[Docket No. 97-3]

Copyright Restoration of Works in Accordance With the Uruguay Round Agreements Act; List Identifying Copyrights Restored Under the Uruguay Round Agreements Act for Which Notices of Intent to Enforce Restored Copyrights Were Filed in the Copyright Office**AGENCY:** Copyright Office, Library of Congress.**ACTION:** Publication of Fourth List of Notices of Intent to Enforce Copyrights Restored Under the Uruguay Round Agreements Act.**SUMMARY:** The Copyright Office is publishing its fourth list of restored copyrights for which it has received and processed Notices of Intent to Enforce a copyright restored under the Uruguay Round Agreements Act. Publication of the lists creates a record for the public to identify copyright owners and works whose copyright has been restored for which Notices of Intent to Enforce have been filed with the Copyright Office.**EFFECTIVE DATE:** April 25, 1997.**FOR FURTHER INFORMATION CONTACT:** Nanette Petruzzelli, Acting General Counsel, or Charlotte Douglass, Principal Legal Advisor to the General Counsel, Copyright GC/I&R, Post Office Box 70400, Southwest Station, Washington, D.C. 20024. Telephone: (202) 707-8380. Telefax: (202) 707-8366.**SUPPLEMENTARY INFORMATION:****I. Background**

The Uruguay Round General Agreement on Tariffs and Trade and the Uruguay Round Agreements Act (URAA) (Pub. L. 103-465; 108 Stat. 4809 (1994)) provide for the restoration of copyright in certain works that were in the public domain in the United States. Under section 104A of title 17¹ of the United States Code as provided by the URAA, copyright protection was restored on January 1, 1996, in certain works by foreign nationals or domiciliaries of World Trade Organization (WTO) or Berne countries that were not protected under the

copyright law for the reasons listed below in (2). Specifically, for restoration of copyright, a work must be an original work of authorship that:

(1) is not in the public domain in its source country through expiration of term of protection;

(2) is in the public domain in the United States due to:

(i) noncompliance with formalities imposed at any time by United States copyright law, including failure of renewal, publishing the work without a proper notice, or failure to comply with any manufacturing requirements;

(ii) lack of subject matter protection in the case of sound recordings fixed before February 15, 1972; or

(iii) lack of national eligibility (e.g., the work is from a country with which the United States did not have copyright relations at the time of the work's publication); and

(3) has at least one author (or in the case of sound recordings, rightholder) who was, at the time the work was created, a national or domiciliary of an eligible country. If the work was published, it must have been first published in an eligible country and not published in the United States within 30 days of first publication. See 17 U.S.C. 104A(h)(6). A work meeting these requirements is protected "for the remainder of the term of copyright that the work would have otherwise been granted in the United States if the work never entered the public domain in the United States." 17 U.S.C. 104A(a)(1)(B).

Although the copyright owner may immediately enforce the restored copyright against individuals who infringe his or her rights on or after the effective date of restoration, the copyright owner's right to enforce the restored copyright is delayed against reliance parties. Typically, a reliance party is one who was already using the work before December 8, 1994, the date the URAA was enacted. See 17 U.S.C. 104A(h)(4). Before a copyright owner can enforce a restored copyright against a reliance party, the copyright owner must file a Notice of Intent (NIE) with the Copyright Office or serve an NIE on such a party.

An NIE may be filed in the Copyright Office within two years of the date of restoration of copyright. Alternatively, an NIE may be served on an individual reliance party at any time during the term of copyright; however, such notices are effective only against the party served and those who have actual knowledge of the notice and its contents. NIEs appropriately filed with the Copyright Office and published herein serve as constructive notice to all reliance parties.

II. Administrative Processing

Pursuant to the URAA, the Office is publishing its fourth four-month list identifying restored works for notices of intent to enforce a restored copyright filed with the Office. 17 U.S.C.

104A(e)(1)(B). The earlier lists were published on May 1, 1996, August 30, 1996, and December 27, 1996. 61 FR 19372 (May 1, 1996), 61 FR 46134 (Aug. 30, 1996), and 61 FR 68454 (Dec. 27, 1996). We have published only the names of the owners and the titles listed in the NIEs because that is all that is required by law. The funds needed to include any additional information are not available. The NIEs listed herein are those entered into the public records of the Office between December 6, 1996, and April 11, 1997. To allow for processing NIE information, the Office closes the record for publication approximately two weeks before publication. Accordingly, the cutoff date for publication in the fifth NIE list on August 22, 1997, will be on or about August 8. The cutoff date for publication of the sixth NIE list on December 19, 1997, will be on or about December 5. NIEs received in the Office after this cutoff date and on or before December 31, 1997, will be published on the seventh NIE list appearing in the **Federal Register**. The Copyright Office will not publish title and ownership information from an NIE received in the Office after expiry of the 24-month period beginning on the date of restoration of that particular work, as reflected by the source country given on the NIE. See 17 U.S.C. 104A(d)(2)(1994).

III. On-line Availability of NIE Lists

Using the information provided herein, one may search the Office's database to obtain additional information about a particular NIE. NIEs are located in what is known as the Copyright Office History Documents (COHD) file. This file is available from computer terminals located in the Copyright Office itself or from terminals located in other parts of the Library of Congress through the Library of Congress Information System (LOCIS). Alternative ways to connect through Internet are (i) the World Wide Web (WWW), using the Copyright Office Home Page at: <http://www.loc.gov/copyright/>; (ii) connect directly to LOCIS through the telnet address at locis.loc.gov; or (iii) use the Library of Congress gopher LC MARVEL at: marvel.loc.gov port 70. LC MARVEL and WWW are available 24 hours a day. LOCIS is available 24 hours a day Monday through Friday, Eastern Time; Saturday, until 5 p.m.; and Sunday after

¹ The URAA's amendment of 17 U.S.C. 104A replaces section 104A under the North American Free Trade Agreement Implementation Act (Pub. L. No. 103-182, 107 Stat. 2057, 2115 (1993)). The Uruguay Round Trade Agreements, Texts of Agreements, Implementing Bill, Statement of Administrative Action, and Required Supporting Statements, H.R. Doc. No. 316, 103d Cong., 2d Sess. 324 (1994). See 60 FR 50414 (Sept. 29, 1995).

11 a.m.² Information available online includes: the title or brief description if untitled; an English translation of the title; the alternative titles if any; the name of the copyright owner or owner of one or more exclusive rights, the date of receipt of the NIE in the Copyright Office; the date of publication in the **Federal Register**; and the address, telephone and telefax number of the copyright owner. If given on the NIE, the online information will also include the author, the type of work, and the rights covered by the notice. See 37 CFR 201.33(f). For the purpose of researching the full Office record of NIEs on the Internet, the Office has made online searching instructions accessible through the Copyright Office Home Page. Researchers can access them through the Library of Congress Home Page on the World Wide Web by selecting the copyright link. Select the menu item "Copyright Office Records" and/or "URAA, GATT Amends U.S. law." Finally, images of the complete NIEs as filed are on optical disc and available from the Copyright Office.

The following restored works are listed alphabetically by copyright owner; multiple works owned by a particular copyright owner are listed alphabetically by title. Works having more than one copyright proprietor are listed under the first owner and cross-referenced to the succeeding owner(s). A cross-reference to the composite owner (e.g., Title I owned by "A B & C") will state, "SEE A B & C" at the listing for each individual owner, (e.g., for Owner A, for Owner B and for Owner C).
