal.

The Coast Guard has no plans to hold a public hearing. Persons may request a public hearing by writing to Commander (osr), First Coast Guard District at the address under **ADDRESSES**.

The request should include reasons why a hearing would be beneficial. If the Coast Guard determines that oral presentations will aid this rulemaking, it will hold a public hearing at a time and place announced by a later notice in the **Federal Register**. Good cause exists for providing a comment period of less than 60 days. Due to the date final information was available concerning these events, the Coast Guard was unable to publish this NPRM in time to provide a longer comment period. Due to the need to revise Table 1 in order to regulate events occurring in May, additional notice would be impracticable, unnecessary, and contrary to the public interest.

**Discussion of Proposed Amendments**

Each year, organizations in the First District sponsor fireworks displays in the same location during the same general time period. 33 CFR 100.114 provides special local regulations to ensure the safety of these events. Table 1 of 33 CFR 100.114 provides approximate dates and locations for these annual fireworks events. Each event uses a barge or on-shore site as the fireworks launch platform. The special local regulations control vessel movement within a 500 yard radius around the launch platforms to ensure the safety of persons and property. Coast Guard personnel on-scene may allow persons within the 500 yard radius should conditions permit. The Coast Guard publishes notices in the **Federal Register** which provide the exact dates and times for these events.

The Coast Guard proposes to revise the special local regulation in Section 100.114 by adding and deleting several fireworks displays. The revised list of events is based on input received from organizations throughout the First District. The Coast Guard also proposes to revise Table 1 to list the events in chronological order to ease administration of the events by the Coast Guard and to provide better notice to the public.

The Coast Guard proposes to add the following fireworks displays to Table 1:

### Regulatory Evaluation

This proposal is not a significant regulatory action under Executive Order 12866 and does not require an

assessment of potential costs and benefits under section 6(a)(3) of that order. It has not been reviewed by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). Due to the short duration of each fireworks display, the advance notice provided to the marine community, and the small size of each regulated area, the Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation, under paragraph 10e of the regulatory policies and procedures of DOT, is unnecessary.

### Small Entities

The Coast Guard has considered the economic impact of this rule on small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) For the reasons discussed in the Regulatory Evaluation, the Coast Guard has determined that this rule will have no significant economic impact on small entities. If however, you think that your business or organization qualifies as a small entity and that this rule will have a significant economic impact on your business or organization, please submit a comment (see ADDRESSES) explaining why you think it qualifies and in what way and to what degree this rule will economically affect it.

### Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

### Federalism

The Coast Guard has analyzed this proposal under the principles and criteria contained in Executive Order 12612 and has determined that this proposal does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

### Environment

The Coast Guard has considered the environmental impacts of this proposal and concluded that, under paragraph 2.B.2.e.34(h) of COMDTINST 16475.1B, (as revised by 61 FR 13564, March 27, 1996) this proposal is a special local regulation issued in conjunction with annual regattas or marine parades and is categorically excluded from further environmental documentation.
