Science Advisory Board; Notice of Public Teleconference Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Science Advisory Board's (SAB) Advisory Council on Clean Air Compliance Analysis (ACCACA, or the "Council") and its Air Quality Models Subcommittee (AQMS) will hold three public teleconference meetings on the dates and times described below. All meetings are open to the public, however, the number of available phone lines is limited. All times noted are Eastern Time. For further information concerning the specific meetings described in this notice, please contact the individuals listed below. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from the SAB Office (see information provided below). These teleconferences are a follow-up to earlier Council discussions held on November 7 & 8, 1996 concerning the 1990 Clean Air Act (CAA) Section 812 Retrospective and Prospective Studies (See 61 FR 54196, Thursday, October 17, 1996, and 62 FR 10045, Wednesday, March 5, 1997, for further information).

1. Air Quality Models Subcommittee

The Air Quality Models Subcommittee (AQMS) of the Advisory Council on Clean Air Compliance Analysis (ACCACA, or "the Council") will conduct a public teleconference meeting on Monday, May 5, 1997, between the hours of 11:00 a.m. and 1:00 p.m. Eastern Time. The meeting will be coordinated through a conference call connection in Room 2103 of the Mall at the U.S. Environmental Protection Agency, 401 M Street SW, Washington, DC 20460. The public is welcome to attend the meeting physically or through a telephonic link. Additional instructions about how to participate in the conference call can be obtained by calling Ms. Diana L. Pozun at (202) 260-8414 prior to the meeting.

In this meeting the AQMS plans to review the draft documents pertaining to the Clean Air Act (CAA) Section 812 Prospective Study emissions modeling assumptions, methodology, results and documentation. In a previous public teleconference meeting of the Council on March 14, 1997 (See 61 FR 54196, Thursday, October 17, 1996, and 62 FR 10045, Wednesday, March 5, 1997 for

further information), the Council advised the Agency staff that the AQMS should review the emissions modeling information before proceeding to conduct any model runs. This forthcoming May 5, 1997 public teleconference of the AQMS is for this purpose.

Any member of the public wishing further information concerning the meeting or who wishes to submit comments should contact Dr. K. Jack Kooyoomjian, Designated Federal Official for the AQMS of the Council, Science Advisory Board (1400), U.S. Environmental Protection Agency, Washington DC 20460; telephone (202) 260-2560; FAX (202) 260-7118; or via the INTERNET at kooyoomjian.jack@epamail.epa.gov.

2. Advisory Council on Clean Air Compliance Analysis

The Advisory Council on Clean Air Compliance Analysis (ACCACA, or the "Council") of the Science Advisory Board (SAB) plans to hold two public teleconference meetings on the dates and times described below.

(a) *Thursday, May 15, 1997 (11:00 am to 2:00 pm): Prospective Study and Retrospective Study:* The major topic planned for this teleconference is review of the Retrospective Study closure issues. The Council is anticipating receiving a completely revised text of the Clean Air Act (CAA) Section 812 Retrospective Study in April, 1997. The Council anticipates that review of this draft document will be the major topic of the teleconference. If additional time is available, the Council may also discuss the emissions estimates, modeling assumptions, methodology, results and documentation. The revised draft Retrospective Study document, dated April, 1997 is not available from the Science Advisory Board, but may be obtained by contacting Ms. Michelle Olawuyi (see below for ordering information). The Prospective Study emissions estimates draft documents are available from Mr. James DeMocker, Office of Air and Radiation (see below for ordering information).

(b) *Friday, May 16, 1997 (11:00 a.m. to 2:00 p.m.): Prospective Study and Retrospective Study:* The major topics for this teleconference are to complete review of the Prospective Study emissions modeling assumptions, methodology, results and documentation (if more time is needed after the discussions of May 15), and to complete closure review on the Retrospective Study issues. The timing of which specific issues are to be discussed at each teleconference will be

planned at the previous (May 15, 1997) teleconference. The Council identified a number of Retrospective Study issue areas, some of which are listed here as follows: valuation of bronchitis and heart disease; presentation of baseline ("but for" issues, that is, but for the presence of the 1990 Clean Air Act), choice of study for estimating PM-related mortality (includes physical effects); costs (operations and maintenance costs, cost-of-clean, etc.); ecological effects; valuing changes in intelligence quotient (IQ) issues; presentation of life years lost calculations (life years remaining issue); methodological effects; morbidity effects by age; and research needs. Other related issues are planned to be discussed as time permits.

Please contact the SAB staff (see below) to determine the logistics and details of the individual public teleconference meetings, or if the later planned meetings will be necessary.

To discuss technical aspects or obtain copies of the draft documents pertaining to the CAA Section 812 Prospective Study emissions estimates, or the Appendices and select text edits for the Retrospective Study, please contact Mr. James DeMocker, Office of Policy Analysis and Review (OAR) (MC 6103), US Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460. Tel. (202) 260-8980; FAX (202) 260-9766, or via the Internet at: democker.jim@epamail.epa.gov. Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board (SAB) expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, opportunities for oral comment at teleconference meetings will be usually limited to three minutes per speaker and no more than fifteen minutes total. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date (usually one week prior to a meeting), may be mailed to the Council prior to its meeting; comments received too close to the meeting date will normally be provided to the Council at its meeting, except for teleconferences, where brief written materials may be FAXed to the participants, with more detailed or lengthy materials received too close to the teleconference to be mailed to the Council or its appropriate subcommittee participants shortly after the teleconference. Written comments may be provided up until the time of the meeting.
