#### Columbia Gas Transmission Corporation; Notice of Request Under Blanket Authorization

January 9, 1997.

Take notice that on January 7, 1994, Columbia Gas Transmission Corporation (Columbia), 1700 MacCorkle Avenue, S.E., Charleston, West Virginia 25314-1599, filed in Docket No. CP97-184-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to construct and operate a new point of delivery to Columbia Gas of Ohio, Inc. (COH) in Muskingum County, Ohio and to reassign a portion of the Maximum Daily Delivery

Obligation (MDDOs) from an existing point of delivery to COH to the proposed point of delivery under Columbia's blanket certificate issued in Docket No. CP83-76-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Columbia proposes to construct and operate a new point of delivery for firm transportation service of 120 Dth/day for COH under Columbia's Rate Schedule SST. Columbia states that the quantities of natural gas to be provided through the new delivery point will be within Columbia's authorized level of services.

Columbia estimates the cost to construct the new point of delivery as \$7,500 and states that COH will reimburse it 100% of the total actual cost of the proposed construction.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 15.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. **[Docket No. CP97-176-000]**

**Columbia Gas Transmission Corporation; Notice of Application**

January 10, 1997.

Take notice that on December 31, 1996, Columbia Gas Transmission Corporation (Columbia), 1700 MacCorkle Avenue, S.E., Charleston, West Virginia 25314-1599, filed in Docket No. CP97-176-000 an application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act for permission and approval to abandon pipeline facilities in the Terra Alta Storage Field located in Preston County, West Virginia, and to construct and operate replacement facilities, all as more fully set forth in the application

on file with the Commission and open to public inspection.

Columbia proposes to abandon 2.9 miles of various diameter segments of storage pipeline and appurtenances and to replace them with 2.6 miles of various diameter segments of pipeline and appurtenances. Columbia estimates the cost of the replacement at \$2,394,700, with a net debit to accumulated provisions for depreciation for the abandoned facilities of \$462,816. It is stated that the proposal is part of Columbia's ongoing program of upgrading its storage fields to ensure reliable operation of its pipeline system. It is asserted that the proposal will not affect the reservoir performance of the storage field or deliveries and that Columbia is not requesting authorization for any new or additional service.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 31, 1997, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

unnecessary for Columbia to appear or be represented at the hearing.
