

Office of Public Affairs, National Park Service, Department of Interior, 18th and C Streets NW, Washington, DC 20240, Telephone: (202) 208-6843

SUPPLEMENTARY INFORMATION: The FEIS/GMP analyzes two alternatives which are being considered to direct the management and development of Natural Bridges National Monument.

The alternatives include: (1) No Action—Under this alternative, existing facilities and management actions would remain unchanged; (2) Proposed Plan—Under the proposal, the administrative/visitor center would be expanded to provide 900-1,400 square feet of office and sales space; removal and rehabilitation of a small picnic area, the addition of a comfort station and benches for visitor comfort along the loop road; the addition of housing for 12 future employees; redesign of the visitor center parking area to improve vehicular circulation; and the addition of a garage and storage building in the maintenance area.

The FEIS/GMP in particular evaluates the environmental consequences of the proposed action and proposal on water resources, flood plains, wetlands, geology, soils, vegetation, wildlife, threatened and endangered species, air quality, visual resources, cultural resources, ethnographic resources, visitor use, interpretation, socioeconomic data, health and safety, law enforcement, other agencies, management and operations, and cumulative impacts. The environmental consequences of the proposal and no-action alternative considered are fully disclosed in the FEIS/GMP/DCP.

FOR FURTHER INFORMATION CONTACT: Superintendent, Natural Bridges National Monument, at the above address and telephone number.

Ron Everhart,

Regional Director, Intermountain Region, National Park Service.
