#### Sea Robin Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

May 2, 1997.

Take notice that on April 29, 1997, Sea Robin Pipeline Company (Sea Robin) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the revised tariff sheets set forth on Appendix A to the filing, pursuant to Section 4 of the Natural Gas Act in compliance with the Commission's March 3, 1997, Order in Docket No. RP97-224 to become effective November 1, 1997.

On July 17, 1996, the Commission issued Order No. 587 in Docket No. RM96-1-000 which revised the Commission's Regulations governing interstate natural gas pipelines to require such pipelines to follow certain standardized business practices issued by the Gas Industry Standards Board (GISB) and adopted by the Commission in Order No. 587, 18 CFR 284.10(b). The standards govern certain aspects of the following practices of natural gas pipelines: nominations, allocations, balancing, measurement, invoicing, and capacity release. On January 3, 1997, Sea Robin made its compliance filing submitting pro forma tariff sheets to

comply with Order No. 587 in Docket No. RP97-224. On March 3, 1997 filing.

The March 3, Order required Sea Robin to file to implement a pooling service on its system effective June 1, 1997. The tariff sheets filed by Sea Robin set for the terms and conditions under which Sea Robin proposes to implement a pooling service on its system. Sea Robin does not propose to charge a rate for such service at this time, although it reserves the right to file with the Commission under Section 4 of the Natural Gas Act to implement a specific rate for the service. In conjunction with the proposed pooling service, Sea Robin proposes to change its methodology for scheduling interruptible transportation service in the event of a capacity constraint on the system. Currently, Sea Robin's tariff provides for a last-on, first-off priority based on the Valid Date of the Service Agreement.

Sea Robin proposes to change this methodology to pro rata for all interruptible services. In addition, Sea Robin proposes to make some clarifications to the manner in which it calculates the Monthly Index Price used for cashing out imbalances under Section 6 of the General Terms and Conditions of its Tariff.

Sea Robin has requested a waiver of the March 3 Order to place the pooling service into effect November 1, 1997, because it does not have the capability to make the necessary programming changes to implement the service by June 1, 1997.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedures. All such motions and protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

#### Texas Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

May 2, 1997.

Take notice that on April 30, 1997, Texas Gas Transmission Corporation (Texas Gas) tendered for filing, pursuant to Section 4 of the Natural Gas Act, changes to its FERC Gas Tariff, First Revised Volume No. 1 and Original Volume No. 2. These changes are reflected in the tariff sheets identified in Appendix A to the filing, with an effective date of June 1, 1997.

Texas Gas states that the proposed general rate case changes would increase revenues from jurisdictional transportation services by approximately \$70.9 million, based on the twelve-month period ended January 31, 1997, as adjusted, compared with the underlying rates.

Texas Gas states that the adjustments in rates are attributable to:

- (1) An increase in the utility rate base;
- (2) Increases in operating expense;
- (3) Increase in rate of return and related taxes; and
- (4) Revised system rate design quantities.

Texas Gas further states that it has served copies of this filing upon the company's jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protect said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.W., Washington, D.C., in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such petitions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to the proceeding must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
