

return it to the Maritime Administration.

Abstract: The collection consists of form MA-832 to gather information, including shipyard orderbook and shipyard employment of production workers distributed by various categories of work in the shipyards by calendar year and quarter as well as projections for firm work in the same categories. Also included is information on schedule of current orderbook construction dates providing details by ship type.

Need: The collected information is necessary to perform the reviews required by sections 210 and 211 of the Merchant Marine Act, 1936, as amended.

Estimated Annual Burden: 100 hours. Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention MARAD Desk Officer.

Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on April 18, 1997.

Vanester M. Williams,

Clearance Officer, United States Department of Transportation.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Intent To Rule on Application To Use the Revenue From a Passenger Facility Charge (PFC) at the Jacksonville International Airport, Jacksonville, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to use the revenue from a PFC at the Jacksonville International Airport under the provisions of the

Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101-508) and Part 158 of the Federal Aviation Regulations (14 CFR Part 158).

DATES: Comments must be received on or before May 27, 1997.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Orlando Airports District Office, 5950 Hazeltine National Dr., Suite 400, Orlando Florida 32822.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. John Clark, Aviation Vice President, of the Jacksonville Port Authority at the following address: Jacksonville Port Authority, Post Office Box 3005, 2831 Talleyrand Avenue, Jacksonville, FL 32206-0005.

Air carriers and foreign air carriers may submit copies of written comments previously provided to the Jacksonville Port Authority under section 158.23 of Part 158.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Owen, Project Manager, Orlando Airports District Office, 5950 Hazeltine National Dr., Suite 400, Orlando Florida 32822, 407-812-6331. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application to use revenue from a PFC at the Jacksonville International Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101-508) and Part 158 of the Federal Aviation Regulations (14 CFR Part 158).

On April 15, 1997, the FAA determined that the application to use the revenue from a PFC submitted by the Jacksonville Port Authority was substantially complete within the requirements of section 158.25 of Part 158. The FAA will approve or disapprove the application, in whole or in part, no later than July 22, 1997.

The following is a brief overview of PFC Application No. 97-03-U-00-JAX. *Level of the proposed PFC:* \$3.00.

Proposed charge effective date:

October 1, 1996.

Proposed charge expiration date: July 1, 2001.

Total estimated PFC revenue: \$10,567,500.

Brief description of proposed projects:

- Clear obstructions in proximity to Runways 7/25 and 13/31.

- Reconstruct approximately 285,600 square yards of deteriorated airfield pavement.

- Construct the necessary airfield drainage improvements to comply with federal stormwater discharge requirements.

Class or classes of air carriers which the public agency has requested not be required to collect PFCs: The public agency did not request to have any class or classes of air carriers excluded from collecting PFCs.

Any person may inspect the application in person at the FAA office listed above under "FOR FURTHER INFORMATION CONTACT."

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Jacksonville Port Authority.

Issued in Orlando, Florida on April 17, 1997.

John W. Reynolds, Jr.,

Assistant Manager, Orlando Airports District Office, Southern Region.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[FRA Docket No. LI-96-4]

Petition for Extension of Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for an extension of a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Boone & Scenic Valley Railroad

Waiver Petition Docket Number: LI-96-4

The Boone & Scenic Valley Railroad (BSV) seeks a one year conditional extension waiver of compliance from certain sections of Title 49 CFR Part 230.23, *Locomotive Inspection—Method of Testing Flexible Staybolts with Caps*, for its steam locomotive JS 8419, built in China in 1989. It weighs 418,210 pounds, including the tender, and has 56,770 pounds tractive effort. This is a coal burning boiler equipped with a stoker. The boiler has 80-2 inch diameter flues and 50-5¼ inch diameter superheater flues.

Locomotive JS 8419 was purchased new by BSV and has been used only by BSV in tourist train service. This locomotive has travelled an estimated 12,600 miles since being placed in service in May 1990. The boiler staybolts are welded in place.

BSV has been granted a conditional waiver, Docket No. LI-92-3, to operate locomotive JS 8419 in compliance with 49 CFR Section 229.31 in lieu of 49 CFR Section 230.108 for the main reservoirs. In December 1992, BSV requested FRA to allow it to extend the time interval for the removal of the caps and examination of the flexible staybolts from two years as required by Section 230.23 of the steam locomotive inspection rules to five years. This is the first one year extension request for the removal of caps from flexible staybolts. The last removal of the caps was done in May

1994. No broken flexible staybolts were found during the last inspection.

The inspection of the fire box, smoke box, boiler interior and exterior, locomotive running gear, and tender show no obvious deficiencies or defects. No vandalism has been reported.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number LI-96-4) and must be submitted in triplicate to the Docket Clerk, Office of Chief Counsel, FRA, Nassif Building, 400 Seventh Street, SW, Washington, DC 20590. Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.-5 p.m.) at FRA's temporary docket room located at 1120 Vermont Avenue, NW, Room 7051, Washington, DC 20005.

Issued in Washington, D.C. on March 31, 1997.

Phil Olekszyk,

Deputy Associate Administrator for Safety Compliance and Program Implementation.
